(3) Was the firing by the Central Reserve Police justified;

(4) If the answer to (3) above is in the negative, who were the persons responsible for the unjustified firing and what action should be taken against them;

(5) (a) What were the circumstances leading to the causing of damage to the Government properties and records and what are the nature and extent of such damage;

(b) Who were the persons responsible for causing such damage;

(6) Any other matter relevant or incidental to the above questions which the Commission may deem fit and proper to investigate.

MUKHERJI INQUIRY COMMISSION

Constituted under Home (Political) Department notification No. 7159P, dated the 30th August 1974

Regarding: Incidents in Cooch Behar town on the 27th August 1974, involving death of one person by firing resorted to by the C.R.P. and large-scale destruction of Government property and offices by arson

REPORT

Introduction

1. On the 27th August 1974, a little before 2 p.m. a bus of the N.B.S.T. Corporation was running along the Silver Jubilee Road in the town of Cooch Behar on its way to Siliguri. As it came to the crossing of that road with the Jitendra Narayan Road, it was involved in a minor collision with a police van, which was carrying nine members of the Central Reserve Police Force including one Havildar, to the Cooch Behar College where they were placed on duty in connection with an examination that was being held there. After the accident both the bus as well as the van stopped and the C.R.P. men are alleged to have got down from the van, assaulted the driver and two other staff of the N.B.S.T.C. who were travelling in that bus and also the passengers therein. The crowd that is alleged to have gathered there is stated to have got excited, assaulted the C.R.P. men and attempted to snatch away the rifle from one of them. That constable is stated to have somehow extricated his rifle and then opened fire to save his life and rifle, resulting in a teacher of a school close by being hit. The teacher, Shri Sankar Prasad Chakravarty, died at the hospital next day.

2. Shortly after this incident a crowd of young boys was found raiding the Government offices and courts which are all situated on the four sides of a tank in the town known as Sagardighi and these offices and court building were set on fire. That fire completely gutted some of the buildings as well as the Bar Association building and the Income-tax office building which stands at some distance to the east of Sagardighi. All records, furniture and fittings in the offices concerned were completely destroyed. Some of the other office buildings were badly damaged by the fire.

3. The incidents roused a good deal of public feeling and the Government immediately decided that the matter was of sufficient importance to merit a public enquiry and being satisfied that such an enquiry should be held in the interest of good governance of the State and in public interest, directed by notification No. 7159P, dated the 30th August 1974, that an enquiry be held into the incidents under the Commissions of Inquiry Act, 1952, with the following terms of reference:—

(1) What were the causes which led to the incident at the Cooch Behar town in the district of Cooch Behar on the 27th August 1974 in which the Central Reserve Police opened fire resulting in injury to two persons, one of whom subsequently succumbed to such injuries;

(2) What was the nature and extent of the incident;

(3) Was the firing by the Central Reserve Police justified;

(4) If the answer to (3) above is in the negative, who were the persons responsible for the unjustified firing and what action should be taken against them;

(5) (a) What were the circumstances leading to the causing of damage to the Government properties and records and what are the nature and extent of such damage;

(b) Who were the persons responsible for causing such damage;

(6) Any other matter relevant or incidental to the above questions which the Commission may deem fit and proper to investigate.

4. I was appointed to hold the enquiry.

5. Notifications were issued inviting statements from the interested public and affected persons and seven statements were received from—

(1) The Central Reserve Police Force.

(2) The Head Master of the Jenkins School, a teacher whereof was the victim of police firing.

(3) The Jenkins School Unit of the West Bengal Government School Teachers' Association.

(4) The Cooch Behar District Congress.

(5) The Cooch Behar Bar Association.

(6) The District Administration.

(7) The Cooch Behar Co-operative Land Development Bank.

6. The Commission held public sittings at Cooch Behar between the 23rd September 1974 and the 3rd January 1975 at intervals to suit the convenience of the parties and 55 witnesses in all were examined. Six more sittings were held in Calcutta for hearing arguments and the enquiry was concluded on the 18th January 1975.

Incidents on the 27th August 1974

7. The incidents comprise two parts—first, one involving a collision between a State bus and a police van at the crossing of the Silver Jubilee Road and the Jitendra Narayan Road on the north-east corner whereof stands the Jenkins School, which generated a disturbance culminating in a firing and loss of life; and second, one involving destruction of Government buildings and property by arson in the Sagardighi area which lies about half a mile from the site of the first incident. The violence that erupted and constituted the incident in the Sagardihi area was the language in which a mob infuriated by the first incident or incited to action, spoke that day.

8. The incidents produced disastrous consequences. A precious life was lost as a result of the firing. The arson completely gutted the District Judge's Court building, the Police Office building which also housed the Deputy Commissioner's Record Room, the District Register's office, the Bar Association building, the Income-tax office building, the Bengal Excise office and the Land Acquisition office, besides damaging other offices and the Magistrates' courts. All papers and records, furniture and fittings in the gutted buildings

have been totally destroyed by fire. The loss in terms of money needed to reconstruct the gutted buildings and repairing the damaged ones and re-furnishing the same is assessable and can be made good; many of the records and files may also be reconstructed; but the loss intangible in terms of money, but tangible in terms of interests involved is incalculable and will be felt by the people of Cooch Behar for years and years to come. I may mention in this connection the destruction of the records of the Registration office. The full impact of this loss will not be felt at once; it will be felt over the years to follow by property owners desirous of transactions in relation to property held by them and by intending purchasers of property and persons desirous of having dealings with the property of others. Many documents and deeds filed with records of cases pending for trial or disposed of but not sent to the District Judge's Record Room, which fortunately escaped destruction, have been lost and the gutting of the Regisration office will deny the parties concerned copies of those documents. Many people will have lost the title deeds of their property and as certified copies thereof will be unobtainable, what may happen to their claim and possession of the lands concerned is anybody's guess. The records in the record room of the Deputy Commissioner included records of the time of the Maharajas of Cooch Behar and the destruction of that record room means the loss of valuable documents concerning the past history of the district, the whole of which has not possibly been unravelled yet. The intangible loss caused by the arson is much heavier than the tangible loss and the people indulging in the arson could have no idea as to the enormity of their action and the tremendous suffering that their act was going to impose on their neighbours and others including possibly many of themselves.

Incident near Jenkins School

9. Coming now to the happenings on that day, so far as the incident resulting in the firing is concerned, we have two versions thereof--one given by the C.R.P. and the other given by the Head Master of the Jenkins School and the Teachers' Association of that School.

Version of the incident as given by the C.R.P.

10. A section of the Central Reserve Police Force consisting of nine persons including one Havildar was placed on duty that day from 9 a.m. at the Cooch Behar College in connection with the examination that was being held there. At 1 p.m. they were taken to their camp for lunch and at about 2 p.m. they were being taken back to the College in a police van which at the crossing near the Jenkins School was involved in a collision with a State bus. It is said that the bus coming at a great speed from the south hit the van which was proceeding from the west and the impact was so great as to throw open the rear door of the van and the rolling down of some helmets of the C.R.P. men, on the road. The driver of the van managed with great difficulty to stop a little ahead of the crossing and the bus also stopped within a short distance of the point of collision.

11. The police party got down and collected their helmets and it was decided to take the driver of the bus to the police-station. The C.R.P. men went up to the driver of the bus and asked him to accompany them to the police-station and he having refused, the Havildar caught him and pulled him down. At this the passengers of the bus got down and together with a large crowd of onlookers, students and passers-by numbering in all about 1,000, started abusing the C.R.P., pelting them with stones and then manhandling them. The uniforms of some of the C.R.P. personnel got torn and some of their helmets got damaged as a result of the assault and the pelting of stones. The driver is stated to have got himself released in the melee.

12. Constable Bishan Sharma of the C.R.P. was at this time standing a little apart from his comrades. He was also subjected to assault and was pushed away to some distance by a section of the crowd; his uniform was torn and his rifle was attempted to be snatched. He was assaulted with kicks and blows in such a manner as to raise an apprehension of grievous hurt and even death. He somehow managed to free his rifle by a jerk but some of the crowd pounced upon him and finding no other alternative he quickly loaded his rifle and fired three rounds; in the process of loading he stated having had lost one round.

13. After the firing the crowd dispersed and the C.R.P. men got into the van and went to the police-station where the police driver reported the incident. According to the C.R.P. the barest minimum force was used by Constable Bishan Sharma in exercise of his right of private defence.

Version of the incident according to the Head Master and the Teachers' Association

14. During the tiffin hour of the school that day there was the sound of a heavy impact some time between 1-45 and 1-50 p.m. and the teaching staff of the school who were in the staff room came out to see what had happened. Some students went into the garden which stands at the edge of one side of the crossing and the Head Master who was in his chamber was informed of the incident by one of the teachers.

15. A State bus was seen standing at the crossing and a police van a short distance away from it on the east. Some C.R.P. personnel were found inside the bus beating up the passengers and throwing out their belongings. The driver and the cleaner of the bus and another employee of N.B.S.T.C. were caught by some of the policemen and mercilessly assaulted. Some people gathered and they screamed at the inhuman assault. One of the C.R.P. men chased some people standing near the bus with his rifle held horizontally with both hands and those people ran away when the sound of a firing was heard. Suddenly one C.R.P. man came along the road and standing about 30 ft. from the small iron gate of the school fired three shots in quick succession aiming at the teachers and students who were assembled inside the school compound and watching what was happening. Two of the shots bored holes in the western wall of the school building and another hit Shri Sankar Prasad Chakravarty, a teacher of the school, who was standing inside the small iron gate. Teachers and students rushed to the injured who was found lying in a pool of blood. He was atonce removed to the hospital close by and next morning he expired. The firing according to the teachers was without any provocation and without any justifiable cause.

Incident in the Sagardihi area

16. Shortly after the firing, followed the incident in the Sagardighi area. There is not much difference in the versions regarding this incident excepting in matters of minor details as to the course of events that took place. The incident in front of the Jenkins School took place close to 2 p.m. At about 2-30 p.m. a group of young boys came to the office of the Deputy Commissioner situated on the western bank of Sagardighi and began taking out papers from the offices on the ground floor and throwing some of them into the Sagardighi tank; some papers similarly brought out and heaped under the front portico were put to flame. Some of the boys then went to the office building of the S.P. which stands on the southern bank of Sagardighi and started pelting stones at it. Then entering the building they ransacked the office and set fire to it. The eastern portion of the building housed the D.C.'s Record Room and that room was also broken into and set on fire. A jeep of the Bengal Excise Department that was passing along the southern bank was stopped and set on fire too.

17. The mob of boys then went to the building which housed the office of the S.D.O. and some of the criminal courts. These were stoned and ransacked and records and furniture, etc., were taken out and destroyed and fire was set to the building but the damage caused to the building though considerable was not irreparable. From there the mob moved to the Bar Association building situated at the north-eastern corner of Sagardihi, but the lawyers persuaded the boys to desist from setting fire to it on condition that the Bar Association would be immediately closed down. The boys and some young men who had joined them shifted their field of activity to the building on the west of the Bar Library building wherein were situated the Land Acquisition office, the Bengal Excise office and the Registration office and these were set on fire with the result that the Registration office with all its records was completely gutted and the others were badly damaged.

18. A part of the mob went to the court building of the District Judge and ransacked it and that building was also set on fire and was totally destroyed along with its records, furniture and fitiings. At about 5 p.m. the Bar Library building was raided and broken into and ransacked; the

Co-operative Land Development Bank and the office of the Joint Sub-Registrar on the first floor was set on fire and so was the Bar Library itself on the ground floor. The building was gutted and almost all it contained was destroyed by fire. It was at this stage that two Fire Brigade engines escorted by the military and police came to the Sagardighi area, but there was not much they could do.

19. At about 6 p.m. fire was observed in the Income-tax office building which was completely destroyed with all its records, fittings and furniture. Certain articles were brought out of the godown in the building of the Central Excise and Customs standing close to the Income-tax office and these were stacked on the crossing in front of the building and put to fire.

FIRST TERM OF REFERENCE

Incident on the 27th August involving firing by the C.R.P.

20. Having dealt with the versions of the concerned parties before us about the incidents at Cooch Behar on the 27th August 1974, we come to the terms of reference. The first term of reference is as follows:

> "What were the causes which led to the incident at Cooch Behar town in the disrict of Cooch Behar on the 27th August 1974, in which the Central Reserve Police opened fire resulting in injury to two persons, one of whom subsequently succumbed to such injuries."

21. Regarding the incident in front of the Jenkins School we have two conflicting accounts placed before the Commission in the evidence of the C.R.P. men on the one hand and in that of the teachers of the school, three members of the North Bengal State Transport Corporation and some persons unconnected with the matter, on the other. The C.R.P. men are witnesses Nos. 2 to 5, who were involved in the incident; the N.B.S.T.C. staff are witnesses Nos. 9 to 11; the teachers are witnesses Nos. 16, 19 and 20 and the outsiders are witnesses Nos. 8, 12 and 13, who work in offices close to the place of occurrence; witnesses Nos. 14 and 15 are local people, who claim to have been present at the time. According to the latter set of witnesses the C.R.P. men took up an aggressive role from the beginning and maintained it throughout. Without any provocation or any reason whatsoever one of them fired four shots, three of which were aimed at the school and at the teachers and students gathered within its compound. The former set of witnesses—the C.R.P. personnel—would have it that they were targets of stones and brickbats thrown by the assembled crowd which included the students of Jenkins School and also of another school and college close by, that they were heavily assaulted and that it was when one of them was being dragged away and his life was in danger and his rifle was about to be snatched, that he opened fire in self-defence and that the three shots fired by him were not aimed at any particular direction.

22. Admittedly the incident was sparked off by a collision between a State bus and a police van carrying some C.R.P. men. It is not necessary to determine which of the two drivers was at fault. Both vehicles stopped within a very short distance after the impact and the C.R.P. men got down from the vehicle and their Havildar admittedly went to the bus with his men and wanted to arrest the driver of the bus in order to take him to the police-station. The driver refused to oblige the Havildar and moved inside the bus. Three of the C.R.P. men went to the bus entrance on the other side and while two of them stood at the entrance the other went inside. The evidence of the C.R.P. men that the driver was pulled down from his seat and that none of them went inside the bus is unacceptable in view of the clear evidence to the contrary given by independent witnesses. One man was pulled down from the driver's seat and was manhandled, but that was a little later and after three of the C.R.P. men had gone to the other side and one of them had entered into the bus. The man who was dragged down was not the driver, but witness No. 11, Bidyut, an employee of the N.B.S.T.C. who was occupying the seat by the side of that of the driver and who tried to escape through the driver's entrance after the driver had gone inside. He was released when his identity was established and the mistake was realised. One C.R.P. man went inside the bus obviously to get hold of the driver and not to assault the passengers and no passengers were deliberately assaulted though some of them might have been roughly dealt with in the process. Witness No. 12, Ranjit, Sub-Assistant Engineer, P.W.D., who stood at the gate of his office nearby and saw the whole incident, did not see any assault

on the passengers. The driver was, however, dragged down from inside the bus and he was definitely subjected to assault. His medical examination by Dr. P. R. Saha of the local hospital, witness No. 18, disclosed multiple injuries on his person ,which, however, were obviously not at all serious in nature; while two other persons injured in the incident, Bidyut and Pradip, suffering from simple injuries were admitted in hospitals, for reasons the doctors could not explain, the driver was not. He was attended to and allowed to leave. I find that the C.R.P. men did not molest or assault any passenger of that bus as deposed to by some witnesses. No passenger came forward to complain of such assault.

23. According to the C.R.P. witnesses Nos. 2 to 5 a crowd of about 1,000 gathered at the spot and they were subjected to assault with stones and also with fist blows and kicks by these people resulting in injuries on their persons and damage to their helmets and uniforms. The injuries as deposed to by witness No. 6, Dr. B. C. Sahu, Medical Officer of the C.R.P., who examined them at the police-station very soon after the occurrence, were simple injuries comprising abrasions, swellings and tenderness. Three damaged uniforms were exhibited at the enquiry and this damage was also noticed by witness No. 7, the Company Commander of the C.R.P. Unit, who saw them at the police-station within about half an hour of the incident and also by the S.P., Shri Singh, witness No. 51, when he saw them later at the police-station.

24. According to the witnesses on the other side there were only 40/50 people gathered at the place of occurrence, the passengers in the bus having all run away and one of the C.R.P. men chased those 40/50 people northward along the road with his rifle held horizontally by both his hands. Those men on being chased ran away. Some students and teachers numbering 80/90 in all were at the time gathered inside the school compound but none of them came out. The teacher witnesses including the Head Master were emphatic that their students are highly disciplined and none of them would go out of the school compound during the school hours without permission.

25. The incident took place at a very important crossing with two schools and a college and some Government offices nearby. In my considered view the estimate of 40/50 as the strength of the crowd there at the relevant time is an underestimate just as the estimate of the crowd being about 1,000 strong given by the C.R.P. witnesses suffers from exaggeration. That the crowd threw stones is evidenced from the dents on the body of the bus shown in the photograph (Exhibit No. III) and as deposed to by Shri Chatterjee, Chief Engineer, N.B.S.T.C., who examined the vehicle later. I feel also no hesitation in rejecting the evidence of the teachers including the Head Master which would seek to clothe the students with an aura of strict discipline much as I would love to accept that evidence. That alleged discipline did not prevent these students from going on a month-long strike some time back along with boys of other institutions as admitted by the teachers, nor did it stop them from creating disturbance in the criminal courts just a few months before the incident, as deposed to by witnness No. 30, Shri Mitra, Circle Inspector of Police. I reject also the evidence of the teachers and also of some other witnesses that no student of the Jenkins School went out on the road at the time of the occurrence, for the very simple reason that two students of the school, Pradip and Santi, were found to have sustained minor injuries immediately after the incident and nobody could say how these injuries were sustained. These two boys were not examined before me and it was not the evidence of the teachers that the minor injuries on their persons were caused as a result of a fracas inside the school. The teachers would only go as far as to concede that the boys inside the school compound were raising shouts against the C.R.P., but they were emphatic that none had gone out. Shouts do not produce injuries on the bodies and a reasonable conclusion is that the injuries of those two boys must have been caused in the course of a scuffle and as no scuffle had taken place inside the school, it must hav taken place outside and in the circumstances and on the evidence it is clear that it must have involved the C.R.P. Evidence was adduced that besides the teacher, Shri Sankar Chakravarty, one student of the school sustained a bullet injury, but there is no evidence that any student other than Pradip and Santi had received any injury that day and these two students had no injury on them which might have been caused by a bullet. Their injuries must have been caused therefore in some manner, which has not been disclosed. This aspect of the evidence coupled with the injuries of the C.R.P. men, and their torn uniforms must lead to a finding that some students of the school at any rate must have got themselves involved in the incident on the road in front of the school.

26. For originating the incident the blame must attach to the C.R.P. Unit. It may very well be that they had the power to arrest the driver of the bus if he was responsible for the collision. Obviously the question as to which of the drivers of the two vehicles was guilty was a contentious one and to take summary action against the bus driver was indiscreet if not improper to a degree in the facts of this case. Then again the essence of power is restraint in the exercise thereof and power is not to be exercised simply because one is invested with it. Discretion is the key-note in the exercise of power and this was in any event a fit and proper case where that discretion should have been used in refraining from any action and remaining content with taking the number of the bus and reporting the matter at the police-station. In going to exercise their power the C.R.P. men created a situation which led to the stranding of the bus and its passengers on the road, to the loss of a life by firing and the rousing of passion and tension in the town which entailed disastrous consequences.

27. The cause of the incident as we have seen, was the inconsequential collision between a State bus and a police van and the insistence of the C.R.P. men to arrest and take the driver of the bus to the police-station. This led to an assault of the driver and two employees of the N.B.S.T.C., which raised angry protests of the students of the Jenkins School, some of whom came out and scuffled with the C.R.P. men, assaulted them and pelted them with stones and in course of that scuffle tore away some of their uniforms. Thus harassed one of the C.R.P. men lost his head at the persistent provocation and assaults and must have fired aiming at the school which was the centre of provocation. There was no intention to hit anybody; the intention must have been to frighten and scare away the students, but it was none the less a rash and negligent act.

SECOND TERM OF REFERENCE

Nature and extent of the incident

28. I now come to the second term of reference which is as follows:

"What was the nature and extent of the incident."

I have dealt with the nature of the incident in front of the Jenkins School in connection with the first term of reference. So far as the extent thereof is concerned I have found on evidence that some of the boys of the Jenkins School did come out and got involved therein and that the firing was the immediate result thereof. According to the C.R.P. witnesses, fire was opened and three rounds were fired when witness No. 5, Bishan Sharma, was being dragged away and his rifle was in danger of being snatched and he himself got apprehensive of grievous hurt or death. The crowd at the time according to witness No. 5, Bishan Sharma, was in front of him, but the three shots, he states having had fired, were not directed in front, i.e., the direction the danger came from, but to his right, at the school. Two of the bullets made deep holes in the western wall of the school building and one shot at any rate hit the teacher Shri Sankar Chakravarty, who was standing inside the iron gate on the right. For obvious reasons though the C.R.P. witnesses speak of the students of the school having been in the crowd on the road, they have suppressed the fact that the school was the centre of provocation. a fact that was partly admitted by the teacher witnesses when they said that the students were raising shouts against the C.R.P. from inside the school compound.

29. The teacher, Shri Sankar Chakravarty, fell down being hit. According to the teachers and other witnesses, not three but four shots were fired and the medical evidence tends to disclose that the victim was hit by two bullets and not one. It is immaterial for the purpose of this enquiry whether he was hit by one or two bullets. It is sufficient to say that Shri Sankar Chakravarty was admittedly a victim of the firing. He fell down. The Head Master on his own evidence saw him lying in a pool of blood, but he did not even come near the injured man and went inside his chamber shouting a direction for the victim to be removed to hospital. The students carried him to the hospital. For transfusion of blood, donors were asked for—but admittedly no teacher went forward to donate blood. There is no evidence that any student of the school donated blood for the dying teacher either. We have it from witness No. 19, Dinesh Chandra Pal, a teacher of the Jenkins School, that he came back to the school at about 3 p.m. in search of

a donor of blood, but none of the elder boys agreed to donate his blood. The teachers appearing before me expressed their condemnation of the C.R.P. and were angry, as they had a right to be, at their conduct. The anger of the general public at the firing was expressed in the gherao of the police-station and in the devastating arson that followed, but from the teachers at any rate we could have expected at the time a little less of anger and a little more humaneness that the occasion demanded. This humaneness was wanting when not one of them went forward with an offer of donation of his blood and when the Head Master himself, who was loud in his protestation of being a strict disciplinarian, did not even care to go to the fallen and groaning teacher and just went into his chamber shouting for him to be taken to the hospital. Such apathy and indifference is unthinkable in any man with the least claim to humaneness. May it be that it was after all not lack of humaneness, but sheer disgust at the conduct of some of the students and teachers. It must be either the one or the other we do not know. The Head Master and the teacher witnesses did not give us a true version of the incident.

30. The second term of reference speaks of two persons having had sustained injuries as a result of firing. The teacher witnesses spoke of Pradip Roy, a student, having had received bullet injuries along with the teacher, Shri Sankar Chakravarty, but medical evidence discloses as already stated, that Pradip had only superficial simple injuries which could not be caused by a bullet. There is no doubt that only one person was hit by bullet, and he succumbed to his injuries.

THIRD TERM OF REFERENCE

Whether firing was justified

31. The next term of reference raises the question of justification for the firing. The evidence adduced against the conduct of the C.R.P. ascribes to them an aggressive attitude from the very start and accuses them of poking the driver and the passengers in the bus through the windows with their rifle butts and assaulting them inside the bus, of chasing the assembled crowd by one of the constables, who is alleged to have turned to his right on the road and fired four successive shots aiming at the students and teachers gathered inside the school compound. The C.R.P. men in their evidence as already stated, deny the assault on the driver and passengers of the bus and further claim to have been the victims of assault by a large crowd including students, and the constable who fired the shots claims to have done so only when his life was in danger and his rifle was about to be snatched and he further denies having had aimed any shots at the school in particular.

32. I have found that the C.R.P. men were very indiscreet in insisting on arresting the driver in the circumstances of the case, thereby stranding the bus which was on a long distance run to Siliguri and the passengers on the way. The evidence, however, does not support the story of poking the passengers or assault on them. Witness No. 10, Pankaj, the conductor of the bus, stated that the windows of the bus were closed and that the C.R.P. men only beat against them. Witness No. 12, Ranjit Dutta, an eye-witness, saw no assault on the passengers. Witness No. 20, Hemendra Kumar Bose, another eye-witness, did not see any C.R.P. men poking any passenger with rifle butts. In view of these witnesses I reject the testimony of the others to the contrary.

33. As regards assault on the C.R.P. men I have earlier referred to the evidence, oral and material, in support of my finding that there was assault, resulting in some minor injuries on the persons of the constables and the tearing of the uniform of three of them, but the evidence that one of the constables was being dragged away in a manner which endangered his rifle and life, is clearly unacceptable. If it were really so, it is unthinkable that in the circumstances deposed to by the C.R.P. man, Bishan Sharma, that he was being pulled and pushed by a crowd from front and behind, that he would have been allowed to load his rifle, and in any event the shots that were fired, were expected to be directed along the road in front, where a part of the crowd obviously was and could not have been directed towards the right and that without injuring anybody in the crowd on that side. That the shots were also not random shots is also apparent from the fact that two of them bored holes almost in a vertical line in the wall of the school building, while one or two others were fired tangentially somewhat to the left

of them. The direction of the firing discredits the evidence on behalf of the C.R.P. that these were not aimed in any particular direction and that these were fired in self-defence. That all the shots were fired in the direction of the school would also go to establish the proposition that provocation was coming from that direction in the form of jeering shouts of students and that the boys were issuing out of the school and after committing assault on the C.R.P. men or scuffling with them were running inside. The evidence on behalf of the C.R.P. has suppressed this fact as otherwise they might be open to the charge of deliberately firing at the school under circumstances which would not justify such firing.

34. In view of what I have stated above I feel no hesitation in finding that the firing was not justified and that the C.R.P. man, Constable Bishan Sharma, was provoked into losing his balance which he should not have lost in the circumstances. The firing though unjustified was not intended to hit anybody, but to frighten and scare away the assembled students, who were jeering and shouting at the C.R.P. and were mounting assaults on them from their sanctuary inside the school compound. Nevertheless as I have found, it was a rash and negligent act which should have been avoided.

FOURTH TERM OF REFERENCE

Who were the persons responsible for the unjustified firing?

35. The entire C.R.P. Unit does not carry responsibility for the firing that was resorted to by Constable Bishan Sharma. The responsibility for all the shots that were fired rests on the shoulder of Bishan Sharma and Bishan Sharma alone.

36. The fourth term of reference also requires a recommendation as to the action that should be taken against the person responsible for the firing and this involves a question which came in for decision by the Supreme Court in Dalmia's case reported in A.I.R. (1958) S.C. 538, wherein it was held that there can be no point in a Commission making a recommendation by way of securing punishment for a wrong-doer in respect of a wrong done, inasmuch as such a recommendation is not necessary or ancillary to the purpose of a Commission. Such punishment, it was observed, has to be imposed by a court of law without being influenced by the view of any person or body, however, august or high-powered it may be. The requirement for a recommendation in that case was struck down. In view of this decision, the recommendation required by the fourth term of reference is beyond the purview of the present enquiry and as such I refrain from making any recommendation as required. Apart from the legal aspect of the matter, I would have not made any recommendation in this case in view of the fact that action has already been taken, as reported to me by the learned counsel appearing for the C.R.P., against all the C.R.P. men of the Unit by the Subdivisional Judicial Magistrate of Cooch Behar, who has issued warrants for their arrest in the case started out of the incident.

TERM OF REFERENCE No. 5(a)

Circumstances leading to the causing of damage to Government properties and the nature and extent thereof

37. The firing near the Jenkins School had serious repercussions elsewhere. The C.R.P. men arrested the driver of the bus, put him into the police van and took him to the police-station. On behalf of the C.R.P. the arrest was admitted, but it was stated that in the melee that followed the driver somewhere escaped and it was denied that he was taken to the police-station. The fact that the driver was taken to the police-station was, however, admitted by the driver of the police van, Dil Bahadur Chhetri, witness No. 1, Armed S.I. S. B. Das, witness No. 49, and by Shri N. C. Chatterjee, witness No. 39, Chief Engineer, N.B.S.T.C., who hastened to the police-station on getting the information, found the driver there and arranged to send him to hospital. It is futile at this stage to ask as to why the driver should not have been taken into custody at the police-staion if he had really been taken there. Obviously in the midst of the confusion at the police-station that started shortly thereafter, nobody took any notice of him. That the driver was taken to the police-station has been abundantly proved by the evidence adduced before me.

38. The firing and the carrying away of the driver by the C.R.P. men roused passion in two different quarters and led to two disconnected incidents at two different places. A large number of N.B.S.T.C. employees rushed to the police-station where they expected their colleague, the bus driver, to have been taken and a number of students rushed to the Sagardighi area where the Government offices are situated, to meet the S.P. and the D.C. The object of both the mobs was to register violent protests against the misdemeanour of the C.R.P. and the crowd that went to the police-station further wanted to lynch the C.R.P. man, who had fired from his rifle. It is the crowd of students reinforced, as the evidence indicates by some elder people, who are responsible for the large-scale arson in the Sagardighi area and the colossal loss of property and records in the Government offices there.

Arson and nature of damage

39. The incident near the Jenkins School took place at about 2 p.m. and some time before 2-30 p.m. we find a batch of 40/50 young boys coming to the office of the S.P. and asking for him. The S.P. at the time was out on tour to Toofanganj. On learning that he was not there, the boys proceeded to the D.C.'s office and before leaving threw brickbats at the police office breaking some glass panes. At the D.C.'s office the boys asked for the D.C., who was then in his residence and on being told as such, they started ransacking the offices in the building. Furniture was brought out and piled on the open space in front, records were brought out and thrown into the tank in front and some records were heaped outside and put to fire. Fire was also set to some of the offices on the ground floor of that building. Meanwhile, other boys had started coming and a part of the crowd went to the police office and set fire to it and also to a jeep of the Bengal Excise Department that was passing in front of that office. Others went to the S.D.O.'s office and the court rooms of the Judicial Magistrates, ransacked the same, threw out records, typewriters and furniture and set fire to the buildings. The cowd thereafter rushed to the District Judge's Court building and ransacked the ground floor office and set fire to some records there.

40. The Headquarters of the Border Security Force is adjacent to the D.C.'s office building. While the rampage had been going on for about an hour, the B.S.F. rang their alarm bell at about 3-30 p.m. with the object of mobilising the Force, most of the members whereof live away from the Headquarters. As the bell was sounded the miscreants ran away from the immediate vicinity of Sagardighi, but as nothing more happened they returned after some time. A batch of boys and young men went to the Bar Library, but were persuaded by the lawyers to desist from raiding and damaging it on a promise that it would be closed down. The group of miscreants left and shortly thereafter the District Judge's Court building and the building on its adjacent east housing the District Registrar's office, the Land Acquisition office and the Bengal Excise office, were set on fire. All this time the miscreants met with no resistance from any quarter excepting at the Bar Library. No policeman was there, the B.S.F. did not come out and the Fire Brigade engines were not in sight. The miscreants returned to the Bar Library building later and set it on fire too. The police office building which also housed the D.C.'s Record Room, the District Judge's Court building, the Bar Library building and the Registrar's office were completely gutted; the other, with the exception of the D.C.'s office building, suffered extensive damages. These facts we get from the acceptable evidence on record.

Role of the District Administration

41. It was urged before me that the arson and damage were only possible, because the District Administration was not alert and active and that had the District Administration been functioning properly and if the boys, who had taken the initiative in the incident in the Sagardighi area, could have been driven away at the first instance, nothing possibly would have happened. The District Judge was in the area till about 4 p.m. and he voiced the sentiment at the back of the above contention when he said in his evidence that the damage that was done in that area could have been possible only because the District Administration had completely collapsed that day. On the face of it, it looks like that, but why should the Administration appear to have collapsed in the Sagardighi area? The answer to that is to be found in the other happening at the police-station during all this time. It is that happening that

holds the key to the riddle that exercised the mind of the District Judge and all others, who witnessed only the occurrence in the Sagardighi area that day. I entirely agree with the D.C., Shri A. K. Bose, witness No. 48, when he says that it was because the District Administration was very much alive and active at the police-station, that a much bigger calamity entailing innumerable deaths and a resultant conflagration engulfing the whole district and possibly the whole of the State, could be averted. The arson and damage were unfortunate and deplorable, but in the larger interest of the Administration that was unavoidable. The narration to follow will present a picture of the explosive situation, which developed at the police-station following the firing by the C.R.P. and which the local Administration had to face and tackle while attempting to do whatever could be done with the situation at Sagardighi.

42. At about 2-10 p.m. the Duty Officer at the police-station got information over the phone about the firing near the Jenkins School. He informed the O.C. who left for the place of incident in a police jeep accompanied by an S.I. They picked up the D.S.P. (Headquarters) on the way and went to the place of occurrence where they were surrounded by an angry mob which pelted stones at their vehicle and assaulted them; to avoid a confrontation with the highly agitated mob that openly threatened to march to the police-station to take revenge, they turned round and left for the police-station and as there was insufficient Force there, arrangements were at once made for mobilisation of a Force and despatch thereof to the police-station. All available police officers were informed and requested to rush to the police-station. A small Force of one A.S.I. and three armed constables deputed at the office of the S.D.O. at Sagardighi in anticipation of a threatened demonstration there was recalled to the police-station. All these actions were taken as the angry mob was likely to rush to the police-station and the available Force there was wholly inadequate to meet an emergency. The greater part of the Force there had been deployed for duty at four examination centres and elsewhere.

D.C. gets information of incident near Jenkins School

43. The Confidential Section of the D.C. is at his residence and there he works from 1-45 to 3-30 p.m. as we get from his evidence. That day at about 2-15 p.m. the D.C. received a phone call from an anonymous caller who told him about a firing by the C.R.P. near the Jenkins School. He contacted the S.P.'s office and on being told that the S.P. was away to Toofanganj, phoned up the D.S.P. (Crimes) and asked him to proceed at once to the place of occurrence and to control the situation there. A large crowd comprised mostly of N.B.S.T.C. employees had by this time gone to the police-station demanding drastic action against the C.R.P. man involved in the firing. That crowd gradually swelled and there was a clamour for the presence of the D.C. A part of the crowd invaded the compound and the front rooms of the police-station and started a pandemonium there and insisted on the D.C.'s presence. The presence of a large assembly in front of the police-station and a part of it inside shouting angry slogans was sought to be denied on behalf of the Bar Library, the Teachers' Association and the Head Master of the Jenkins School, on whose behalf it was said that no large angry crowd assembled at the police-station and that only a few people went there to talk to the D.C. But the suggestions to that effect were completely scotched by witness No. 39, Shri Chatterjee, Chief Engineer, N.B.S.T.C., whose evidence is that he reached the police-station at about 2-20 or 2-25 p.m. and found a crowd of about 1,000 including a good many of his staff inside and outside shouting angry slogans against the police and the C.R.P. and the crowd was swelling. The O.C. phoned up the D.C. at about 2-30 p.m. and Shri Chatterjee took the opportunity to speak a few words over the phone to request the D.C. to come to the police-station without delay.

44. The D.S.P. (Crimes) on being informed by the D.C. had in the meantime gone to the place of occurrence, but he could do nothing. His jeep was badly damaged, the wind shield was badly smashed and he himself was assaulted by the excited mob collected there; he had to turn back. The S.D.O. received information of the incident at about 2-20 p.m. and he also went to the place of occurrence; his jeep was badly damaged too and he himself was manhandled by the crowd there.

D.C. goes to police-station: the situation at police-station

45. It was in these circumstances that the D.C. hastened to the police-station to face an angry mob that demanded "blood for blood" and that the guilty C.R.P. men should be handed over to them for spot justice. We know what "spot justice" in the circumstances would have meant. Slogans against the police and the C.R.P. were raised and an atmosphere of violence was created. It has to be kept in mind that nine armed C.R.P. men were in the thana premises at the time and the evidence is that they were being subjected to all sorts of abuses and threats and it is further to be considered that if these nine armed men had got out of hand that would have meant a terrible disaster, the consequences whereof can only be imagined. Such was the situation that the D.C. had to face. He had to protect the C.R.P. men concerned from the anger of the violent crowd and at the same time he had to protect that crowd from a possible action by the harassed C.R.P. men if they could not be kept under control. He went into the room of the O.C. and that room as we find from the evidence, including that of Shri Chatterjee, Chief Engineer, N.B.S.T.C., a wholly independent and dependable witness, was jampacked with everybody jostling with each other and shouting all sorts of things making it impossible to hear what was said. The crowd inside and outside the police-station according to Shri Chatterjee consisted partly of N.B.S.T.C. employees and partly of outsiders and those outside the room of the O.C. were jeering and shouting accusations against the C.R.P. and the police. The D.C., according to him, was completely gheraoed in that room by a shouting crowd and it was impossible in the midst of that din and noise to use a telephone. This condition continued for a long time. At about 4-30 p.m. a member of the staff of Shri Chatterjee came to him and reported that some boys had come to N.B.S.T.C. office and were demanding petrol. At that he at once left with a large number of his staff.

46. In the meantime at about 3 p.m. a crowd of about 100 entered the quarters of the O.C. at the back of the thana premises, ransacked it and set fire to it in their search for the C.R.P. men and the O.C. on getting the information rushed to the rear of the police-station and managed to ease the situation there. Shortly thereafter the D.S.P. (Headquarters) with the Circle Inspector of Police came with a small armed force of one N.C.O. and nine constables hurriedly collected from the police lines and engaged themselves in resisting the violent crowd at the thana gate in front.

47. Meanwhile when the happenings in the Sagardighi area had taken a serious turn at about 2-45 p.m., two Executive Magistrates went to the B.S.F. Headquarters situated on the adjacent north of the D.C.'s office building and are stated to have ordered the authorities there to deploy the B.S.F., immediately and to stop the rampage of the mob, but the requests were turned down. Once the bell in the camp was rung and at that the mob ran away, but the B.S.F. did not turn out and no policemen also were visible. The mob returned and resumed their violent activities.

D.C. gets information of arson at Sagardighi

48. The evidence of the D.C. is that after his arrival he found angry and violent demonstrations inside and outside the police-station against the C.R.P. men and the crowd demanding "blood for blood" and "spot justice" to be meted out to them by themselves. He tried to pacify the crowd by arguments and later to mollify them, he directed witness No. 7, Shri V. N. Chatterjee, Assistant Commander of the C.R.P., to disarm the guilty constable and to keep him segregated and that was done. He told the men in the room that that was all that he could do in the matter, but this did not satisfy the crowd and the shouts continued. It was in the midst of this at about 3-30 p.m. that Shri Mallick, Chief Officer of the Fire Station, witness No. 40, came to him pushing through the crowd and told him that on receipt of information about a fire in the police office he had taken a fire engine towards Sagardighi to tackle the fire, but that he could not proceed because of a road block and the violent activities of a crowd which damaged his engine and assaulted his men, and that he accordingly had turned back. He asked for police protection and was told to wait. At 3-35 or 3-40 p.m. a telephone call could be received from Shri Prasenjit Burman, General Secretary of the District Congress, witness No. 43, who spoke about arson going on in Sagardighi area. Just about that time the D.S.P. (Crimes) also came with the same information and was asked to take a Force and escort the fire engines to the spot. The

further evidence of the D.C. is that he told the crowd in the room about the arson and wanted to leave for Sagardighi, but was not allowed to leave. Some persons there opened their shirt fronts and said that they would have to be shot before he would be allowed to leave, that when some people had suffered at the hands of the C.R.P., others including themselves will also suffer and that the D.C. could only leave over their dead bodies.

49. On the D.C.'s direction the D.S.P. (Crimes) accompanied by the O.C. left through the rear gate of the police-station taking with him the Force brought from the police lines and went to the Fire Brigade Station. They left for the Sagardighi area from there, but the Force and the fire engine that was being escorted, were stopped on the way by a violent mob of about 3,000 which attacked the party with stones. The wind screen of the fire engine was shattered and one fire operator was injured; the road was found barricaded with logs of wood, concrete slabs, etc. Three rounds of tear-gass shells were fired by the police party, but that had no effect as the wind was blowing from the wrong direction. The fire engine had to go back to the Fire Station and the police party also took a turn and taking a circuitous route managed to go to the Sagardighi area only to find the buildings concerned in flames. Some time before this, a fire engine on receipt of information about fire near the Madanmohan Temple had left for the spot, but had to turn back because of a road block and violence by a crowd similar to what was experienced by the second engine.

Services of the Army sought for

50. In view of the angry mood of the mob and the continuous violent slogans against the C.R.P. in front of the police-station, the Assistant Commander of the C.R.P., Shri Chatterjee, requested the D.C. to withdraw the C.R.P. Unit on duty at the A. B. N. Seal College in apprehension of an attack on them and this had to be done in the circumstances prevailing. The S.P. who had been sent information at Toofanganj by a radiogram, came to the police-station at about 3-35 p.m. and on seeing him the crowd became still more boisterous and slogans demanding immediate action against the C.R.P. men and the police in general were intensified. The D.C. decided that the only way to save the situation which was deteriorating all round, was to ask for the help of the army stationed at Cooch Behar. Accordingly a requisition was written out by him on a slip of paper and handed over to the C.I., who managed to despatch it to the Army Headquarters through an S.I. whom he met outside going at the back of a scooter in mufti. As there was delay in the arrival of the army the S.P. later sent two persons in civil dress to the Army Headquarters to expedite action.

51. The D.C. thereafter tried to contact the Border Security Force over the phone, but there was no response. The S.P. went on trying, but without any effect. The telephone was dead. At 4 p.m. Shri N. S. Payal, Assistant Commandant, B.S.F., phoned up the D.C. and he was asked to take over law and order in the Sagardighi area and to send a vehicle to Khagrabari, one of the entry points to the town, to escort a fire engine that was expected from Alipurduar. A decision was next taken to impose curfew. The crowd in the O.C.'s room realised by now that the D.C. was not in a position to meet their demands as regards the C.R.P. men and at the instance of the D.C., Shri Anil Mitra wrote out a complaint (Exhibit 12/7) against the C.R.P. and handed it over to the Duty Officer. Persuasion by the D.C. for over two hours had after all its effect and the crowd gradually left the thana premises. It was then about 4-20 p.m. The D.C., I must say, exercised commendable tact and forbearance in tackling that crowd. The slightest deviation from the path pursued by him would have spelled disaster. He could certainly have shot his way out through that crowd with the help of the nine armed C.R.P. men and the armed force that came from the Police Lines at 3 p.m. to uphold the prestige of the Administration, but it would have been sheer madness. Persuasion was indeed the only weapon in his hand and the D.C. rightly realised it and tried it and thus avoided what otherwise would have been a catastrophe.

Army comes out

52. The army got the D.C.'s requisition at 3-45 p.m. and the first army column arrived at the police-station at 4-35 p.m. (Exhibit 37). It was at once despatched to Sagardighi area with a police force with instruction to escort

the fire engines. The D.C. and the S.P. stayed on for making arrangements for the proclamation and imposition of curfew, which was then clamped down and for requisitioning reinforcement from the outlying subdivisions and also to meet the second army column which was soon expected. That column came at 5-15 p.m. (Exhibit 37) and the D.C. and S.P. accompanied it to Sagardighi and found the entire area ablaze.

53. The police force in charge of O.C., Kotwali police-station (witness No. 27) that accompanied the first army column and escorted two fire engines, arrived at the north-east corner of Sagardighi at about 4-50 p.m. after clearing road blocks on the way. The Bar Library building was then ablaze. It appears from the evidence that that building and the District Judge's Court building must have been set on fire some time between 4 and 4-50 p.m. The O.C. found two mobs collected to the east and north respectively of the position taken by him near the Bar Library building where one fire engine was set to work. The two mobs started throwing brickbats at the police party and the fire engine and had to be chased constantly in the different directions only to regroup when the police was chasing the other mob. A large number of tear-gas shells were fired, but that did not have much effect and the situation became so serious that the fire engine had to stop operation and move to the south-western corner of the tank leaving its hose pipe and accessories. The police party fired in all 27 tear-gas shells in course of an hour and even then it was gradually pushed towards the south along the eastern bank of Sagardighi only to face another mob assembled at its south-east corner. Finding the situation getting out of hand the O.C. fired four rounds of bullets and that had a salutary effect and the mob dispersed. It must have been during this one hour that fire was set by the mob to the Income-tax office building and the building of the Central Excise Department, which are situated at the back of the row of buildings on the eastern bank of Sagardighi. The evidence of the O.C., Kotwali police-station, witness No. 27, regarding this part of the incident finds substantial corroboration except in respect of the timings, in the testimony of witness No. 24, Jitendra Mohan Chakrabarty, a professional typist, who works inside the front compound of the Bar Library and who stayed on in the area and witnessed the incident.

54. The D.C. and the S.P. came to the area with the second army column at about 5-30 p.m. and learning that the fire engine had to come away from the Bar Library building because of mob violence, took it back there. This was just after the mobs had dispersed as a result of the firing of four rounds of bullets which, however, had not hit anybody. Both the fire engines started operations and soon other engines arrived from outlying fire stations and were set to fighting the fire, but it was already too late to make any difference.

Role of the B.S.F.

55. Now, what was the B.S.F. stationed on the western bank of Sagardighi doing while the buildings all along its banks were being subjected to arson? Their case was put forward by three members of the Force—two Assistant Commandants and one Inspector—who were summoned by the Commission under section 8B of the Commissions of Inquiry Act to justify their inaction. Their evidence in short is that the Force came to know of the fire at 3-10 p.m. and at once emergency measures to put the Force in a position of alert was taken; the alarm was sounded at 3-30 p.m. and watch was kept for fresh cases of arson, but none took place thereafter. Some Jawans were sent to D.C.'s office and they retrieved some records and files from there. Some more were sent to District Judge's Court building which was in flames and they retrieved three typewriters from there. As to the fire that raged, nothing could be done by them. They tried to contact the D.C. over the phone, but the line was found to be out of order. A similar attempt to contact the Fire Brigade Station proved futile for the same reason. There was no requisitioning of their services by the District authorities, till 5-30 p.m. when the Assistant Commandant, Shri Payal, could establish contact with the D.C. at the police-station and on enquiry was only asked to send a vehicle to Khagrabari to escort a fire engine from there. At 6 p.m. the D.C. came with the S.P. in from the the B.S.F. Headquarters and at his instance patrolling of the Sagardighi area was taken in hand.

56. The above case and the evidence contradict the positive evidence, both oral and documentary, that was adduced on behalf of the District

Administration. On behalf of the District Congress and Bar Library also, the evidence of the B.S.F. witnesses, that the District Judge's Court building and the Bar Library building were set on fire before the alarm was rung and that there was no fresh case of arson thereafter, was disputed. The District Judge, witness No. 21, came out of his office before the alarm was rung and he was in the area till about 4 p.m., but by that time his office had not been set on fire. The evidence is overwhelming that the District Judge's Court building and the Bar Library building were subjected to arson some time after 4 p.m. and before the first army column appeared with a police force and two fire engines a little before 5 p.m. The Income-tax office and the Central Excise office buildings were put to fire some time between 5-30 p.m. and before 6 p.m. as I have already found. The evidence of the B.S.F. witnesses that there were no fresh cases of arson after 3-30 p.m. when the alarm was rung is unacceptable.

57. The ransacking of the offices and arson started that day at about 2-30 p.m. and it is strange that the B.S.F. with a sentry standing guard in front of the Headquarters building had no knowledge of it before 3-10 p.m. It is the evidence of the Inspector, B.S.F., Shri Bhunwar Singh, witness No. 54, that it was at 3-10 p.m. that information about the fire was carried to him and he went out and saw the buildings around Sagardighi including the District Judge's Court building on fire; he at once opened the Internal Security Duty Diary—I.S.D. Diary in short—as was required to be done under the rules and directed the Force to take up a "stand to" position which in effect means a position of alertness. The alarm was rung at 3-30 p.m., but that was only to call the members of the Force who live outside the headquarters and the B.S.F. personnel started coming in and they all got arms and took up their positions.

58. The I.S.D. Diary, as we get it in evidence, has to be opened by the seniormost officer at the Headquarters. Witness No. 53, Assistant Commandant Harish Kumar, was in the Headquarters at the time, but he was not informed immediately and it was not he but Inspector Bhunwar Singh who opened the diary and the first idea that he had of the disturbances outside, was when he heard the alarm at 3-30 p.m. This unusual situation has not been explained in evidence. Then again the first two entries in the I.S.D. Diary (Exhibit 33) are stated in evidence to have been written at the dictation of Inspector Bhunwar Singh, witness No. 54. The second entry bears internal evidence clearly indicating that it could not have been so written. In that entry dictated by Bhunwar Singh there are statements that "Bhunwar Singh stated" and was asked to do something and if Bhunwar Singh was really the maker of the entry he would certainly not write to that effect. He would say "I said" and "I was asked to do" this or that. Clearly the second entry is not a contemporaneous entry dictated by Bhunwar Singh and it must have been written later by somebody else. The subsequent entries up to that at 16.15 hours are written at the dictation of witness No. 53, Assistant Commandant Harish Kumar, whose duty it was to open the diary that day, whenever that was or should have been opened.

59. The B.S.F. witnesses sought to convey an impression that the situation in the area was normal after 3-30 p.m. excepting for the raging fire and that there was no law and order problem there. The evidence of Shri Payal, witness No. 52, the Senior Assistant Commandant who claims to have returned to Headquarters at 4-15 p.m., was that the situation in the area at the time was not such as to call for intervention by the B.S.F. on their own. All this is moonshine as the situation there continued to be tense for long afterwards. The signal sent by the B.S.F. to their I.G. at 4-45 p.m. itself says that the situation was grave. The evidence of Shri Payal, Assistant Commandant, witness No. 52, is that at 4-20 p.m. that day a total number of 15 men were available for deployment outside the camps after meeting the requirements for the protection of the Headquarters. This was before reinforcement had been received by the B.S.F. and if 15 men could be spared at 4-20 p.m. they could have been spared earlier too. There is no acceptable explanation as to why these men were not deployed for protection of Government property and to maintain law and order in the area. There is no question that in the circumstances it was the duty of the B.S.F. to take up that duty even if not called upon by the District Administration to do so. That is also the evidence of Col. Basu Mallick, their Assistant Director (witness No. 55). The further evidence of this witness is that information about the happenings in the Sagardighi area that day should have come to the

knowledge of the Officer-in-charge of the Headquarters without any delay. As I have said there is no explanation as to why it should have taken about 40 minutes for that information to reach Inspector Bhunwar Singh.

60. I have already referred to the evidence given by the B.S.F. witnesses which would have us believe that the situation in the area after the alarm was rung became quite normal, that there were no further incidents since then and that as such, active interference by the B.S.F. was not called for. I have already pointed out the hollowness of this evidence. The situation did not become normal as stated and that that is evident from the signal sent out at 4-40 p.m. stating that the situation was grave; there were fresh cases of arson thereafter which might have been averted by an exhibition of proper alertness on the part of the B.S.F.

61. A second string of the B.S.F. defence was that in any event their services were not requisitioned by the District Administration before 5-30 p.m. The evidence of Col. Basu Mallick, Assistant Director of the B.S.F., is that requisition or no requisition by the Civil Administration, it is the duty of the B.S.F., if reserves permit, to come out to tackle a situation such as what arose in the Sagardighi area that day. This evidence cuts at the root of this defence. Apart from that there is the oral evidence of the D.C. and the S.P. that as a matter of fact the services of the B.S.F. were requisitioned through their Assistant Commandant, Shri Payal, at 4 p.m. that day and there is very good contemporaneous documentary evidence in support of this evidence. Exhibit 37 is an extract from the record of the army authorities in connection with their internal security duties that day and it shows that at 4-35 p.m. the D.C. told the Army Commander that the B.S.F. were already deployed. Then again Exhibit 19 is the curfew order promulgated by the D.C. Shri Payal of the B.S.F., witness No. 52, says that he heard the curfew being proclaimed at 4-40 p.m. and that order, it is seen, excluded from its operation B.S.F. personnel on duty. Why would they have been so excluded unless the D.C. who himself drew up the order was under the belief that they had come out as directed? Lastly, the evidence of Shri Payal that he contacted the D.C. at the Kotwali police-station over the phone at 5-30 p.m. and that it was then that the D.C. only asked him to send a truck to Khagrabari to escort a fire engine and did not even then ask for the help of the B.S.F. for any other purpose, is completely negatived by the Internal Security Duty Diary of the army (Exhibit 37), referred to above, which shows that the D.C. left the Kotwali police-station with the second army column at 5-15 p.m. Obviously therefore Shri Payal could not have reached the D.C. over the phone at Kotwali police-station at 5-30 p.m. In view of the recorded particulars furnished by a contemporary document maintained by a totally disinterested authority, it is unnecessary to discuss the conflicting oral evidence on this point adduced on behalf of the District Administration and the B.S.F. witnesses respectively. The services of the B.S.F. were clearly requisitioned by the D.C. before 4-35 p.m. at any rate and Shri Payal for reasons best known to him did not carry out the D.C.'s directions. He certainly did not deserve the congratulations which the I.G., B.S.F., is stated by Col. Basu Mallick to have conveyed to him on the following day for a good job done in connection with the incidents of the previous day.

62. Shri N. S. Payal, Senior Assistant Commandant of the B.S.F. at Cooch Behar, had his residence at Khagrabari about 4 km. away from the Headquarters. He had gone home for lunch and was returning at about 3-20 p.m. when he met an agitated crowd on the way and heard from them about a firing and arson following same. He went back home, put a mufti, left his jeep there and as he was leaving, received a telephone call from the Headquarters giving him some details about the arson. He walked back and reached the Headquarters at about 4-15 p.m. That is his evidence and according to him he could not have contacted the D.C. over the phone at 4 p.m. I entertain doubt as to whether he left home at about 3-50 p.m. that he claims to have done. Very possibly he did not and it would be natural for him to phone up the police-station on receipt of information from his Headquarters and he could have contacted the D.C. there. The signal to I.G., B.S.F., at 4-45 p.m. was not sent by him nor by Harish Kumar, the officer next senior to him, but by one Sekhar Chatterjee and the next signal at 6 p.m. that was sent out was by Shri Payal and this signal gives the details of the entire incident. Why could not the details be conveyed earlier when according to B.S.F. witnesses including Shri Payal himself, conditions in the area were quite normal since 3-30 p.m. except for the raging fire about which nothing could be done without fire engines? That evidence as I have pointed out is

contradicted by the signal sent at 4-45 p.m. stating that the situation was grave. The fact that in spite of the grave situation the B.S.F. did not turn out, may very well indicate that there was no responsible officer there to guide the action to be taken, Harish Kumar being a technical man and an engineer. Shri Payal did not impress me as a truthful witness and he clearly lacks balance and maturity. He had the temerity to say that if the services of the B.S.F. be requisitioned by the D.C. and he is later taken to task by him for not having complied with the requisition, he would resent it. He stated in evidence that while in front of the B.S.F. Headquarters at 6 p.m. the S.P. fired three rounds from his revolver to scare away the mob on the other side of the tank and a Jawan under the D.C.'s orders fired three rounds from his rifle. He forgot when giving this evidence that in his signal to his I.G. at 7 p.m. (Exhibit 35/3) he had stated that the "army fired six rounds in the air". The evidence to the contrary was a foolish attempt to falsely involve the D.C. and the S.P. in a meaningless use of firearms. Then again the I.S.D. Diary of the B.S.F. cannot be depended on for reasons already mentioned by me. There is also the evidence of Shri Payal that this diary has to be opened by the seniormost officer present. Why then should it have been opened by Inspector Bhunwar Singh when Harish Kumar, Assistant Commandant, was at Headquarters? Or is it that Harish Kumar was also not at the Headquarters at the time?

63. It was urged on behalf of the B.S.F. that the services of this Force for maintaining public security are in any case not liable to be requisitioned under section 130, Cr. P.C., and that the Force is not entitled on its own to exercise any powers under section 131, Cr.P.C., in any area beyond 15 miles from the West Bengal border and in this connection I was referred to notification No. S.O. 3028, dated the 22nd July 1969, issued by the Ministry of Home Affairs, New Delhi, in exercise of powers under section 139(1) of the Border Security Force Act, whereby members of the Force were vested with powers only under section 131 of Criminal Procedure Code, which relates to the dispersal of unlawful assemblies tending to endanger public security and not under section 130 of the Code. It would indeed appear from the notification that the B.S.F. was vested with powers thereby to disperse unlawful assemblies on their own initiative and that this power under section 131 of Criminal Procedure Code so vested was restricted to an area within 15 kms. of the border.

64. The Criminal Procedure Code of 1898 gave certain powers under sections 130-131 to the Armed Forces to disperse unlawful assemblies, under orders of Magistrate under section 130 and on their own under section 131 in the circumstances mentioned therein. The expression "Armed Forces" was defined in section 132(A) and included besides "the Military, Naval and Air Force," other Armed Forces of the Union. Under the B.S.F. Act of 1968 the B.S.F. is an Armed Force of the Union and as such by virtue of the provisions of section 130 of the Criminal Procedure Code the powers provided for therein attached to them with the creation of the Force itself. So far as section 131 of the Code is concerned, it is only Commissioned Officers of the Armed Forces who were authorised to disperse unlawful assemblies with the help of the Force under their command. The Officers of the B.S.F. are not commissioned; their officers are gazetted and as such the provisions of section 131 were not attached to them. The notification mentioned above gave them that power, but at the same time restricted the exercise thereof to an area within 15 km. of West Bengal border. The powers under section 130, Criminal Procedure Code, were already there and without any restriction as to the exercise thereof. The notification vested the B.S.F. with power under section 131 but restricted the exercise thereof in the manner prescribed. That was in 1969.

65. In 1973 the new Criminal Procedure Code was enacted. Section 131 of the old Act was amended to fit in with the categorisation and designation of the members of the C.R.P. and the B.S.F. and the result is that Gazetted Officers of the Armed Forces including the B.S.F. who were included in the amended section along with Commissioned Officers of the Armed Forces were automatically vested with the statutory power under the amended section and the restriction imposed on the exercise of that power by the notification of 1969 automatically fell through. Thus up till the promulgation of the Criminal Procedure Code in 1973 the power to disperse unlawful assemblies could not be exercised by the B.S.F. on their own in the town of Cooch Behar which is more than 15 km. from the West Bengal border; that

restriction automatically disappeared with the passing of the amended Criminal Procedure Code in 1973 and on the date of the incidents the exercise of power under section 131 of the Criminal Procedure Code by the B.S.F. was untrammeled. This was the power which I.G., B.S.F., according to the evidence of Col. Basu Mallick, witness No. 55, urged Shri Payal, Assistant Commandant, to exercise when he contacted the latter over the phone at 5 p.m. that day. This was again the power that the same witness obviously referred to when he said that whether their services were requisitioned or not, it was the duty of the B.S.F. to come out that day to tackle the situation. If the B.S.F. entertains the idea that it lacks the power under section 130 or that its powers under section 131, Cr.P.C., are restricted in any way by the notification of 1969, the sooner it is disabused of it the better.

66. The evidence on record must lead me to hold that the B.S.F. did not do what they should have done that day. It was certainly their duty to turn out in view of the grave situation that was prevailing whether their services were requisitioned or not and on their own evidence they had 15 men for deployment outside after meeting the requirements of the Headquarters in so far as its safety and security were concerned. That duty they did not perform and if it had been performed much of the damage by the disastrous fire might possibly have been averted.

Role of the police

67. The arson in the Sagardighi area started as we have seen at about 2-30 p.m., but no policeman was there till about 4-50 p.m. when the O.C. arrived with a contingent accompanying the first army column and two fire engines. The question naturally arises as to what was the police doing all the time. The evidence shows that apart from some unarmed policemen in the courts there were on that day in the Sagardighi area besides the static guards at the Treasury only two armed constables under an unarmed Havildar, who were guarding a number of undertrial prisoners in the court of the Subdivisional Judicial Magistrate and three armed constables under an A.S.I. in the office of the S.D.O. The three armed constables and the A.S.I. were withdrawn by the O.C. and taken to the police-station some time before 2-30 p.m. in anticipation of trouble there. There was thus no policeman to resist the young miscreants when the trouble started in the Sagardighi area. It is a pity that the employees in the Government offices who must have numbered several hundreds and who could have effectively resisted the boys, did not stir to stop the rampage. The lawyers who are elites of the town also took no initiative in the matter. None amongst those who witnessed the happenings and saw the buildings going up in flames one after another thought that he had any duty in the matter as a citizen; when neither any officer nor any policeman was in view everybody washed his hands and resigned himself to the inevitable. But what about the Reserve Police in the police lines?

68. We are told that there simply were not sufficient policemen who could be mobilised to tackle the situation effectively. Documents were produced to show that the police force for the district has remained practically static since 1950, whereas the calls on their services have increased several times since. At any event that day as we get in the evidence of Shri Singh, the Superintendent of Police, 100 to 150 policemen were on duty in the town including about 50 on static duty. About 50 out of the above total, we were told, could be mobilised in an emergency, but all these for reasons not brought out in evidence, could not be mobilised. This might merit a departmental enquiry.

69. At the police-station according to the D.S.P. (Headquarters), witness No. 29, the entire Force comprised besides one S.I. and one A.S.I., six constables including those brought from the S.D.O.'s office. Quarters are not provided for all the policemen at the station and most of them live in the town in rented houses. Those who are off-duty and available can be mobilised by ringing the alarm bell at the police lines. This was done and at the first instance only nine or ten constables could be mobilised. They were rushed to the police-station which to the knowledge of everybody concerned at the time was the centre of disturbance. Later some more constables mobilised at the police lines also came. It was at 3-30 p.m. that information about the arson reached the D.C. at the police-station. That

information spoke of arson accomplished and not of an attempted arson, so that what the situation demanded was the service of fire engines and not the rushing of a police force to the affected area and attempt was made to rush fire engines, but it failed due to violent obstructions on the way.

70. It was urged that telephonic messages were sent to the police-station since 2-30 p.m. and the informant was being told every time that police would be taking action, but nothing was actually done. We have evidence that messages were sent at 2-30, 2-45 and 3 p.m. from offices in the Sagardighi area. With the pandemonium at the police-station it cannot be said definitely who actually had picked up the receiver on those occasions and promised action. The persons who actually telephoned were not produced as witnesses and even if somebody in authority at the police-station had picked up the messages the situation there was so violently noisy and explosive as is evident from the evidence of Shri Chatterjee, Chief Engineer, N.B.S.T.C., that it must have been impossible for the Administration to think seriously of anything besides the immediately necessities of preventing the police-station itself being overrun.

71. Considering the manner in which the situation in Sagardighi area developed and the situation that the administration had to face at the police-station at the same time, I cannot find that the police was at fault in any manner or that they were negligent in the performance of duties which could have been performed. The District Intelligence, however, as I find from evidence, did not play its part. The evidence of the D.I.O., Shri Rasik Ch. Pal, witness No. 50, that he could not contact the police-station as his men could not have access to it because of the mob in front is unacceptable in view of the admitted position that police officers and men were freely going in and coming out of the police-station through the rear entrance all the time. Not that anything tangible could have been achieved by contacting the police-station at the time, but it was certainly the duty of the Intelligence Branch to keep the authorities informed about the developments. The role of the D.I.B. and the reason why a larger number of policemen could not be mobilised are matters which should be departmentally enquired into.

Role of the Magistracy

72. The Magistracy did not serve the Administration as it should have that day. Three of them, Shri D. C. Pal, witness No. 38, Shri B. K. Roy, witness No. 35, and Shri T. V. Venkataraman, witness No. 36, deposed before me. Shri Pal is the S.D.O. who left for the Jenkins School shortly after 2 p.m. on getting information of the firing and disturbance and was besieged by a mob of about 200 boys near the Madanmohan Temple about a furlong away from the School. He was dragged down from his jeep and assaulted and thereafter taken to the school where another mob of 400 to 500 boys was gathered. There he was heckled over the incidents and was finally rescued by the Head Master and taken inside. The students invaded that room and assaulted him with fist and blows and threatened him too. The boys after some time could be induced by the Head Master and the other teachers to leave the room. The S.D.O. later managed to leave through the side gate on foot and taking a rickshaw on the way came near Sagardighi and finding the buildings on fire and a crowd of boys gathered, took shelter in the District Library where he states having had stayed for about an hour. Thereafter the situation having eased a bit, he walked home where he found his wife in a state of nervous collapse as the result of an information received by her that he had been killed. At about 5-30 p.m. an S.I. came with the D.C.'s direction that he should go to the police-station and he went there.

73. Shri B. K. Roy and Shri Venkataraman admittedly went to the B.S.F. Headquarters and according to them it was then about 2-40 p.m. Both of them introduced themselves there as Executive Magistrates and asked for the services of the B.S.F. to deal with the situation, but their request was refused as no senior officer was there. According to the B.S.F. witnesses, these two Magistrates did come, but that was later and they came along with many others for shelter. The allegation of the Magistrates regarding the requisitioning of the services of the B.S.F. was denied as untrue. I do not propose to enter into a discussion as to whether the services of the B.S.F. were indeed requisitioned by these Magistrates in view of the admitted position that requisition or no requisition it was the duty of the B.S.F. to come out if men could be spared for the purpose. Admittedly quite a number

of Government employees had gone to the B.S.F. Headquarters compound that day for shelter and safety while the rampage in the area was on. Whatever that be both the Magistrates, who are freshers in the service, would have it that after being refused they stayed on there till about 4 p.m. and tried to contact the D.C. from there over the phone which was, however, found dead and then they left. Shri Roy went to the house of the S.D.O. and remained there till sent for by the D.C. along with the S.D.O. Shri Venkataraman's evidence is that he went to his office and remained there till 5 p.m. and then went home.

74. From the evidence of these two Magistrates it appears that they were conscious of their power under section 130, Criminal Procedure Code, and they apparently acted in exercise of that power when they requisitioned the services of the B.S.F. They were themselves seeing the appalling damage that was being done. The evidence of Shri Venkataraman further is that it struck him at the time that if the D.C. were there, he could have made the B.S.F. turn out; the same should have occurred to Shri Roy as well. In spite of that, apart from making some futile attempts to contact the D.C. over the B.S.F. phone neither of them tried to reach him in any other manner. They did not know of the D.C.'s predicament. They should have tried other telephones and in any event if there was no other way of carrying information to him they should have walked to the control room and met him there or contacted him from there. The same applies with greater force to the S.D.O. who carried a greater responsibility in the matter than the other two Magistrates. We find from evidence that about half a dozen Magistrates were gathered in the S.D.O.'s house obviously gossiping about the events of the day while the D.C. was facing a violent mob at the police-station and the Government buildings around Sagardighi were burning. None of the Magistrates tried to find out where the D.C. was or what he was doing or how he himself might help in controlling the situation. The Magistracy, as I said at the beginning, did not serve the administration well that day.

75. To sum up, the anger and passion generated by the firing near the Jenkins School found expression in the sudden eruption of violence in the Sagardighi area in the form of widespread arson of Government buildings and wanton destruction of records and this could be possible because of the gherao of the D.C. and later also of the S.P. at the police-station under conditions which prevented information of the violent activities reaching them in time and because of obstructions to the movement of fire engines and police vehicles put on the roads, thereby making effective action to combat the fire impossible when on information being received at the police-station, action was sought to be taken to tackle the situation. The Magistrates in the offices in the Sagardighi area who saw the happenings from the beginning should have rushed to the D.C. with the information and for his directions, but they did not play their part. The B.S.F. should have come out at the very start on their own to disperse the unlawful assembly and if they had done so much of the destruction and damage might have been averted.

Extent of damage

76. We have seen the nature of the damage caused to Government buildings and the Bar Association building as a result of the fire. The P.W.D. was asked to assess the damage and according to them it will cost Rs. 10,72,500 to restore the buildings and this amount does not include the cost of restoration of the electrical fittings. The C.P.W.D. has assessed Rs. 29,400 as the cost of repairing the damage to the Central Excise office building.

77. The cost of replacement of the furniture, fittings, typewriters, law books, etc., lost by fire has been assessed by the District Judge at Rs. 2,68,200 in respect of the courts and offices under him and at Rs. 2,29,342 by the other offices concerned. There is no means of verifying the cost of replacement of the moveables as stated above. The total loss to Government thus comes to Rs. 15,99,442 excluding the colossal loss of records which cannot be assessed in terms of money.

78. The fifth term of reference requires the assessment of the extent of loss in respect of Government property and records. Damage was also suffered by the Bar Association and the Co-operative Land Development

Bank, but an enquiry into the extent of this damage is not covered by the specific term of reference. I allowed these affected parties to put forward their case in this regard in the view that the same may be covered by the residuary term of reference No. 6 and that it would be relevant for the purpose of getting a complete picture of the total loss that was caused by the senseless act of the miscreants that day.

79. The Bar Association building was gutted and its cost of restoration was assessed by the P.W.D. at Rs. 53,395. The Library of the Bar Association is stated to have been worth Rs. 1,50,000 and the cost of replacement of furniture and fittings has been assessed by the Bar Association at about Rs. 54,000. The Library with the books that it contained cannot be restored for the very simple reason that many of the publications it contained are unobtainable. A workable library can be built with about Rs. 40,000 as stated by the Bar Association and that including the Law Reports, which are generally required in a District Bar Library and not excluding them as claimed. Rupees 20,000 should suffice for replacement of the furniture and fittings that were lost. The total cost of restoration of the building and replacement of the furniture and fittings and of building up a workable library would thus come up roughly to Rs. 1,13,400.

80. As regards the loss sustained by the Co-operative Land Development Bank, it was assessed at Rs. 21,228 by the Additional Registrar of Co-operative Societies.

81. The total loss caused by the fire that day adds up roughly to Rs. 17,34,000.

TERM OF REFERENCE No. 5(b)

Persons responsible for the damage

82. The rampage was started by students who comprised the mob that started the incendiarism. The evidence, however, is that they were joined by grown-up people later. Chemical examination of the remnants of fire recovered from the site, disclosed that kerosene in tins and possibly petrol, pieces of tyres and also pitch, etc., had been brought to help the arson. Identity of the persons involved in the vandalism was not established and all that can be said is that it was the work of students aided by anti-socials who revel in destruction and disorder. One thing, however, is clear and that is that the campaign of destruction did not have any political overtone.

TERM OF REFERENCE No. 6

83. It is time, I feel, when condemnation should be forcefully expressed of the dangerous practice of obstructing the movement of fire engines out to answer calls of fire or for rescue. The practice is gradually assuming a proportion that calls for drastic measures to stop it. Persons indulging in the practice deserve no consideration and the law of the land should provide adequate measures to deal with them. I would suggest for consideration of Government that the Penal Code should be amended by providing that obstruction to movement of fire engines is an act raising apprehension of grievous hurt or death and destruction of property and the right of private defence should be extended to the causing of death in dealing with such obstruction. Fire engines should move with armed escorts with direction to open fire if necessary to ensure their uninterrupted movement.

SUMMARY OF FINDINGS

Term of reference No. 1

84. An insignificant collision between a State bus of N.B.S.T.C. and a police van carrying nine armed C.R.P. men was followed by the arrest of the driver of the bus by the former, in course whereof some physical force was

used. The incident took place close to a school during the tiffin hour and the boys who witnessed the occurrence got excited at the aggressiveness of the C.R.P. and using the school compound as a base, started a campaign of assault on them by pelting them with stones and also scuffling with them. Some C.R.P. men sustained injuries and suffered the tearing of uniforms. Thus harassed and losing face and dignity in public, one of the C.R.P. men lost his head and fired 3/4 rounds towards the school with the obvious object of frightening and scaring the boys. There was no intention to hit anybody, but it was nevertheless a rash and negligent act, which should not have been taken recourse to.

Term of reference No. 2

85. The C.R.P. men manhandled the driver of the bus and two employees of the N.B.S.T.C. and exception was taken thereto by the crowd that quickly gathered at the place of occurrence, which is an important crossing. That crowd contained a good number of students, who spearheaded the protest, which took the form of brickbatting and physical assaults of the C.R.P. men and scuffling with them. The confrontation culminated in one of the C.R.P. men firing 3/4 rounds from his rifle at the school, which was the base of operation of the students. A teacher of the school was hit inside the school compound and he expired the next day. None else was injured as a result of the firing.

Term of reference No. 3

86. The firing was not justified, but there was no intention to hit anybody. What was intended was to frighten and scare away the boys from the school compound which was being used by them as a base of operation against the C.R.P. men. The firing was nevertheless a rash and negligent act.

Term of reference No. 4

87. C.R.P. constable Bishan Sharma was the person who fired the shots. None of his companions of that Unit bears any responsibility therefor. No recommendation as to action that may be taken against the delinquent can, however, be made as the same would be beyond my jurisdiction in view of the Supreme Court decision in Dalmia's case reported in A.I.R. (1958) S.C. 538.

Term of reference No. 5(a)

88. The anger and passion roused by the unjustified firing found expression in a march by the students to Sagardighi around which are situated the Government buildings housing the different offices and courts. The boys wanted to meet the S.P. and the D.C. apparently to lodge their protest against the conduct of the C.R.P., but unfortunately neither of them was there. They started ransacking the offices and bringing out and destroying records and furniture and next began to set fire to the buildings. There was nobody to resist them.

89. In the meantime another crowd comprising partly N.B.S.T.C. staff and partly outsiders rushed to the police-station with the object of taking revenge on the C.R.P. men who had been taken there. The crowd was about 1,000 strong and it continued to swell. The D.C. on getting information immediately went there and tried to pacify the crowd, but he was completely gheraoed in the room of the O.C. and a total pandemonium was created. The crowd demanded that the C.R.P. men should be handed over to them for spot justice and shouts vilifying and abusing the C.R.P. and the police that had been going on were gradually intensified and an atmosphere of violence threatening to overrun the police-station was created. The D.C. continued to pacify the crowd and to persuade it to disperse and it was in the midst of this that he got information of the arson and about the failure of a fire engine to reach the affected spot due to violence on the way. A fire engine was again

despatched and this time under police escort, to deal with the fire, but barricades had been put up on the way and a violent crowd physically prevented the fire engine from proceeding to Sagardighi.

90. Unable to pacify the crowd at the police-station and with arson in Sagardighi area, the D.C. found that the situation was getting out of hand and with the concurrence of the S.P. who had been recalled from his tour and had arrived just then, asked for the help of the army. The army arrived and was sent to Sagardighi with two fire engines, but before they could arrive there after negotiating road blocks and chasing the crowds on the way, two more buildings had been set on fire. The operation of a fire engine under police protection was interferred with by violent crowds which could not be dispersed even by a liberal firing of tear-gas shells and the police party was gradually pushed back. To prevent being overwhelmed, the police fired four rounds of bullets and ultimately it had an effect and the mob melted away, but not before they had succeeded in putting fire to another Government office building and damaging another. Other fire engines which had been sent for from outlying stations arrived and were put into operation, but it was too late to make any difference.

91. The result was that the S.P.'s office building which also housed the D.C.'s Record Room, the District Judge's Court building, the District Registrar's office, the Bar Association building and the Income-tax office building, were all completely gutted with all their records, furniture and fittings. The building which housed the S.D.O.'s office and the Criminal Courts and the offices of the Land Acquisition Collector and of the Bengal Excise Department, were heavily damaged by fire. The D.C.'s office building was also partially damaged and along with it the records, furniture, typewriter, etc., therein. The loss in terms of money was Rs. 15,99,442 in respect of Government property and Rs. 1,34,628 in respect of damage suffered by the Bar Association and the Co-operative Land Development Bank, which was a tenant on the first floor of the Bar Association building.

Term of reference No. 5(b)

92. The primary responsibility for the arson and damage rests on the students who were later joined by elderly people definitely bent on mischief. The Chemical Examiner's report on the remnants of fire disclosed that kerosene and possibly petrol and pieces of tyres and pitch, etc., were used for setting the fire.

Term of reference No. 6

93. Government should consider the feasibility of suitably amending the Indian Penal Code to vest the Fire Brigade with powers to use force to the extent of causing death if unavoidable to prevent obstruction to the movement of fire engines out to answer calls of fire or for rescue and to that end of providing them with armed escorts.

I hereby submit my report.

LABOUR DEPARTMENT

NOTIFICATIONS

No. 328-L.W/LW/5T-48(A)/74.—22nd February 1975.—The results of the Labour Welfare Officers' Training Course Examination, 1973-74 Session, which were published under this Department Notification No. 7396-L.W., dated the 27th December 1974, were subsequently cancelled by another Notification No. 16-L.W., dated the 4th January 1975 of the Department.

The cancellation was due to the fact that after declaration of the said results, complaints were received about irregularities committed during the process of tabulation of marks. On enquiry the allegations were found to be true, which necessitated scrutiny and verification of the marks and fresh tabulation thereafter.

Mark-sheets have since been scrutinised and the irregularities rectified. On the basis of the scrutiny, marks have been correctly and properly tabulated.

The results based on the corrected tabulation of marks are being published hereby declaring the following candidates to have passed the Labour Welfare Officers' Training Course Examination for the 1973-74 Sessions :—

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDERS

No. 5214-I R./IR/8L-60/73.—6th December 1975. —Whereas under the Government of West Bengal, Labour Department, order No. 8208-I.R./IR/8L-60/73, dated 26th December 1973, the industrial dispute between Messrs. Bengal Mill Agency, 1/3 Khagendra Chatterjee Road, Cossipore (Head Office at 132 Jamunalal Bazaz Street, Calcutta-7), and their workmen represented by North Calcutta Textile Mazdoor Union, 14/2C Nirode Behari Mullick Street, Calcutta-6 regarding the issue mentioned in the said order being a matter specified in the Third Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fourth Industrial Tribunal.

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the Annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bengal Mill Agency, 1/3 Khagendra Chatterjee Road, Cossipore (Head Office at 132 Jamunalal Bazaz Street, Calcutta-7), and their workmen represented by North Calcutta Textile Mazdoor Union, 14/2C Nirode Behari Mullick Street, Calcutta-6. (Case No. 282/73.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri T. B. GANGULY, Judge,
Fourth Industrial Tribunal.

AWARD

The Government of West Bengal, Labour Department, by its order No. 8208-I.R./IR, dated 26th December 1973, referred an industrial dispute between Messrs. Bengal Mill Agency, 1/3 Khagendra Chatterjee Road Cossipore (Head Office at 132 Jamunalal Bazaz Street, Calcutta-7), and their workmen represented by North Calcutta Textile Mazdoor Union, 14/2C Nirode Behari Mullick Street, Calcutta-6, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

Issue

Whether closure effected on and from 9th October 1972 is real ? To what relief, if any, are the workmen entitled?

After receipt of the reference usual notices were issued to the parties, who entered appearance and filed their respective written statements.

The Union filed its written statement on 17th May 1974 wherein it is stated that the employer in order to evade its liability on account of Provident Fund Contribution, E.S.I. Contribution, etc took recourse to an illegal lock-out in the form of closure with effect from 9th October 1972 without

any notice to the employees and all the employees were thrown out of employment. It has claimed reinstatement of all the employees with back wages or alternatively for compensation as per schedule annexed thereto.

The Company filed its written statement on 3rd September 1974, wherein it raised, inter alia, a preliminary objection regarding the legality of the reference and the jurisdiction of this Tribunal on the ground that the establiishment having been finally closed down with effect from 9th October 1972, the employer and employee relationship came to an end and accordingly the reference was bad, that the workmen or the alleged Union espousing their cause never raised this dispute with the employer either regarding the closure or the compensation on that account, and that the Union concerned being a general Union and not being a specific Union of the establishment, and it has no authority to espouse the cause of the workmen of Messrs. Bengal Mill Agency.

The instant hearing is relating to the preliminary objection raised by the Company as aforesaid. Order No. 36, dated 26th August 1975, shows that he learned Advocate for the Union conceded that it was a case of real closure but at the same time he submitted that on the basis of the Supreme Court decision reported in 1974 Lab. I. C. 730, the Tribunal had jurisdiction to adjudicate upon the benefits due to the workmen on account of the closure. The Company relies on the decision of the Supreme Court reported in 1975(I) LLJ, 235, which is the decision in a case arising before the amending Act 43 of 1953 came into force. laying down the principles that where it is found that a business is completely closed down and dispute arising with respect thereto would fall outside the purview of the instant case. I therefore hold that even though it is conceded on behalf of the Union that it is a case of complete closure, nevertheless a dispute relating to compensation arising on account of closure may be an industrial dispute which can be validly referred to a Tribunal for adjudication under section 10 of the Industrial Disputes Act.

Be that as it may, the most important point for decision of this case is whether the workmen concerned or the North Calcutta Textile Mazdoor Union ever raised any dispute regarding closure compensation with the employer, Messrs. Bengal Mill Agency.

On behalf of the Union it is contended that the decision of the Supreme Court laid down in AIR 1968 S.C 529, i.e., the Sindhu Resettlement Corporation case, is not attracted to the facts of the instant case, and the learned Advocate Shri S. Dhar appearing on behalf of the workmen strongly relied on the decision of the Gouhati High Court reported in 1975 Lab. I.C. p. 1065. It appears that this case relates to the retrenchment of a single employee and the reference involved in section 2A and section 10 of the Industrial Disputes Act, and it was held that where the workman claimed right from the beginning relief of reinstatement and back wages and where the employer controverted the validity of the reliefs claimed by the workman firstly before the Chief Labour Officer and thereafter before the Labour Court, and where the workmen persisted in his stand, it was quite evident that there was an industrial dispute between the parties. Their Lordships of the Gouhati High Court in the instant case very carefully analyse the decision in the Sindhu Resettlement Corporation Case, the decision of the Supreme Court reported in AIR 1953 S.C. 53 and the two decision of Patna and Rajasthan High Courts reported in AIR 1970, Patna 295 and AIR 1969 Rajasthan 95 respectively. On a careful consideration of the decision arrived at by the Gouhati High Court, Patna High Court and Rajasthan High Court following the decision of the Supreme Court in the Sindhu Resettlement Corporation case, it is clear thatthe position in law is that arising of dispute by the workmen with the employer specifically in order to give it the character of the industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act, 1947, depends on the facts of a particular case and where the facts lead to the conclusion that a dispute was within he knowledge of both the parties, i.e., the employer and the employees, a reference by the State Government on the basis of subsisting industrial dispute will be valid and maintainable in law. The Rajasthan High Court has clearly observed that in Sindhu Resettlement Corporatiion case the retrenched employees and the Union having confined their demand with the management to retrenchment compensation only, and not having made any demand for reinstatement, the reference by the Government under section 10 in respect of reinstatement was held to be bad by the Supreme Court.

On behalf of the Company the Sindhu Resettlement Corporation case and the decision of the Delhi High Court reported in 1973(II) LLJ, 307 and principally relied on. In the latter case Their Lordships of the Delhi High Court while analysing the decision of the Supreme Court in the Sindhu Resettlement Corporation case held that a demand by a workman and its rejection by the employer was necessarily to constitute an industrial dispute. In view of what has been discussed above, I am inclined to hold that perhaps it will be on the line of the decision of the Supreme Court in the Sindhu Resettlement Corporation case to examine and consider the question of existence of an industrial dispute in the context of the facts of a particular case.

The facts in the instant case clearly shows that by Ext. 2, the closure notice, dated 10th August 1972, the employer notified to the workmen its intention to completely close down the factory after the lapses of the statutory period. Exhibit 2/a is the notice, dated 9th October 1972. It shows that the establishment was closed down with effect from 9th October 1972 and the employer informed the employees that closure compensation along with the arrear wages would be paid in due course. O.P.W. 1, K. K Bhattacharjee, who is the Assistant Secretary of the North Calcutta Textile Mazdoor Union and also was an employee of Messrs. Bengal Mill Agency, says that they raised the dispute, in writing with the Labour Commissioner by the letter, Ext. E, dated 9th October 1972. Exhibit E shows that it does not refer to the factum of closure and also to the closure notice. But the Union requested the Labour Commissioner, Government of West Bengal, by this letter to take steps so that the workmen were not deprived of their legal rights. By this letter the Union alleged that the Company did not allow the workmen to enter into the factory

with effect from 9th October 1972. There is no evidence that after the closure the workmen or the Union on their behalf raised any demand or dispute regarding the closure compensation with the employer. Even before the Labour Commissioner the factum of closure was not alleged and no closure compensation was mentioned. P.W. 1, K. K Kejriwala, one of the Partners of Messrs. Bengal Mill Agency, says specifically that after closure, the workmen never raised any dispute with them regarding the closure and that, for the first time they received Ext. 1, the letter, dated 3rd October 1972, from the Conciliation Officer, with regard to the closure notice. He further says that before the instant reference the workmen or the Union never made any demand regarding closure compensation from them, and that 75 per cent. of the workmen and all members of the staff excluding two or three left the concern by receiving compensation in full and final satisfaction. In the context of these facts and circumstances of the case I hold that this is a case where the factum of closure was never disputed nor any dispute was raised with the employer by the workmen or the Union on their behalf regarding the closure compensation. Accordingly, the instant reference by the State Government on the basis of subsisting industrial dispute regarding closure and the compensation arising there out is bad and not tenable in law. Consequently, this Tribunal has no jurisdiction to entertain and adjudicate upon the instant reference.

Another point is regarding the authority and competence of the North Calcutta Textile Mazdoor Union to espouse the cause of the workmen of Messrs. Bengal Mill Agency though O.P.W. 1, K. K. Bhattacharjee, Assistant Secretary of the Union, claims such authority and competence and though Ext. A, the Memorandum of Settlement with the Union and the Bengal Mill Agency, dated 4th April 1972, Ext. B, the notice, dated 27th January 1972, sent by Messrs. Bengal Mill Agency to the North Calcutta Textile Mazdoor Union show that the employer recognised the said Union and had dealing with it and though Ext. C, the Subscription Register, Ext. D, the annual return submitted to the Registrar, Trade Unions, West Bengal, and Ext. D/1 the receipt granted by the Registrar for Ext. D have been proved on behalf of the Union to show their authority and competence to espouse the cause of the workmen of Messrs. Bengal Mill Agency, I am unable to hold that the authority and competence of the Union have been proved in the manner as required in law. A recent decision of the Calcutta High Court reported in 1975 Lab. I.C., 1153 lays down that where no resolution of the Union espousing the cause of the workmen of a particular establishment was not proved, the Union had no locus standi to represent the workers. It has been observed in this case as follows :

> "But when the dispute is espoused or sponsored by a Union it seems to have been uniformly held that when the authority of the Union is challenged by the employer it must be proved by production of material evidence before the Tribunal, to which such a dispute has been referred, that the Union has been duly authorised either by a resolution of its members or otherwise that it has the authority to represent the workman whose cause it is espousing. Mere fact that the said Union is registered under the Indian Trade Unions Act is not conclusive proof of its real existence or the authority to represent the workmen. Mere negotiations by some official of the Union with the employers for conciliation or executing certain documents on behalf of the workmen prior to the reference are not conclusive to give the alleged dispute character of an industrial dispute within section 2(k). It is also not conclusive of the authority of the Union to represent the workman whose dispute it is alleged to be espousing before the Tribunal. It is immaterial whether the said Union is a general Union of the workmen of a particular industry or it is a Union of the particular establishment relating to which the dispute has arised between it and its workmen".

On similar point decisions of the Madras High Court reported in 1960(I) LLJ 349 and 1965(I) LLJ 95 have been cited. The learned Advocate for the Company cites another decision of the Orissa High Court reported in 1971(I) LLJ 60 which lays down that the existence or otherwise of a dispute must be determined in relation to the date of reference, and that the jurisdiction of the Tribunal to proceed with the matter wholly depends upon whether the industrial dispute referred to it for adjudication existed or apprehended on the date of reference. In this context it may be said that on the date of reference, dated the 26th December 1975, the relationship of employer and employee not subsisting, there could not be an industrial dispute existence or apprehended on the date of reference.

In view of what has been found above, I hold that the instant reference is bad in law and this Tribunal has no jurisdiction to entertain and adjudicate upon such a reference

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute existing between Messrs. Metal Smelting & Engineering Works, 101/A/1 B. T. Road, Calcutta-50, and their workman Shri Arup Ratan Khastagir, 5/62 Dum Dum Road, Calcutta-50, to this Tribunal by its order No. 7639-IR, dated 18th December 1974, for adjudication upon the matter under section 10 read with section 2A of the Industrial Disputes Act, on the following issue :

Issue

Whether termination of service of Shri Arup Ratan Khastagir, a permanent chemist by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

This is a reference, dated 18th December 1974, under section 10 read with section 2A of the Industrial Disputes Act, of an existing industrial dispute between one Messrs. Metal Smelting & Engineering Works and their workman Shri Arup Ratan Khastagir. The reference relates to the question of termination of service of the aforesaid workman and is contained in the issue as above.

The reference was received in this office on 27th December 1974. After notice the parties appeared. The workman filed written statement on 14th February 1974, and the Company on 5th June 1975. Shri Motish Roy, represented the workman and Shri K. C. Dutta appeared on behalf of the Company. The workman objected to the appearance of the Company by legal practitioner and the objection was sustained. So, they engaged one Shri S. K. Majumder, Assistant Labour Adviser of Bengal National Chanber of Commerce & Industry, to represent them before this Tribunal in this case. The case was first fixed for hearing on 30th September 1975. On that day the aforesaid representative of the Company prayed for time on the vague ground that due to some unavoidable circumstances he was not in a position to conduct the hearing of the case on that day. As the learned representative of the workman did not object the prayer of the Company was allowed. The case was accordingly adjourned to 9th October 1975, for hearing. But on that date also the said representative of the Company filed a similar petition for time on a similarly vague ground. So, the petition was rejected and the case was taken up for ex-parte hearing. An application for review was also rejected.

The facts of the case are briefly as follows :

The workman is a permanent chemist of the Company on a salary of Rs. 410 per month inclusive of all allowances and he had been working in the Company without any blemish whatsoever. The workmen of the Company took up a scheme for formation of a Union of the workmen and staff of the Company in the name of Chatterjee & Sons Employees' Union and steps were taken for registration of the Union. The Management, coming to know of this, made a wrong guess that this particular workman was the root of formation of the Union. At a first measure, to break the morale of the workmen, the management refused employment to this workman since the evening of 4th October 1972. On 5th October 1972, this workman went up to the factory gate for joining his duties but he was not allowed entrance and the proprietor Shri P. Chatterjee stated before this workman that his service has been terminated for forming the Union. Thereafter, the workman sent a registered letter on the same day demanding, inter alia, reinstatement in his service with full back wages. But the management did not take any action. Hence, this reference after unsuccessful attempts at conciliation. The workman prays for reinstatement with full back wages after a declaration that the termination in question is unjustified.

The management filed written statement in the case. The Company took two major defences, namely, that the workman was guilty of carrying on business in partnership in the same trade carried on by the employer without their knowledge. The second defence is that the workman himself declined to report for duties and voluntarily left the service, as he already secured a better job under Messrs. Hindustan Metal Works from October 1972. The Company also stated that they offered him fresh employment. Finally, they denied the story of victimising the workman for his Trade Union activities.

In this case only the workman has deposed. He has also produced some documents. It is found from the deposition of the workman that he had been working in this Company since August 1970, that when he reported for duty on 4th October 1972, he was refused employment and asked not to come to duty from the next day without assigning any reason whatsoever, that he reported for

duty on the 5th also but was not allowed to enter into the office and that he protested in writing demanding also therein reinstatement with back wages, etc. The letter is Ext. 1 and the postal receipt and the acknowledgment show that the Company received it. The Company is not found to have given any reply to it disputing the contention. The workman also denied the Company's case that he voluntarily abandoned their service as he took up a job in Messrs. Hindustan Metal Works or that he had been working there since October 1972. He however admitted that he was a partner in respect of a partnership business but at the same time he contends he is only a sleeping partner and that he does not take part in the day-to-day affairs of the business, and does not even know what business it does. Last of all, he contends that the said partnership business has also ceased to be in existence. It is therefore not found that the said business is of the same nature as that of the Company in reference. He is also found not to have carried on that business.

So, in the absence of evidence to the contrary, I fail to reject the workman's contention that he did not voluntarily abandone the service of this Company, that he did not take up job in an allied concern, viz., Hindustan Metal Works or that he had not been working there since October 1972. Similarly, in the absence of evidence to the contrary, I fail also to reject his contention that he was only a sleeping partner in respect of a partnership business, not taking part in the management thereof, and that the said partnership business has also ceased to exist. The Company's defence of voluntary abandonment of service after taking a job without their knowledge in another allied concern or because of carrying on a business in partnership of the same nature as that of the Company has, therefore, no legs to stand upon so far as the materials on record are concerned. So, the workman's case that his service was terminated by way of refusal of employment stands unrebutted. This termination of service by way of refusal of employment undoubtedly offends against the principles of natural justice, inasmuch as, not to speak of submitting any charge-sheet followed by enquiry not even a written notice of termination assigning any reason was given. No evidence is also given by the employer in in support of the action taken (of course, the Company does not say that they terminated the service). It is also mala fide. The workman says that this has been done to victimise him for his Trade Union activities, namely, for his taking part in the formation of a Union. He also produced an application along with resolutioin of the workmen for registration of a Trade Union, Ext. 2. This Company was previously known as Chatterjee & Sons. The evidence on record being what it is, I find no hesitation in holding that the arbitrary nature of termination of service only goes to strengthen the workman's contention that his services have been terminated with a view to victimise him for his taking part in the organisation of a Trade Union. It is an instance of unfair labour practice and also a colourable exercise of the power on the part of the employer. This termination is harsh and arbitrary and it is punitive in nature also. There is, therefore, no doubt that such a termination of service is nothing but entirely illegal and unjustified. Such a termination is, therefore, liable to be only set aside and the workman is entitled to reinstatement with back wages only at the rate of 50 per cent. his monthly pay being Rs. 410 inclusive of all allowances.

It should also be noted in this context that the workman is not bound to accept fresh employment, which the Compay offered to him, his services not having been lawfully terminated at any point of time and therefore continuing uninterrupted. He made necessary demand in the letter, Ext. 1, so as to raise the requisite industrial dispute. The workman, therefore, succeeds in part. The employer do reinstate him in his service with half back wages.

This is my award and this disposes of the reference.

House Rent	1.73	100	100	100	100
Combined Index	100.00	297	299	308	293

The C. P. I. Numbers for July 1975 and August 1975 have recorded rise by 2 and 9 points respectively, i. e. from 297 in June 1975 the Index Number has gone up to 299 in July 1975 and to 308 in August 1975. Thereafter the Index No. has come down to 293 in September 1975 with a fall by 15 points.

The rise in the C. P. I. Numbers in July 1975 and August 1975 is due mainly to the rise in prices of—

July 1975—Rice, kalaidal, gur, egg, brinjal, onion, coal, cowdung cake, almost all the items in clothing group, tobacco, etc.

August 1975—Rice, atta, chhatoo, gur, mustard oil, fish, egg, onion, saree, pan, etc.

The fall in the C. P. I. Nos. for the month of September 1975 is mainly due to fall in the prices of rice, masurdal, arhardal, chholadal, meat, egg, coal, cowdung cake, some item in clothing group, tobacco, hair oil etc.

PART I—Orders and Notifications by the Governor of West Bengal, the High Court Government Treasury, etc'

GOVERNMENT OF WEST BENGAL

DIRECTORATE OF AGRICULTURAL ENGINEERING

NOTIFICATIONS

No. DN-345.—3rd January 1976.—In exercise of the power conferred by sub-section (1) of section 3 of the West Bengal Act XLVIII of 1974, the Governor proposes to impose *Levy in the Command Area referred below from 1st June 1975. The Command Area has been developed as an irrigation project for providing irrigation facilities through a Deep Tube-well No. 329-N.

A plan of the area along with the land schedule both for Rabi and Khariff crops may be inspected in the tube-well centre located within the Command Area.

Any objection to the imposition of levy may be filed within a month from the date of publication of this notice.

*Levy includes both development levy and user's levy. Development levy will be 50 per cent of user's levy on the basis of the water rate of the crop grown in the majority of the area surrounding the plot within the Command Area.

Description of the Command Area

Mauza Sahapur, jurisdiction list No. 66, police-station Hanskhali, district Nadia.

Cadastral survey plot Nos.—3-10, 18-45, 51-63, 77(P), 78-140, 157, 159-166, 184-185, 194-213, 497-533, 536, 539-550, 597-664, 665(P), 666-669, 673-693, 693, 698, 699(P), 712-715, 722-728, 730, 1731, 1734, 1736-1737, 1740-1743, 1745 and 1762-1765.

Total Rabi area—86·02 acres (approx·).
Total Khariff area—108 acres (approx.).

By order of the Governor,
D. M. MUKHERJEE,
Chief Engineer(Agri.).

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs A. K. Corporation (Pvt.) Ltd., 93 Park Street, Calcutta-16, and their workman Shri Onkar Nath Misra, C|o. Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly, 19|2A Pitambar Ghatak Lane, Calcutta-27, to this Court by its order No. 7288-IR|IR|11L-125|70, dated 31st October 1970, for adjudication on the following issue :

Issue

Whether termination of service of Shri Onkar Nath Misra by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

This reference between Messrs A. K. Corporation (Pvt.) Ltd and their workman Shri Onkar Nath Misra has been made under section 10 read with section 2A of the Industrial Disputes Act.

Both parties, on receiving notices, entered in appearance and filed their respective written statements.

The workman Onkar Nath Misra, by filing his written statement, inter alia, says that he was appointed as a Driver under the Company with effect from 2nd February 1965 and he was drawing salary of Rs. 190 per month. On 30th January 1969 at about 10-45 a.m. he was called and told that his service would not be required. No charge-sheet was given to him and no reason was assigned as to why his service was being terminated. Then by a letter dated 16th February 1969 he asked the Company to take him in his former service but the Company did not pay any heed to his request. Then he authorised the Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly, to take up his case with the Labour Commissioner. Shri R. Sen Gupta, Labour Officer, West Bengal, called both the parties on several occasions but the Company did not turn up. But by the letter dated 11th March 1969 the Company alleged that the workman was neglecting his duty and was interested in purchasing his own car. This was denied by the Union. But the Company did not settle the dispute and therefore the matter has been referred to this Court.

Messrs A. K. Corporation (Pvt) Ltd. (hereinafter referred to as the Company), by filling a written statement, contends that the workman left the service of the Company on 30th January 1969 and his service has not been terminated by way of refusal of employment. The Company did not receive any letter from the workman dated 16th February 1969. The workman relinquished his service on and from 30th January 1969 and he did not report for duty since that date. He was interested in plying his own car as a taxi and therefore he is not entitled to the relief of reinstatement with back wages or any other relief.

Exhibit 1 is the original appointment letter and it shows that the Company appointed Onkar Nath Misra as a Driver with effect from 2nd February 1965 on a salary of Rs. 175 per month. It is admitted that he continued in his employment as a Driver under the Company up to 30th January 1969. The workman says that on 30th January 1969 when he went to report for duty at 10-45 a.m. the Company did not permit him to work and without assigning any reason his service was terminated. It has been contended on behalf of the Company that the workman did not report for duty on 30th January 1969 and he voluntarily refused to serve under the Company since that date.

Two witnesses have been examined in this case. The workman Onkar Nath Misra has examined himself as PW I and one Mr Narendra Nath Bakshi, Administrative Officer of the Company, has been examined on behalf of the Company. The workman says that even after 30th January 1969 he went to join his duty on 4 or 5 dates but he was not allowed to resume his duty. So he sent a letter to the Company on 16th February 1969 requesting the Company to allow him to resume the duty. Exhibit 2 is the copy of the letter which was sent to the Company. Exhibit 3 is the postal receipt and Exhibit 4 is the acknowledgment. This acknowledgment, Exhibit 4, shows that the letter was received in the Company's office on 18th February 1969 and it bears the seal of the Company itself. In this letter, Exhibit 2, the workman has stated the entire facts which have been stated in the written statement. So the allegation of the Company that the workman Onkar Nath Misra voluntarily refused to come on duty on and from 30th January 1969 is false and baseless. It has been alleged on behalf of the Company that the workman was interested in driving his own taxi but that has been denied by the workman himself. He says that he does not own and possess any taxi and therefore there was no question of driving a taxi. It is for the Company to prove that the workman had purchased a car and he was interested to drive that as a taxi. The Company has not proved the allegation made by it in the written statement and therefore the assertion of the workman that he did not possess any such taxi cannot be disbelieved.

The foregoing discussion shows that the Company refused to employ the workman on and from 30th January 1969 without assigning any reason The request made by the workman as per Exhibit 2 was brushed aside. This act of the Company is highly illegal and unjustified. A domestic enquiry should have been held by the Company if it had the intention to terminate his service. But no such thing was done and one fine morning when he reported for duty he was asked to go away. So the termination of service of the workman Onkar Nath Misra by way of refusal of employment to him by the Company is unjustified. He is entitled to the relief of reinstatement with full back wages. I. therefore, direct the Company to reinstate the workman with full back wages within one month from the date of publication of this award in the "Calcutta Gazette."

This is my award.

West Bengal Act XLVI of 1975

THE WEST BENGAL RELIEF OF RURAL INDEBTEDNESS ACT, 1975.

[*Passed by the West Bengal Legislature.*]

[Assent of the President was first published in the *Calcutta Gazette, Extraordinary,* of the 5th January, 1976.]

An Act to provide for relief of rural indebtedness in West Bengal.

WHEREAS it is expedient to provide for relief of rural indebtedness in West Bengal;

It is hereby enacted in the Twenty-sixth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the West Bengal Relief of Rural Indebtedness Act, 1975.

(*2*) It extends to the whole of West Bengal.

(*3*) It shall come into force in such areas and on such dates as the State Government may, by notification in the *Official Gazette,* appoint and different dates may be appointed for different areas.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "agriculture" includes horticulture and dairy farming, pisciculture, forestry, sericulture, bee-keeping, piggery, poultry farming and growing of fruits, vegetables and the like;

The West Bengal Relief of Rural Indebtedness Act, 1975.

(Section 2.)

(*b*) "agricultural labourer" means a person who follows any one or more of the following agricultural occupations in the capacity of a labourer on hire or exchange, whether paid in cash or in kind or partly in cash and partly in kind, namely:—

(*i*) farming including cultivation and tillage of soil,

(*ii*) dairy farming,

(*iii*) production, cultivation, growing and harvesting of any horticultural commodity,

(*iv*) raising of livestock, bees or poultry, and

(*v*) any practice performed on a farm as incidental to or in conjunction with farm operations (including any forestry or timbering operations) and preparation for market and delivery to storage or to market or to carriage for transportation of farm products;

(*c*) "Appellate Officer" means an officer appointed under sub-section (*1*) of section 12;

(*d*) "artisan" means a person who does not hold any agricultural land and whose principal means of livelihood is production or repair of traditional tools, implements and other articles or things used for agriculture or purposes ancillary thereto, and also a person who normally earns his livelihood by practising craft either by his own labour or by the labour of the members of his family in the rural area;

(*e*) "authority" means an officer appointed under section 3;

(*f*) "bank" means a banking company as defined in clause (*c*) of section 5 of the Banking Regulation Act, 1949 and includes the State Bank of India constituted under the State Bank of India Act, 1955, a subsidiary bank as defined in the State Bank of India (Subsidiary Banks) Act, 1959, a corresponding new bank as defined in clause (*d*) of section 2 of the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970, a banking institution notified by the Central Government under section 51 of the Banking Regulation Act, 1949 and also includes any other financial institution which may be notified in this behalf by the State Government; 10 of 1949. 23 of 1955. 38 of 1959. 5 of 1970.

(*g*) "Collector" includes any officer not below the rank of Deputy Collector appointed by the State Government to exercise all or any of the powers of a Collector under this Act;

(*h*) "debt" includes all liabilities in cash or in kind incurred by a debtor on or before the first day of July, 1975, either voluntarily or by or under a decree or order of any court and which may be secured or unsecured and payable presently or in future, but does not include the following, namely:—

(*i*) any rent due in respect of a property let out to a debtor,

(*v*) any liability for maintenance arising under an order of a court or otherwise,

(*vi*) any sum due as the price of articles or goods sold,

(*vii*) any share of the produce of land payable on account of land cultivated under the system known as *adhi, barga* or *bhag*,

(*viii*) any mortgage by a *raiyat* of his holdings or any share thereof under a usufructuary mortgage referred to in sub-section (*1*) of section 7 of the West Bengal Land Reforms Act, 1955, West Ben. Act X of 1956.

The West Bengal Relief of Rural Indebtedness Act, 1975.

(Sections 3—5.)

(*ix*) any sum recoverable as a public demand under the Bengal Public Demands Recovery Act, 1913, Ben. Act III of 1913.

(*x*) any sum due to the Central or any State Government or a bank or a co-operative society or a local or statutory authority or the Life Insurance Corporation of India;

Explanation I.—Any liability incurred by a debtor on or after the first day of July, 1975, which is in fact a substitution of a liability previously incurred by him shall be deemed to be a debt within the meaning of this Act;

Explanation II.—For the purposes of this Act, debt includes all kinds of mortgage and a mortgage includes an out and out sale with an agreement, written, or oral, for reconveyance of the property transferred, to the transferor;

(*i*) "debtor" means a person who is resident outside an area included in a Corporation, municipality, notified area or Cantonment and who belongs to any of the following categories, namely:—

(*i*) marginal farmer,

(*ii*) small farmer,

(*iii*) agricultural labourer, and

(*iv*) artisan;

(*j*) "farmer" means a person who is engaged in agriculture;

(*k*) "marginal farmer" means a farmer who possesses not more than two hectares if he is a member of any of the Scheduled Tribes, and one hectare in other cases, of land, either as an owner or as a *raiyat* or as a share-cropper;

(*l*) "prescribed" means prescribed by rules made under this Act;

(*m*) "small farmer" means a farmer who possesses more than two hectares but less than four hectares if he is a member of any of the Scheduled Tribes, and more than one hectare but less than two hectares in other cases, of land, either as an owner or as a *raiyat* or as a share-cropper.

Appointment of authority.

3. The State Government may, by notification, appoint one or more persons as authorities, for carrying out the purposes of this Act, in respect of local areas to be specified in such notification.

Application for determination of debt.

4. (*1*) A debtor may, within such time and in such manner as may be prescribed, make an application to an authority for the local area within which such debtor ordinarily resides, for determination of his debt.

(*2*) Unless the debtor has already made an application under sub-section (*1*) any of his creditors may also make an application to the same authority to which, and in the same manner in which, the debtor might have applied under that sub-section for determination of the debt in question.

(*3*) If applications are made to more than one authority in respect of the same debt, such applications shall, subject to such rules as may be made in this behalf, be transferred to and dealt with by one authority.

(*4*) An application under sub-section (*1*) or under sub-section (*2*) shall be in writing in the prescribed form and shall be accompanied by such fee as may be prescribed.

Determination of amount.

5. (*1*) On receipt of an application under section 4 the authority, after giving an opportunity to the parties concerned to appear and be heard, shall determine in respect of the debt in question the amount of the principal and the amount of interest due thereon, up to the date of such determination.

(*2*) When the authority has determined under sub-section (*1*) the amount of the debt together with interest the decision of the authority to be embodied in an order, shall, subject to the provisions of section 12 relating to appeal, be final and shall not be called in question in any civil court.

The West Bengal Relief of Rural Indebtedness Act, 1975.

(Sections 6—10.)

(*3*) The procedure to be followed by an authority in any proceeding before it shall, subject to the provisions of this Act, be in accordance with such rules as may be prescribed.

Order.

6. An order made under sub-section (*2*) of section 5 shall be in the prescribed form and shall include such particulars as may be prescribed.

Relief to debtors in certain cases.

7. (*1*) Notwithstanding anything contained elsewhere in this Act,—

(*i*) in every case in which a debtor is—

(*a*) an agricultural labourer whose total annual income from all sources does not exceed rupees twenty-four hundred, or

(*b*) a marginal farmer whose land is non-irrigated, or

(*c*) an artisan whose total annual income from all sources does not exceed rupees twenty-four hundred,

the authority shall pass an order discharging the debt completely and grant him a certificate of discharge in the prescribed form which shall release the debtor from all debts which were or might have been included in the application under section 4,

(*ii*) in every case in which the debtor is a small farmer, or a marginal farmer whose land is irrigated, the authority shall, subject to such rules as may be made in this behalf, by an order, reduce the debt to such amount as does not exceed twenty *per cent.* of the estimated gross value of the agricultural produce earned by such debtor in the year preceding the year in which the determination takes place, multiplied by a figure not exceeding seven and shall make a further order that the amount of the debt be repaid in such monthly or annual instalments covering a period not exceeding seven years, either with or without interest, as the authority may determine.

(*2*) Subject to the provisions contained in sub-section (*1*), in every other case in which an order is made under section 5, the debtor shall repay the debt, with interest, if any, in such number of instalments covering a period not exceeding seven years as may be mentioned in the order.

Prohibition regarding rate and amount of interest.

8. Notwithstanding anything contained in any law for the time being in force, or in any agreement, no debtor shall be liable to pay after the commencement of this Act—

(*a*) any sum in respect of principal and interest, which together exceeds twice the principal,

(*b*) on account of interest outstanding on the date up to which such liability is computed, a sum greater than the principal outstanding on such date,

(*c*) any interest other than simple interest at a rate of six *per centum per annum* or the rate stipulated between the parties, whichever is less.

Bar to suits and proceedings and execution of decrees in civil or revenue courts.

9. (*1*) No civil or revenue court shall entertain a suit, application or proceeding against a debtor in respect of any debt to which the provisions of this Act apply and any suit, application or proceeding pending before such court after the coming into force of this Act shall abate.

(*2*) Notwithstanding anything contained in any law for the time being in force, no decree of a civil court or certificate under the Bengal Public Demands Recovery Act, 1913, in relation to a debt to which the provisions of this Act apply, shall be executed.

Ben. Act III of 1913.

Decision as to status of a debtor or nature of liability.

10. If any question arises in connection with a proceeding under this Act before an authority as to whether a person is a debtor or not or whether a liability is a debt or not, the authority shall decide the question.

(Sections 11—19.)

Transfer of application from one authority to another.

11. (*1*) The State Government may authorise the Collector to transfer from one authority to another, for disposal, an application made under section 4.

(*2*) An authority to which an application is transferred under sub-section (*1*) may continue the proceeding in connection with the application from the stage which has been reached when the application is transferred.

Appeals.

12. (*1*) An appeal may be made in the prescribed manner to an Appellate Officer to be appointed by the State Government, against any decision or order of an authority, made under this Act.

(*2*) An appeal under sub-section (*1*) shall be made within thirty days from the date of the decision or order referred to in that sub-section.

(*3*) The State Government may make rules regarding the procedure to be followed by an Appellate Officer and the fees to be paid by an appellant for preferring the appeal.

(*4*) The Appellate Officer may, after giving the appellant an opportunity of being heard, either confirm or modify the decision or order made by the authority or direct the authority to take such action as the Appellate Officer thinks fit.

(*5*) An order passed by an Appellate Officer under this section shall be final.

Certain Acts not to apply.

13. The provisions of the Indian Evidence Act, 1872 and the Code of Civil Procedure, 1908, shall not apply to any proceeding before an authority or an Appellate Officer. 1 of 1872. 5 of 1908.

Representation of a party before a court.

14. Subject to any rules made in this behalf, no legal practitioner or any other agent shall represent any party in any proceeding before an authority or an Appellate Officer, without the permission of the authority or Appellate Officer, as the case may be.

Indemnity.

15. No suit, prosecution or legal proceeding shall lie against an authority or an Appellate Officer or any other person in respect of anything in good faith done or intended to be done under this Act.

Penalty.

16. (*1*) Whoever,—

(*a*) intentionally makes any false statement before an authority or an Appellate Officer in any proceeding under this Act,

(*b*) intentionally produces before an authority or an Appellate Officer any false document, or

(*c*) abets any such act,

shall, on conviction, be liable to imprisonment for a term which may extend to one year or to a fine which may extend to one thousand rupees or to both.

(*2*) No prosecution for any offence under this section shall lie except with the permission of the Collector.

Power to make rules

17. (*1*) The State Government may make rules for carrying out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power such rules may provide for all or any of the matters which may be or has to be prescribed.

Act to override other laws.

18. The provisions of this Act shall have effect notwithstanding anything to the contrary contained in any other law, in any contract, express or implied, or in any instrument and notwithstanding any custom or usage to the contrary

Saving under article 31C of the Constitution.

19. It is hereby declared that the provisions of this Act are for giving effect to the policy of the State towards securing the principles specified in clause (*b*) and clause (*c*) of article 39 of the Constitution.

The West Bengal Relief of Rural Indebtedness Act, 1975.

(Section 20.)

Repeal and savings.

20. (*1*) The West Bengal Relief of Rural Indebtedness Ordinance, 1975, is hereby repealed. West Ben. Ord XIX of 1975.

(*2*) Anything done or any action taken under the West Bengal Relief of Rural Indebtedness Ordinance, 1975, shall be deemed to have been validly done or taken under this Act as if this Act were in force on the day on which such thing was done or such action was taken.

PART III—Acts of the We Bengal Legislature

GOVERNMENT OF WEST BENGAL

LEGISLATIVE DEPARTMENT

NOTIFICATION

No. 33-L.—5th January, 1976.—The following Act of the West Bengal Legislature, having been assented to by the President, is hereby published for general information :—

West Bengal Act XLVII of 1975

THE WEST BENGAL ACQUISITION OF HOMESTEAD LAND FOR AGRICULTURAL LABOURERS, ARTISANS AND FISHERMEN ACT, 1975.

[*Passed by the West Bengal Legislature.*]

[Assent of the President was first published in the *Calcutta Gazette, Extraordinary,* of the 5th January, 1976.]

An Act to provide for the acquisition of land in rural areas on which homestead has been constructed by any person being an agricultural labourer, an artisan or a fisherman and conferment of title to such land in favour of such person.

WHEREAS it is expedient to provide for the acquisition of land in rural areas on which homestead has been constructed by any person being an agricultural labourer or an artisan or a fisherman and conferment of title to such land in favour of such person ;

It is hereby enacted in the Twenty-sixth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

1. (*1*) This Act may be called the West Bengal Acquisition of Homestead Land for Agricultural Labourers, Artisans and Fishermen Act, 1975.

Short title and extent.

(*2*) It extends to the whole of West Bengal except the areas included within a municipal corporation, a municipality, a town committee, a notified area and a cantonment and also the areas included within the Calcutta Metropolitan Area.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "artisan" means a handicraftsman and includes potter, carpenter and blacksmith ;

The West Bengal Acquisition of Homestead Land for Agricultural Labourers, Artisans and Fishermen Act, 1975.

(*Sections 3—6.*)

(*b*) "Calcutta Metropolitan Area" means the area as defined in section 2 of the Calcutta Metropolitan Development Authority Act, 1972; West Ben. Act XI of 1972.

(*c*) "Collector" means the Collector of a district and includes an Additional District Magistrate or any other officer appointed by the State Government to discharge any of the functions of a Collector under this Act;

(*d*) "homestead" means a dwelling house which is complete in itself and is not shared in common with any person other than a person belonging to the same family and includes any courtyard, compound, garden, place of worship, family graveyard, tank, well, privy, latrine, drain and boundary wall annexed to or appertaining to such dwelling house but does not include a brick-built structure with a *pucca* roof:

Provided that in the district of Darjeeling excluding its Siliguri subdivision a homestead shall include a brick-built structure with a *pucca* roof;

Explanation.—For the purposes of this clause, "family" includes husband, wife, son, daughter and any lineal descendant of any son or daughter;

(*e*) "land" means either agricultural land or non-agricultural land upon which there is a homestead;

(*f*) "occupier" means an agricultural labourer or an artisan or a fisherman who is in possession of any land of another person, either as a lessee or as a licensee or as a trespasser and who holds no other land in any capacity whatsoever and includes the heirs of such person;

(*g*) "prescribed" means prescribed by rules made under this Act.

Act not to apply to certain lands.

3. Nothing in this Act shall apply to any land—

(*a*) belonging to, or taken on lease or requisitioned by, the Central or any State Government;

(*b*) belonging to, or taken on lease by, any local or statutory authority.

Acquisition of lands for occupiers.

4. Where an occupier has been in possession of any land on the 26th day of June, 1975 then—

(*a*) if the land in his possession does not exceed .0334 hectare, such land, and

(*b*) if the land in his possession exceeds .0334 hectare, so much of such land as does not exceed .0334 hectare,

shall stand acquired by the State Government and shall thereupon stand transferred to and vest absolutely in favour of such occupier.

Amount to be paid.

5. When any land is acquired under section 4, there shall be paid by the State Government to every owner an amount which shall be equivalent to ten times of the annual revenue or rent, as the case may be, of such land to be determined by the Collector in the prescribed manner.

Explanation.—An owner includes all persons claiming an interest in the amount to be paid on account of the acquisition of the land and a person shall be deemed to be interested in land if he is interested in an easement affecting the land.

Apportionment of the amount.

6. Where there are several persons interested in the land acquired under section 4, the Collector shall, by order, apportion the amount amongst such persons in accordance with the nature and extent of interest held by each such person.

The West Bengal Acquisition of Homestead Land for Agricultural Labourers, Artisans and Fishermen Act, 1975.

(*Sections 7—15.*)

Status of occupier.

7. An occupier in whose favour any land vests under section 4 shall have the status—

(*i*) of a *raiyat*, if such land is agricultural land, or

(*ii*) of a non-agricultural tenant, if such land is non-agricultural land:

Provided that the occupier shall not be liable to pay any revenue or rent for such land.

Abatement of revenue or rent.

8. Any person whose land has been acquired under the provisions of section 4 shall be entitled—

(*a*) if the land is included in an agricultural holding, to have the revenue payable by him abated by such amount as bears the same proportion to such revenue as the area of the land acquired bears to the area of such agricultural holding, and

(*b*) if the land is included in any non-agricultural tenancy, to have the rent payable by him abated by such amount as bears the same proportion to such rent as the area of the land acquired bears to the area of such tenancy.

Settlement of disputes.

9. (*1*) If there is any dispute on the question as to whether a land has vested in an occupier under the provisions of section 4, the matter shall be referred to the Collector, whose decision thereon shall be final.

(*2*) The manner in which the Collector shall decide the dispute shall be such as may be prescribed.

Limitation on transfer by occupier.

10. (*1*) Subject to the provisions of sub-section (*2*), no occupier shall transfer any land or part thereof vested in him under section 4.

(*2*) An occupier may transfer his land or part thereof by simple mortgage in favour of a scheduled bank, a co-operative land mortgage bank or a corporation, owned or controlled by the Central or the State Government or by both, or any other authority notified by the State Government in this behalf, for the development of such land.

Penalty for unlawful eviction.

11. Any person who evicts an occupier unlawfully from the land or part thereof which has vested in him under section 4 shall be liable to imprisonment which may extend to six months or to a fine which may extend to one thousand rupees or to both.

Bar to jurisdiction of civil courts.

12. No court shall entertain any suit, application or proceeding in relation to any land or any part thereof which has vested in an occupier under section 4 and no occupier shall be liable to be evicted or dispossessed from such land notwithstanding any judgment, decree or order of any court for such eviction or dispossession.

Act to override other laws.

13. The provisions of this Act shall have effect notwithstanding anything to the contrary contained in any other law or in any contract, express or implied, or in any instrument and notwithstanding any usage or custom to the contrary.

Declaration as to policy of the State.

14. It is hereby declared that this Act is for giving effect to the policy of the State towards securing the principles specified in clause (*b*) of article 39 of the Constitution of India

Power to make rules.

15. (*1*) The State Government may make rules for carrying out the purposes of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing power, such rules may provide for any matter which has to be or may be prescribed.

The West Bengal Acquisition of Homestead Land for Agricultural Labourers, Artisans and Fishermen Act, 1975.

(*Section 16.*)

Repeal and savings.

16. (*1*) The West Bengal Acquisition of Homestead Land for Agricultural Labourers and Artisans Ordinance, 1975, is hereby repealed. West Ben. Ord. XIII of 1975.

(*2*) Anything done or any action taken under the West Bengal Acquisition of Homestead Land for Agricultural Labourers and Artisans Ordinance, 1975 shall be deemed to have been validly done or taken under this Act as if this Act had commenced on the 24th day of September, 1975.

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDER

No. 1427-IR|IR|10L-274(A)|70.—11th April 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 1799-IR|IR|10L-274|70, dated the 20th February 1973, the industrial dispute between Messrs National Iron and Steel Co. Ltd., Belur, Howrah, and their workman Shri Dilip Roy, represented by NISCO Staff and Workers' Union, P.O. Belurmath, Belur, Howrah, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs National Iron and Steel Co. Ltd., Belur, Howrah, and their workman Shri Dilip Roy, represented by NISCO Staff and Workers' Union, P.O. Belurmath, Belur, Howrah (Case No. 43 of 1973)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT

Shri A. N. BASU, Judge, Fifth Industrial Tribunal

Present for the Union : Shri Anil Das Choudhuri, Advocate.

Present for the Company : Shri D. K. Ghosh, Advocate.

This is a reference under section 10 of the Industrial Disputes Act, 1947, in respect of an industrial dispute existing between Messrs National Iron and Steel Co. Ltd., Belur, Howrah, and their workman Shri Dilip Roy, represented by NISCO Staff and Workers' Union, P.O. Belurmath, Belur, Howrah. The Government of West Bengal, Labour Department, by order No. 1799-IR|IR|10L-274|70, dated 20th February 1973, referred the dispute to this Tribunal for adjudication on the issue mentioned below :

Issue

Whether refusal of employment to Shri Dilip Roy is justified? To what relief, if any, is the workman entitled ?

2. On receipt of the reference usual notices were served on the parties. Both the parties entered appearance and in due course filed their written statements. The case of the Union, in short, is that the concerned workman Shri Dilip Roy was an employee of the Company in its Head Office at Stephen House since 1963. In or about October 1971 though many of the Head Office employees were transferred to the Company's Works at Belur, the services of Shri Roy was retained in the Stephen House as before in

connection with audit works there. The Company, however, without any justification stopped payment of his salary from the month of December 1971 and, as such, Shri Roy made several representation to the Company for payment of his salary and other dues. Suddenly, the General Manager of the Company, by a letter dated 10th January 1972, in reply to Shri Roy's letter of the same date regarding payment of his dues, informed him in an arbitrary way that he was advised to report to the Belur Works, but he did not turn up and, as such, no salary would be paid to him till he reported there. Immediately Shri Roy addressed a letter on 12th January 1972 to Shri G. D. Agarwala, Director of the Company, who was at the relevant time looking after the administrative works of the Company at the Stephen House, bringing the matter to his notice. Shri Roy also wrote two other letters—one dated 13th January 1972 and another dated 17th April 1972—to the Chairman of the Company. In the meantime, on 19th January 1972, Shri Agarwala endorsed an order on the copy of Shri Roy's letter asking him to continue work with the Audit Department until further orders. After Shri Roy's letter dated 17th April 1972 to the Chairman, the Company took a vindictive attitude towards Shri Roy and he was being refused employment. Shri Roy made a representation on 21st April 1972 to the General Manager claiming his reinstatement with back wages and other dues. The same proving abortive, he then approached the Union, and the Union took up the cause of the workman and then referred the dispute to the Labour Officer, Howrah, by its letter dated 18th August 1972. In the meantime, the Chairman of the Company addressed a letter dated 22nd August 1972 to Shri G. D. Agarwala with a copy to Shri Roy, and Shri Agarwala gave his reply on 4th September 1972 stating amongst other things that Shri Roy's retention at the Stephen House and working with the Audit Department there had the approval of the Chairman. Conciliatory efforts having proved unsuccessful the dispute was ultimately referred to the Tribunal for adjudication.

3. The material contention of the Company in its written statement in brief is that Dilip Roy was never refused Employment and that industrial dispute is conspicuously absent as neither Shri Roy nor the Union has raised any dispute on the ground of refusal of employment with the Company.

4. The Union has examined the concerned workman Shri Dilip Roy (PW 1) who has deposed about his case with material particulars. The Company has, on the other hand, examined its Secretary Shri Ramendra Narayan Chakravorty (OPW 1). The documents produced on the side of the Union have been marked Exts. 1 to 9 and those on the side of the Company have been marked Exts. A to F. Admittedly Shri Dilip Roy was a clerk of the Company employed at the Head Office at 51 Stephen House It is also admitted that he made some representations to the Company for payment of his salary and other dues. Exhibits A and C are two of such representations. Exhibit D, dated 3rd December 1971, is a letter from the General Manager of the Company addressed to Shri Roy asking him to report to the Factory from 4th December 1971. Shri Roy, P.W.1, has denied receipt of this letter, and there is nothing on record to show that the letter was actually served on him. This position, as a matter of fact, is practically admitted by O. P. W. 1. Exhibit is the next letter of the General Manager dated 10th January 1972 to Shri Roy in reply to his letter of the same date stating inter alia that he would not be paid any salary till he reported for duty at the Belur Works. Shri Roy's letter dated 12th January 1972 to Shri G. D. Agarwala has been marked Ext. 2 and Ext. 2(a), dated 19th January 1972, is the endorsement of Shri Agarwala asking Shri Roy to continue to work with the Audit Department until further orders. Exhibits 3 and 4, dated 13th January 1972 and 17th April 1972, respectively are the two letters of Shri Roy to the Chairman. These are admitted documents which have been marked Exts. B and E on the side of the Company excepting for the discrepancy in regard to the date in Ext. E which has been given as 19th April 1972 instead of 17th April 1974. There is nothing to show that the Company gave reply to the above letters of Shri Roy. Exhibit 9, dated 4th September 1972, is a letter of Shri Agarwala to Shri K. Srinivasan, Chairman of the Company, in reply to the letter Ext. 8, dated 22nd August 1972, from the latter to the former. Exhibit 9 confirms Shri Agarwala's order as per endorsement Ext. 2(a). It recites as follows: "....I had then instructed him to continue working in the Accounts Department at Stephen House till he gets further orders. I think Shri A. K. Kar informed me that you have also approved Mr. Roy's staying at Stephen House and to work with the Accounts Department." The case of the workman is that not having received any further order from the Company, he continued to attend at the Stephen House. Exhibit 4, dated 17th April 1972, states as follows: "....I am still continuing to attend at Stephen House without fail. No orders have been served upon me even after the audit work has been shifted from Stephen House to Belur...." In conclusion it was mentioned in Ext. 4 that Shri Roy would be bound to take legal action if he did not get any reply within 15 days. Shri Roy, PW 1, has stated that after his letter Ext. 4 he was refused employment by Shri G. D. Agarwala on 20th April 1972 or 21st April 1972, as far as he could recollect. According to him Shri Agarwala did so being pressed by the General Manager, and that he was victimised because of misunderstanding between the General Manager and Shri Agarwala. The discrepancy in the date of refusal of employment has been sought to be capitalised by the learned Advocate for the Company, but making due allowance for the time gap and lapse of memory, the discrepancy does not appear to be so material as to justify throwing away the case of the workman on that scene. On the other hand, the case of the Company is that there was never any refusal of employment to Shri Roy. Obviously, the most competent witness in this regard on the side of the Company was Shri G. D. Agarwala. The oral evidence on the side of the Union closed on 12th December 1974, and that for the Company commenced on 11th February 1975. But in spite of sufficient time margin, the Company, for reasons best known to it, did not venture to examine Shri Agarwala. Instead, it examined O.P.W. 1 Shri Ramendra Narayan Chakravorty who admittedly was not in the employ of the Company in April 1972. He joined the Company in October 1973. His denial

of refusal of employment to Shri Roy has, therefore, little value. Interestingly enough, OPW 1, though wants to speak about refusal of employment, cannot say if Shri Ray is still in the employ of the Company, although admittedly no charge-sheet or nothing of the sort was issued against him. This is revealing. Further, that there was refusal of employment, and this was made after the workman's letter, Ext. 4, finds corroboration from Ext. 5 which is the demand letter dated 21st April 1972, from the workman concerned to the General Manager of the Company. It is specifically mentioned in Ext. 5 ".....it is most unfortunate that after the said letter, dated 17th April 1972 my attendance at 'Stephen House' has become useless inasmuch as I am being refused employment and I reasonably think that such refusal of employment was at your instance. Ext. 7 which is dated 18th August 1972, a letter from the Union to the Labour Officer, Howrah, also speaks of refusal of employment to the workman. Reinstatement with back wages and other dues was claimed in both the communications. It has been argued for the Company that Ext. 5 is a faked document. I am unable to accept the contention. Exhibit 6 read with the testimony on oath of P.W. 1 proves that the letter Ext. 5 was received by the Company under rubber stamp. No evidence has been led on the side of the Comppny to show that the man who received the letter had no authority to receive the same on behalf of the Company. What is more, the letter Ext. 5 has been specifically referred to in paragraph 10 of the Union's written statement. But curiously enough, the receipt of the letter has not been denied in the written statement of the Company. In the context, the contention of the learned Advocate for the Company that Ext. 5 is a spurious document does not bear scrutiny. The Company, it appears, did not dare to give a reply to Ext. 5 controverting any of the facts mentioned therein, including the refusal of employment to the workman. In the circumstances, on a careful consideration of the evidence on record, I hold that the workman concerned was refused employment by the Company, be it on the 20th or on the 21st April 1972, as stated by the workman. Exhibit 5 read with evidence demolishes the Company's contention that no dispute on the ground of refusal of employment was raised with the Company by the workman. The Company has not pleaded any justification for the refusal of employment to the workman. Assuming even that the workman was in any way at fault for his not joining the Belur Works or otherwise, the Company, in the due and proper course of things, could have drawn proceedings against him by issue of a charge-sheet and notice. If the workman could not satisfy the Management about his conduct, the Company could have taken action against him as would have been proper and appropriate. No such procedure was admittedly followed by the Company. No charge-sheet or any notice to show cause was issued upon the workman. The workman was not given any opportunity of defence, and the principles of natural justice were violated. For all that goes above, I find that the refusal of employment to Shri Dilip Roy was unjustified. He is entitled to reinstatement and back wages and other legal dues.

5. The Company is accordingly directed to reinstate the workman Shri Dilip Roy in his former employment and pay him all back wages and other dues within one month from the date of publication of the award.

6. This is my award.

ORDER

No. 97-IR/IR/11L-103(B)/75.—6th January 1976. —Whereas under the Government of West Bengal, Labour Department, order No. 1066-IR/IR/11L-222(B)/70, dated 13th March 1971, the industrial dispute between Messrs Mcleod & Co. Ltd. and their associate companies noted in the List I attached with the said order of Mcleod House, 3 Netaji Subhas Road, Calcutta-1, and their workmen represented by Mcleods Indian Employees' Association, 3 Netaji Subhas Road, Calcutta-1, regarding the issues mentioned in the said order, being matters specified in the Second and the Third Schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Third Industrial Tribunal for adjudication.

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Binayendra Mohan Banerjee, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had immediately before the commencement of the said proceedings discharged the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

AWARD

This is an application under section 33A, Industrial Disputes Act, by Shri Binayendra Mohan Banerjee, an employee of the companies, opposite parties (1) Mcleod & Co. Ltd. and (2) Britannia Engineering Co Ltd., complaining of violation of the relevant provisions of section 33, Industrial Disputes Act, during the pendency of the adjudication proceeding of another dispute between the companies and its workmen in connection with G.O. No. 1066-IR/IR/11L-222(B)/70, dated 13th February 1971.

The opposite party No. 2 Shri B. B. Gupta, ex-Director of Britannia Engineering Co. Ltd. (now in liquidation), raises certain preliminary objections as to the maintainability of this application filed under section 33A of the Industrial Disputes Act. The objections are as follows :

First, the application under section 33A of the Act is not maintainable in law inasmuch as the complainant is neither the concerned workman nor connected with the dispute pending before this Tribunal. Secondly, the termination of the service not having any connection with any misconduct such an application is not maintainable. Thirdly, the opposite party No. 2 Company having gone into liquidation, the petitioner, ex-Director thereof, has no locus standi to conduct the present proceedings, as he has not the right to represent the said Company. He cannot be impleaded without leave of the Hon'ble High Court at Calcutta and/or without making the official liquidator a necessary party.

Heard. Regarding the first objection, I must at once say that the objection is not very forceful. It has been established by decided case laws that in dealing with the question as to which workman can be said to be concerned in an industrial dispute, we are to bear in mind the essential condition for the raising of an industrial dispute itself. When an industrial dispute is raised by a group of workmen acting on their own or through their union then it is difficult to resist the conclusion that all those who sponsored the dispute are concerned in it. This workman sponsored the dispute in reference as being the General Secretary of the union. The applicant is a clerk in this Company. Therefore, it cannot be also said that he has at least no connection with the issue Nos. 4 and 5, the first of which deals with clerks and the second one is a general issue. I, therefore, overrule this objection by saying that the applicant is a workman concerned with the pending dispute.

Before taking up the second objection, let me take up the third one now. The third contetion is that the application is not maintainable against him without leave of the Hon'ble High Court and/or without impleading the official liquidator. The learned advocate for the opposite party No. 2 referred me to section 446 of the Indian Companies Act in support of his contention. It has however been held that the official liquidator is not necessary to be added as a party to a reference under section 10(1) of the Industrial Disputes Act (vide S. K. G. Sugar Mills Ltd. versus Ali Hossain, 1957 AIR, Patna, 722). If a reference under section 10(1) of the Industrial Disputes Act can proceed like that then obviously an application under section 33A of the Industrial Disputes Act can also proceed without impleading him. This is more so as the applicant claims no relief against the Company in liquidation. Whether the official liquidator should or should not be added as a party to the matter is again for the applicant to decide. The termination letter having been admittedly issued by the O.P. No. 2 Shri B. B. Gupta, ex-Director of the Company in liquidation, it is only but fit and proper that he should be added as a pro forma oppositet party, as done. Leave of the Hon'ble High Court is not necessary for impleading him.

Now to the second and the most important objection. This objection is that since his service has not been terminated for any act of misconduct, this application under section 33A is not maintainable. The workman no doubt makes an allegation that for his various activities as General Secretary of the union, considered as an affront to the authority and hence a misconduct, his services have been terminated. He no doubt further avers that he along with 14 others, through ceasing to have any function on and from the 9th of September 1973 when the Britannia Engineering Co. Ltd. went into liquidation, continue to get their salaries and other dues from O.P. No. 1 and that the remaining 14 persons still continue to get their salaries, and he has been singled out for termination of service. But he cannot take any such stand now. He says that his name appears in the pay roll of the O.P. No. 2 Company to which he was distributed. The associate companies are also paying their salaries now (pide paragraph 5 of the written statement filed by this union in the main reference). There may be still some functional integrality between the O.P. No. 1 and the other concerns which were under its managing agency system. But after the abolition of that system these companies have become distinct and separate legal entities and the employees allotted to each became the employees of the allotted concern. I have also found it as such (separate legal entities) while disposing of the preliminary issue in the main reference. So he cannot say that O.P. No. 1 is his employer and not O.P. No. 2. The workman might have incurred the displeasure of the management for his union activities as the General Secretary. But the instant act of termination having been done in the context and as a result of the liquidation or winding up proceeding it follows that he has not been discharged or dismissed for any misconduct. That being so, section 33 of the Industrial Disputes Act is not attracted. Necessarily section 33A is also not attracted. The application is thus found to be unmaintainable on this ground.

Thus, the application is found to be not maintainable and it stands disposed of accordingly.

This is my award.

RESOLUTION

No. 23GAC(Vig).—7th January 1976.—The report of the Wanchoo Commission of Inquiry, constituted by the Government of West Bengal under notification No. 982GAC, dated the 9th July 1974, to inquire into allegations of corruption or nepotism against some of the Ministers of West Bengal, is hereby published for general information.

REPORT OF Dr JUSTICE K. N. WANCHOO UNDER THE COMMISSIONS OF INQUIRY ACT, 1952

By a notification dated July 9, 1974, issued by the Governor of West Bengal, I was appointed a One-Man Commission of Inquiry to enquire into the conduct of certain members of the West Bengal Ministry. The notification is in these terms—

"No. 982-GAC.—9th July 1974.—Whereas the Governor is of opinion that it is necessary that an inquiry should be made into the following definite matters of public importance, namely, allegations of corruption or nepotism against some of the Ministers of West Bengal;

And whereas no Commision of Inquiry has been appointed by the Central Government to inquire into the aforesaid matters;

Now, therefore, in exercise of the power conferred by section 3 of the Commissions of Inquiry Act, 1952 (60 of 1952), the Governor is pleased hereby to appoint a Commission of Inquiry, consisting of Dr Justice K. N. Wanchoo, retired Chief Justice of the Supreme Court of India, to inquire into the aforesaid matters with reference to the following points, namely:

(1) (a) Whether Shri Suniti Chattoraj, Deputy Minister for the Department of Irrigation and Waterways and the Department of Power, Government of West Bengal, exercised undue influence to create a special post of Para Medical Assistant in the office of the Chief Medical Officer of Health, Birbhum, for his elder brother Shri Sukumar Chattoraj;

(b) whether his brother joined the post thus created on 1st November 1972; and

(c) whether Shri Suniti Chattoraj exercised undue influence to help Shri Prabodh Chattoraj, his elder brother, who was discharged from the service of the Calcutta Corporation on a charge of defalcation, to get a Government loan of Rs. 5,00,000 (Rupees five lakhs) to set up a factory of fire-bricks at Niamatpur, Asansol;

as alleged by Shri Suren Seth of 27B Telipara Road, Calcutta-25.

(2) Whether Shri Ajit Panja, Minister-in-charge of Health and Family Planning Department, Government of West Bengal, exercised undue influence—

(a) in the matter of promotion of his brother Dr. Ranjit Kumar Panja to the post of Assistant Professor from the post of Lecturer with effect from May 1, 1971, and to the post of Reader from the post of Assistant Professor with effect from November 30, 1971;

(b) in the matter of appointment of Dr. Salil Kumar Panja, another brother of his, as Medical Officer on supernumerary duty (Dermatology) on November 1, 1972, at the Institute of Post-Graduate Medical Education and Research; and

(c) in the matter of promotion of Dr. Salil Kumar Panja to the post of Assistant Professor at the same Institute;

as alleged by Shri Taraprasanna Ghosh of 26 Natherbagan Street, Calcutta.

(3) Whether Shri Sitaram Mahato, Minister-in-charge of the Department of Forests, Department of Animal Husbandry and Veterinary Services (excluding Dairy Development Branch) and the Department of Excise, Government of West Bengal, exercised undue influence—

(a) to get a job on Muster Roll basis for his nephew Shri Padma Lochan Mahoto in the Soil Conservation Branch of the Forest Department; and

(b) to transfer him within three months to the Territorial Branch as a Forester on regular posting;

as alleged by Shri Sambhunath Bakshi of Nadiha, Purulia and Shri Tarini Mahato, General Secretary, District Youth Congress Committee, Purulia.

(4) Whether Shri Santosh Kumar Roy, Minister-in-charge of the Department of Refugee Rehabilitation, Relief and Welfare (including Scheduled Castes and Tribal Welfare) and Department of Fisheries, Government of West Bengal, exercised undue influence to secure a job for his sister Sm. Gayatri Roy in the Social Welfare Board without any application, superseding the claims of many candidates with higher qualifications;

as alleged by Shri Jyotisankar Bhattacharyya, son of Shri Arun Kumar Bhattacharyya of Suniti Road, P.O. and district Cooch Behar, Shri Shyamal Chowdhury, son of Shri Suresh Chandra Chowdhury, New Town, P.O. and district Cooch Behar, and Shri Ram Krishna Pal, son of Shri Ramesh Chandra Pal of village Maranowtara, P.O. Chakchaka, district Cooch Behar.

(5) Whether Shri Gobinda Chandra Naskar, Minister of State for Department of Health and Family Planning (excluding Rural Water Supply Branch), Government of West Bengal, took a bribe of Rs. 20,000 from Shri Sushil Kumar Banerjee, Kalikapur, P.S. Kasba, Shri Tapan Ganguli, Harapur, P.S. Sonarpur, Shri Naren Pramanick, Daspara, P.S. Sonarpur, and Shri Mahadeb Bag of Katipota, P.S. Sonarpur, to make orders of detention issued under the Maintenance of Internal Security Act against them ineffective;

as alleged by Shri Samar Sardar of Canning.

The Commission of Inquiry shall have the powers as provided in sub-sections (2), (3), (4) and (5) of section 5 of the said Act.

The Commission of Inquiry shall submit to the State Government a report embodying its findings in regard to the truth or otherwise of the aforesaid allegations within sixty days from the date of publication of this notification in the *Calcutta Gazette.*

By order of the Governor,

B. R. GUPTA,

Chief Secy. to the Govt. of West Bengal."

Because of a whispering campaign about corruption in the West Bengal Ministry the Chief Minister of West Bengal made an announcement early in June 1974 inviting complaints, if any, from members of the public against members of the West Bengal Ministry. In response to this announcement a large number of complaints were received. They were processed and thereafter the notification referred to above was issued by the Governor of West Bengal.

I reached Calcutta on July 15, 1974 and issued notices to the complainants to support their complaints with affidavits containing detailed statements of facts with respect to the complaints made by them. This procedure had to be adopted because the notification was issued on the basis of the complaints received. In response to the notices issued to the complainants, affidavits were filed in four cases. The fifth complainant Samar Sardar, whose complaint was against Shri Gobinda Chandra Naskar, did not appear and file any affidavit in respect of his complaint. After the receipt of the affidavits notices were issued to the Ministers concerned to file affidavits in reply on August 23, 1974. Four affidavits were filed on behalf of four of the Ministers. Shri Gobinda Chandra Naskar did not file any affidavit on August 23, 1974. Later on he was directed to file an affidavit in reply to the complaint made against him. Accordingly he filed an affidavit on September 16, 1974. Arguments were then heard so far as Shri Gobinda Chandra Naskar's case was concerned and the hearing of that case came to an end on that day.

Thereafter dates were fixed for hearing in September 1974 in the other four cases. Evidence was taken in Shri Panja's case fom September 16 to 20, 1974. As the evidence was not finished it was heard again from December 2 to 6, 1974 when the evidence was further recorded and arguments heard and Shri Panja's case concluded.

Evidence was taken in the case against Shri Santosh Kumar Roy on September 20, 21 and 23, 1974. As the evidence remained unfinished further evidence was taken from December 7 to 11, 1974 and hearing was then concluded after arguments.

Evidence in the case against Shri Sitaram Mahato was taken from November 4 to 9, 1974 but remained unfinished. Further evidence was then taken from December 19 to 21, 1974 when the hearing came to an end after arguments.

Evidence was taken in the case against Shri Suniti Chattoraj from December 12 to 18, 1974 when the hearing was concluded after arguments.

The total number of sittings of the Commission was 44. The Commission also sent for official records relating to the terms of reference and examined them itself in July 1974. The Commission also decided to issue notice to Shri Gobinda Chandra Naskar even though the complainant in his case did not appear and file an affidavit. This was done on the basis of the examination of the official record relating to the charge against him.

It was agreed at the bar that all official records will be taken in evidence without formal proof and the Commission was thus able to save a good deal of time which would otherwise have been spent in proving the large number of documents forming part of official record which it was necessary to examine in order to arrive at a conclusion with respect to the terms of reference. Annexures A and B of the report show the details of official records inspected and the witnesses examined by the Commission.

I may begin by stating what I think is the purpose of the Commission and the nature of the inquiry. The Commission is appointed under section 3 of the Commissions of Inquiry Act, 1952 (60 of 1952), for the purpose of making an inquiry into any definite matter of public importance. It goes without saying that a bare perusal of the terms of reference shows that the matters under inquiry are of definite public importance, namely, charges of corruption and nepotism against members of the West Bengal Ministry. Even though the genesis of the Commission is on the basis of complaints received on the invitation of the Chief Minister of West Bengal as already indicated, it is well to remember that the Commission is not trying a matter between two parties. There is no *lis* before the Commission and the Commission is a fact finding body with respect to a definite matter of public importance and has to depend upon all the materials available to it. The inquiry by the Commission is neither a decision in a criminal case nor a decision in a civil suit between two parties. The report of the Commission is not an enforceable decision as is the case in a criminal case or a civil suit. A Commission can only make recommendations which are not enforceable *propria vigore* and it is for the Government thereafter to take such action on the Commission's report as it thinks just and proper. Therefore the strict law of pleadings cannot be made applicable to an inquiry by the Commission which has to find facts from such evidence as is available to it irrespective of any lacuna that may be in the affidavits filed before it. It is necessary to stress this as it has been urged before the Commission that the pleadings necessary in a case of undue influence in a suit between parties are not to be found in the affidavits filed by the complainants. As I have already said there are complainants in these cases because of the invitation of the Chief Minister of West Bengal. But these complainants must be taken to have merely brought certain facts to the notice of the Government of West Bengal on the basis of which the terms of reference have been framed after such processing as was considered necessary. As there is no *lis* and no parties in an inquiry before the Commission the absence of strict pleadings required in a case of undue influence would not matter and the Commission has to draw its conclusions from the evidence available to it.

Arguments were also addressed on the nature of proof required in a case of the kind with which the Commission is concerned. It was said that in one case at least the charge is of a criminal nature and the standard of proof necessary to bring home the charge is the same as in a criminal case, namely, that the charge must be proved beyond all reasonable doubt and if there is any reasonable doubt the benefit of that must go to the person charged. I am unable to accept this view of the nature of proof required where one is dealing with the question of the integrity of the members of a Ministry. I am of opinion that in cases of this kind if there are reasonable grounds for believing that the Minister may have been corrupt that should be sufficient to hold against him. In other words, if the integrity of the Minister is doubtful and the evidence reasonably establishes this the charge must be held to have been proved. In a case of public importance of this kind there can be no question of the benefit of the doubt being given to the Minister. On the other hand if there is reasonable doubt about the integrity of the Minister even though the evidence may not go to the extent of proving the case against him beyond all reasonable doubt as in a crimial case the charge of corruption must be held to be proved. To put it in another way, if there is a reasonable doubt about the integrity of the Minister the charge of corruption against him must succeed and no question of giving him the benefit of doubt can arise.

Another argument was addressed with respect to the use of the prefix "undue" before the word "influence" in the terms of reference. In this connection my attention was drawn to certain cases where it has been held that in a case of undue influence it is to be proved either that the person exercising influence had dominated the will of the person influenced or that the person using the influence stood in a fiduciary relationship with respect to the person influenced and took advantage of that position or that the person

using the influence gained an unfair advantage for himself. As I have already said in an inquiry of this kind there is no *lis*. What has to be seen is whether influence was used by the Minister to obtain some advantage for himself or his near relations. It is not necessary in a case of definite public importance to find that the Minister dominated the will of another person in order to obtain advantage or that the Minister stood in any fiduciary relationship with the person influenced or that the Minister obtained any unfair advantage by use of his influence over another person. In a matter of this kind it is to my mind enough if it can be reasonably inferred that the Minister may have used his influence to obtain, for example, an appointment for a near relation or to have obtained some other advantage for himself or for a near relation. It is true that in the terms of reference the words "undue influence" have been used; but in a matter of public importance like this the use of any influence by the Minister for obtaining an appointment for a near relation or any other advantage for himself or some near relation would amount to undue influence. It is not necessary that there should be domination of the will of another person by the Minister in this connection or that the Minister should have stood in any fiduciary relationship with the person influenced or should have gained an unfair advantage for himself or a near relation by the use of his influence as Minister. I am prepared to go so far as to say that the use of any influence by the Minister for the purposes abovementioned would amount to undue influence in a case of definite public importance of the nature with which I am dealing here. The cases therefore to which reference was made in connection with the words "undue influence" specially when there is no *lis* between the parties do not and should not, in my opinion, apply where the integrity of a Minister is under investigation.

Before I consider the individual cases I should like to point out that there can hardly ever be direct evidence of the use of influence in any case. The person influencing is not going to admit that he did so; the person influenced is also hardly ever likely to admit that he was influenced; nor is it likely that a third person would be present when the influence was exercised so that he could come forward to give evidence that influence was exercised in his presence. Therefore whether influence was exercised or not will almost always depend upon the facts and circumstances which may be proved and the inference to be drawn from such facts and circumstances. If a reasonable inference can be drawn from the facts and circumstances that influence may have been exercised that would, in my opinion, be sufficient proof of the exercise of influence in matters of definite public importance like those with which the Commission is concerned. In this connection it was urged that if the case is to rest on circumstantial evidence the chain of circumstances should be complete and should point to one conclusion and one conclusion only, namely, the guilt of an accused as in cases of a criminal nature. I do not think that that principle should apply in matters of definite public importance like those with which the Commission is concerned. If a reasonable inference can be drawn from the facts and circumstances established that the Minister's integrity is doubtful, a charge of the nature with which the Commission is concerned, namely, the use of influence in the matter of appointment of any near relations or of obtaining any advantage for himself or for a near relation would be proved. What I wish to say is that the Minister's integrity should be above reproach and like Caesar's wife his conduct should be above suspicion. This however does not mean that mere wild suspicion would suffice.

Shri Suniti Chattoraj's Case

There are three allegations against Shri Chattoraj. I would first deal with the allegations regarding the creation of a post of Para Medical Assistant and his brother Sukumar's appointment to that post. It appears that 30 posts of Para Medical Assistants were created on March 15, 1972[1] to launch a comprehensive programme of small-pox eradication in the rural areas sponsored by the Central Government. Two posts were created in each district except Calcutta. Besides these 167 posts of Supervisors were also

[1]File No. PH/X/241/1D-2/72.

created by the same order. Both were to be recruited from Sanitary Inspectors who were already in service. Thus any appointment as Para Medical Assistant was really a transfer. The first allegation that Shri Chattoraj exercised undue influence to create a special post of Para Medical Assistant is obviously incorrect. Shri Chattoraj became Deputy Minister in the Department of Irrigation and Waterways and the Department of Power in the West Bengal Ministry which came into power from March 20, 1972. The posts of Para Medical Assistants and those of Supervisors were however created on March 15, 1972 even before the Ministry of which Shri Chattoraj was a member came to power. In these circumstances the allegation that Shri Chttoraj got the post created for his elder brother is on the face of it incorrect.

The next question is about the appointment of Sukumar as Para Medical Assistant. It appears that he was appointed Para Medical Assistant on September 25, 1972 and joined on November 3, 1972.[1] But this was a transfer from his earlier post of Sanitary Inspector. Sukumar joined service as far back as August 4, 1956. He started as Malaria Inspector, Grade III. He was promoted as Sanitary Inspector, Grade II, from February 1, 1967. He later became qualified for appointment as Grade I Sanitary Inspector and was appointed as such on March 1, 1967. Sukumar was in the scale of 300—600 as Sanitary Inspector, Grade I, after 1970. When he was appointed Para Medical Assistant he gained nothing financially for that was also a post of Grade I Sanitary Inspector. It will be seen therefore that Sukumar had already been promoted to Grade I Sanitary Inspector long before Shri Chattoraj was anywhere in the picture. All that happened in November 1972 was that he was transferred from the post of Grade I Sanitary Inspector to the post of Para Medical Assistant which also carried the same pay. The order of September 25, 1972 transferred 29 Sanitary Inspectors as Para Medical Assistants under the National Small-Pox Eradication Programme and Sukumar was one of the 29 who were so transferred. He actually joined the post on November 3, 1972. It is clear from these facts that Sukumar stood to gain nothing by his transfer from Sanitary Inspector, Grade I, to Para Medical Assistant.

I have therefore no hesitation in coming to the conclusion that Shri Chattoraj had nothing to do either with the creation of the posts of Para Medical Assistants or with the transfer of Sukumar, his brother, to one of these posts. Sukumar had been in service for about 16 years and had already reached Grade I of Sanitary Inspectors as far back as March 1, 1967. His transfer as Para Medical Assistant brought him no financial advantage. I therefore absolve Shri Chattoraj of the allegation relating to his brother Sukumar.

The last allegation against Shri Chattoraj is that he exercised undue influence to help his brother Prabodh Kumar Chattoraj (hereafter referred to as Prabodh) to get a Government loan of rupees five lakhs to set up a factory of fire-bricks at Niamatpur. It was also alleged that his brother had been discharged from the service of Calcutta Corporation on a charge of defalcation. From the facts it will appear that a loan of Rs. 7.15 lakhs was granted to the Irena Refractories (Private) Limited, (hereinafter referred to as the Company) in which Prabodh was along with others a shareholder and was also a Director. The case thus proceeded on the basis that the loan was granted to the Company and not to Prabodh personally and that this grant of loan to the Company was under the influence of Shri Chattoraj.

I shall now deal in detail with the facts and circumstances relating to the grant of the loan. It may, however, be mentioned at the outset that Prabodh joined service of Calcutta Corporation in December 1949. He was suspended on January 13, 1969 and was dismissed on December 5, 1969. He seems to have made some kind of representation and eventually he was permitted to resign and his resignation was accepted with effect from December 20, 1969. The record relating to the disciplinary proceedings against Prabodh was not available. The statement of Shri R. Banerji, the then Collector of Calcutta Corporation, under whom Prabodh worked, shows that there was some irregularity in connection with an amount of money given to Prabodh for deposit as tax by an assessee and it was in that connection that he was dismissed from service from December 5, 1969. Later, however, on his representation the order of dismissal was set aside and he was permitted to

[1]File No. 2050/NSFP (o) 74.

resign and his resignation was accepted. The money involved was eventually deposited. All that appears therefore is that he may have retained the money for some time and that led to his dismissal which was later converted into acceptance of resignation. These facts, however, have not much relevance on the question whether the Dpeuty Minister exercised his influence in connection with the grant of loan to the Company. Shri M. Roy, the then Managing Director of the West Bengal Financial Corporation (hereinafter referred to as the Corporation), has stated that if he had known that Prabodh had been dismissed from service he would have been cautious and the loan could not have been recommended or sanctioned. However, the matter is not very relevant for the order of dismissal was set aside and Prabodh left the Calcutta Corporation by resigning from it.

It appears that Prabodh and D. K. Banerjee were working together in a company and were friends. D. K. Banerjee is a Ceramics expert holding the degree of M.Sc. in Ceramics technology from the Calcutta University. Shri Chattoraj became Deputy Minister from March 20, 1972. On September 22, 1972 a scheme was submitted to the Corporation for starting a refractory business under the Small Scale Industries Scheme with a view to getting ultimately financial assistance for the factory. The Corporation sent the scheme to the Small Scale Industries Service Institute and the Central Glass and Ceramics Research Institute in October 1972 for processing. Soon thereafter the Company sent a revised scheme to the Corporation and the Small Scale Industries Service Institute on October 23/24, 1972. On October 30, 1972 the scheme was approved by the Central Glass and Ceramics Research Institute and returned to the Corporation. On December 8, 1972 the Company made a loan application to the Corporation for Rs. 7,16,700. It was stated in the application that the Company had not been incorporated till then but incorporation was expected shortly.

D. K. Banerjee who belongs to Birbhum district, to which Shri Chattoraj also belongs, was one of the Directors of the proposed Company. Prabodh was another Director. The two other proposed Directors were Smt. Sulekha Banerjee, wife of D. K. Banerjee and Smt. Parna Chattoraj, wife of Prabodh. Soon after the Company was incorporated on December 18, 1972. The Memorandum and Articles of Association show that the Directors were Prabodh, D. K. Banerjee, Smt. Parna Chattoraj and Smt. Sulekha Banerjee. Eight shareholders had applied for incorporation and the total number of equity shares held at the time of incorporation were 1,800. Of these, Prabodh held 100, Smt. Parna Chattoraj held 300, Smt. Manju Chattoraj, wife of Dilip Kumar Chattoraj, another brother of Shri Chattoraj, held 300 and Smt. Ranu Chattoraj, wife of Shri Chattoraj, the Deputy Minister, held 300. Thus out of 1,800 shares, one thousand were held by relations of Shri Chattoraj, 500 shares were held by D. K. Banerjee and his wife and 300 shares were held by two other persons with whom we are not concerned.

After the revised scheme had been approved by the Central Glass and Ceramics Research Institute and the Small Scale Industries Service Institute further steps were taken by the Corporation to process the matter. It may be mentioned here that 37 per cent of the funds of the Corporation are provided by the State Government, 30 per cent by the Reserve Bank of India, 20 per cent by Commercial Banks and the remainder by the Life Insurance Corporation and others. This distribution of funds would show that the State Government had substantial interest in the Corporation though it was not in full control thereof. On February 27, 1973 an appraisal report was prepared in the Corporation's office for placing before the Board of Directors on March 14, 1973. Before that the Branch Manager of the Corporation at Asansol had been asked to inspect the Company. The Branch Manager had sent a letter, dated February 27, 1973, in which he stated that he had inspected the site of the proposed factory on February 24, 1973 and that the inspection report was under preparation and would be sent to the Head Office soon. The letter also said that the construction of the shed and the kiln of the Company were in progress and the boundary wall had been completed. This letter was received in the Corporation's Head Office on March 3, 1973. On February 28, 1973 the inspection report prepared by the Branch Manager at Asansol was sent to the Corporation's Head Office at Calcutta and was received on March 3, 1973. It is curious, however, that the appraisal report was prepared on February 27, 1973 without waiting for the inspection report.

The appraisal report was put up before the Board of Directors of the Corporation on March 14, 1973 and the Board sanctioned a loan of Rs. 7.15 lakhs. One of the conditions of the sanction was that the Company must raise its share capital to 3 lakhs before any disbursement starts from the Corporation. The appraisal report shows that by that time the number of shares in the Company had risen from 1,800 to 13,400, each share being worth ten rupees. Of these shares Prabodh held 1,600, his wife Smt. Parna held 800, Smt. Ranu, wife of Shri Chattoraj, Deputy Minister, held 800 and Smt. Manju, wife of another brother of Shri Chattoraj, held 800. Thus 4,000 out of 13,400 shares were held by relations of Shri Chattoraj. D. K. Banerjee and his wife held 3,500 shares and the remaining shares were held by other persons with whom we are not concerned. It is worth noting here that the shares held by the wife of Shri Chattoraj had risen from 300 to 800 between the date of incorporation, namely, December 18, 1972 and the date of appraisal report, namely, February 27, 1973. Finally the Board's decision relating to the loan also contained a direction to the effect that the release of sanction advice to the party would be subject to the Industrial Development Bank of India's clearance to the proposal for refinance.

On March 28, 1973 information about the sanction of the loan and the conditions thereto was communicated to the Company. It appears that Prabodh was at the office of the Corporation on that day and took delivery of the letter of sanction personally. On the same day the Company informed the Corporation through Prabodh as Director that the terms and conditions were acceptable except the clause relating to share capital being immediately raised to 3 lakhs. It was pointed out that the Company had already spent 1.78 lakhs up to February 1973 and that the amount had risen to 2 lakhs by March 28, 1973. This sum had been spent for the construction of buildings, boundary walls and as advance for the construction of kiln and chimney and for machinery. However, the Corporation was assured that the Company's investment would be raised to Rs. 3 lakhs within two or three months. This letter was treated as if it was a request for reduction of the share capital from Rs. 3 lakhs to Rs. 2 lakhs though no such thing was positively said in the letter itself. It so happened that there was a Board of Directors' meeting on March 28, 1973 in connection with other matters and this letter, though it cannot have been on the agenda, was placed before the Board at that meeting and the share capital was reduced from 3 lakhs to 2 lakhs on that very day. Further, by this letter of March 28, 1973 the Company through Prabodh wanted that Rs. 3.53 lakhs should be granted as the first instalment of the loan. Actually, however, the first instalment of the loan amounting to Rs. 2 lakhs was given on June 12, 1973 on compliance of legal formalities and other terms and conditions of the loan. It is curious here to mention that though the Board's direction was that release of sanction advice to the party would be subject to the Industrial Development Bank of India's clearance to the proposal for refinance, the party was informed of the sanction of the loan on March 28, 1973 and even the first instalment of the loan amounting to Rs. 2 lakhs was actually paid on June 12, 1973 without waiting for clearance to the proposal of refinance. It appears that the Corporation submitted the application to the Industrial Development Bank of India for refinance on June 13, 1973 and that the Bank sanctioned the refinance on August 25, 1973. Five other instalments of the loan were sanctioned in September 1973, in November 1973, in March 1974, again in March 1974 and finally in July 1974, the total coming to Rs. 6,81,490. All these advances of loan instalments were made after inspection by the officers of the Corporation.

I do not think it necessary to consider the viability and the profitability of the Company. It may be that D. K. Banerjee is an expert in Ceramics and would be in a position to look after a factory of this kind. It may also be that the Corporation took necessary steps to process the scheme submitted to it and satisfied itself that there was a case for granting the loan after the necessary legal formalities were completed. The question before me is whether the grant of the loan was influenced by Shri Chattoraj, Deputy Minister, and it is to this aspect that I shall now turn.

Shri Chattoraj became Deputy Minister on March 20, 1972, and the ball for founding of the Company and procuring the loan was set rolling on September 22, 1972. The two main persons concerned in setting up the Company were D. K. Banerjee and Prabodh. D. K. Banerjee was obviously the Ceramics expert while Prabodh was looking after the financial affairs as

is clear from the fact that he was practically haunting the Corporation's Head Office in connection with the loan and from the fact that when the Company was incorporated, relations of Shri Chattoraj held the major portion of the shares. Accepting as stated by Shri Manas Roy, the then Managing Director of the Corporation, that there was direction from the State Government that schemes of this kind should be processed as quickly as possible, the speed with which some of the things were done in this case seems to show that there was some influence working to put through this application for loan as a top priority. In this connection I may refer to the fact that the appraisal report was prepared without waiting for the inspection report from the Branch Manager at Asansol. Shri Manas Roy's evidence is that there must have been telephonic talk with the Branch Manager, Asansol, before the appraisal report was prepared. The appraisal report contains so many technical and other details that it is difficult to believe that a mere telephonic talk would have sufficed for the purpose. The inspection report of the Branch Manager at Asansol runs to more than six pages and is full of so many details that one cannot expect that all these details could have been communicated on the telephone. Even if there was a telephonic talk, it only shows how this application was being treated as a matter of top priority. Obviously therefore there was extraordinary hurry in preparing and putting up the appraisal report before the Board of Directors which can lead to the legitimate inference that some influence was working on the Managing Director of the Corporation. It is true that Shri Manas Roy denies that Prabodh was recommended to him by his brother Shri Chattoraj, the Deputy Minister. But, as I have said in the opening paragraphs of this report, in cases of influence the person influenced is hardly likely to admit that he was influenced and the fact of influence has to be inferred from circumstances. In this case we have the extraordinary circumstance that the appraisal report was prepared for submission to the Board of Directors even before the Branch Manager's report, which had been asked for, had been received in the Head Office.

Another curious feature to which I have referred above is the reduction of the share capital from 3 lakhs to 2 lakhs. The letter informing the Company of the sanction of the loan dated March 28, 1973, was handed over to Prabodh, who was obviously haunting the Head Office of the Corporation. The Company by its letter of March 28, 1973 through Prabodh, Director, accepted the terms and conditions of the loan excepting that about the share capital. I have already referred to the letter of the Company dated March 28, 1973, which was treated as a request for reduction of the share capital from 3 lakhs to 2 lakhs though it did not specifically say so. As a meeting of the Board of Directors was to be held on that day in connection with other matter, this reduction of the share capital from 3 lakhs to 2 lakhs seems to have been recommended and the matter was put up before the Board of Directors without its being on the agenda. The share capital was reduced on the same day from 3 lakhs to 2 lakhs by the Board of Directors presumably on the recommendation of the officers of the Corporation without any further attempt at an enquiry through the Branch Manager at Asansol. Even if the Corporation had reduced the share capital in other cases the speed with which it was done in this case is significant. This again seems to me to be a case of extraordinary speed and one can legitimately infer that some influence must have been working behind the scenes to achieve this result.

I, then, refer to the direction that the Board appears to have given in its meeting of March 14, 1973 which reads as follows:

> "Release of sanction advice to the party would be subject to IDBI's clearance to the proposal for refinance".

I take it that this means that the Company should not be informed of the sanction till the Industrial Development Bank of India had cleared the Corporation's proposal for refinance. But what one actually finds is that in spite of this direction of the Board the officers of the Corporation including the Managing Director, Shri Manas Roy, appeard to have taken undue interest and informed the Company of the sanction of the loan on March 28, 1973 long before even a proposal had been made by the Corporation to the Bank for refinance. What is more the first instalment was paid on June 12, 1973. The Corporation applied to the Bank for refinance on June 13, 1973 and the Bank sanctioned the refinance on August 25, 1973. Actually therefore the advice to the Company of the sanction of the loan should have been given after August 25, 1973 and in any case no payment of any instalment should

have been made before the refinance was sanctioned by the Bank. But one finds that information was given to the Company as early as March 28, 1973 and even the first instalment was paid on June 12, 1973 in spite of the direction of the Board of Directors in the matter of refinance. This curious state of affairs must in my opinion lead to the legitimate inference that some influence must have been working on the Managing Director for him to act in this manner in spite of the direction of the Board of Directors. That influence in the circumstances could only have been the influence of Shri Chattoraj, the Deputy Minister. It is true that Shri Chattoraj had nothing to do with the department which was concerned with the Corporation. But Shri Chattoraj was a member of the Council of Ministers and the State of West Bengal, as already stated, had substantial interest in the Corporation. Besides, the Corporation was certainly in touch with the State Government for Shri Manas Roy has admitted that when the present Chief Minister took office in March 1972 the Corporation was asked to expedite loan petitions. He also said that after the present Ministry came into office the Chief Minister as well as the Minister for Small Scale Industries impressed upon him that he must help set up industrial units. Obviously therefore the Corporation was acting in co-operation with the State Government and Shri Chattoraj was a member of the Government even though he was not in charge of the Small Scale Industries portfolio. These facts which emerge from the conduct of the Corporation officials including the then Managing Director, Shri Manas Roy, do in my opinion lead to the legitimate inference that some kind of influence must have been working in the matter of the grant of loan to the Company. Further in the circumstances that influence could only have been that of Shri Chattoraj who is the brother of Prabodh who is a Director of the Company looking after its financial affairs.

The idea of establishing the Company appears to have originated some months after Shri Chattoraj took over as Deputy Minister and the first scheme was submitted on September 22, 1972 to the Corporation. The sponsors of the scheme were D. K. Banerjee who was the Ceramics expert and Prabodh who is the brother of the Deputy Minister. The Company was incorporated on December 18, 1972. At the time of the registration the major portion of the 1,800 shares was held by Shri Chattoraj's relations including his wife Smt. Ranu. The evidence of Smt. Ranu as to how she acquired the original shares numbering 300 in the Company does not carry conviction. She says that Prabodh asked her to sign a blank paper. She asked him why she should do so and was told that Banerjee and others were forming a Company and that he was in need of votes. She also says that she did not know before the Commission was set up that she was a shareholder in the Company. She further says that she had no opportunity to consult her husband before she signed the blank paper. Later she told her husband about it and her husband warned her not to put her signature on any paper or document in future without consulting him. She further states that she did not sign any other paper except that one. Finally she said that she did not know who paid for the shares and that she at any rate did not pay for them. The evidence shows that besides the original 300 shares in the name of Smt. Ranu when the Company was incorporated, 500 more shares appeared in her name at the time the appraisal report was made on February 27, 1973. There is no explanation as to how this happened and the matter remains a mystery because Smt. Ranu says that she never signed on any other paper. It is of course not possible to acquire shares without signing the share application. The evidence of Smt. Ranu does not carry conviction; firstly, because it is difficult to believe that she could have signed a blank paper at the instance of her brother-in-law Prabodh without consulting her husband and, secondly, because her evidence does not explain at all how the extra 500 shares appeared in her name by the time the appraisal report was made on February 27, 1973.

The evidence of Shri Chattoraj on this point also does not carry conviction. He says that his wife informed him that she had signed a printed pro forma which was blank at the time under the instructions of his brother Prabodh. His wife also told him that a Company was being formed and Prabodh had told her that he was in need of votes of a person on whom he could rely. Shri Chattoraj said that he told his wife that she had done a wrong thing and that she should never have signed such a paper without consulting him. He also made it clear to her that in future she should not do so without asking him about it. He also states that he never paid any money for 800 shares appearing in the name of his wife and that his brother Prabodh paid the money to purchase the shares benami in the name of his

wife. But this statement does not explain how the five hundred extra shares were obtained in the name of Smt. Ranu without at any rate her signing some paper a second time to obtain these 500 shares. Further, though Shri Chattoraj is a resident of Birbhum district he does not know whether D. K. Banerjee is also a resident of the same district. Further, though D. K. Banerjee and Prabodh were employed in the same factory, namely, Messrs. Valley Refractories Pvt. Ltd., and were friends. Shri Chattoraj says that he did not even know whether they were friends. Further when asked whether his wife had signed any other paper for acquiring shares after the incorporation of the Company, he said that he had no knowledge whether his wife signed any other paper for the acquisition of the extra 500 shares which appeared in her name by February 27, 1973. When asked how the money for the 4,000 shares which appeared in the name of his wife, Prabodh, Prabodh's wife and Dilip Chattoraj's wife was found, Shri Chattoraj replied that he had no direct knowledge about the matter but he had heard that Prabodh had paid for all the shares except that of Dilip Chattoraj's wife. The number of shares which Prabodh is thus supposed to have paid for is 3,200 and the amount involved is Rs. 32,000. There is no explanation as to wherefrom Prabodh got this large sum. Shri Chattoraj also enquired from Prabodh once about the signature that he had taken from his wife Smt. Ranu, and asked him to return the paper. But Prabodh told him that it was not possible for him to do so as it had been sent to the Company. Shri Chattoraj was asked whether he asked his brother about the contents of the blank paper which he got Smt. Ranu to sign and his reply was that he put no other question except about the signature and thereafter dropped the subject. It is very difficult to accept this statement of Shri Chattoraj and it seems to me that Shri Chattoraj knew more than what he is prepared to admit.

I have carefully considered the evidence of Shri Chattoraj as well as the wife Smt. Ranu about the shares standing in Smt. Ranu's name in the Company and I cannot accept the evidence that shares in Smt. Ranu's name were purchased benami by Prabodh. If Prabodh wanted to purchase more shares benami there is no reason why he could not have purchased them in the name of his own wife who already held shares numbering 800 in the Company. So far as voting is concerned it made no difference whether the shares stood in the name of Smt. Ranu or in the name of Prabodh's wife. As a matter of fact Prabodh would have greater control if the shares that stood in the name of Smt. Ranu were also purchased by Prabodh in the name of his own wife. The story therefore that the shares in the name of Smt. Ranu were purchased by Prabodh does not carry conviction; nor does it appear credible that Smt. Ranu signed one blank paper at the instance of Prabodh without consulting her husband. Further, acquiring of 500 extra shares between December 1972 and February 1973 in the name of Smt. Ranu is not explained at all for according to Smt. Ranu she never signed any second paper. It is in my opinion legitimate to infer from all this evidence that Shri Chattoraj was interested in the Company through his wife at least, if not through his other relations.

Then there is the fact that his brother Prabodh was a shareholder as well as a Director of the Company and was very interested in the matter of obtaining loan from the Corporation. Though Shri Chattoraj does not admit, and one can understand this, it seems to me that Prabodh who was very interested in the Company must have approached his brother for help in getting the loan. I have already said that the Chattoraj family had the majority of the shares when the Company was first incorporated in December 1972 and one can legitimately infer that Shri Chattoraj must have been interested in this Company and must have done all he could to help it. Later it is true that the number of shares held by the Chattoraj family were not enough for a controlling interest as the family held only 4,000 out of 13,400 shares at the time the appraisal report was made in February 1973. Even this was substantial interest. Further D. K. Banerjee and his wife held 3,500 shares according to the appraisal report and if these were added to the shares held by the Chattoraj family the two families together would have 7,500 shares out of 13,400 and would jointly be in control of the Company. Considering that the scheme started at the instance of D. K. Banerjee and Prabodh who both are Directors of the Company and whose wives are also Directors, the control of the Company will remain in the hands of those who were responsible for sponsoring it.

Summing up therefore it is clear that Banerjee family and Chattoraj family together are controlling the Company the scheme having been sponsored by Banerjee and Prabodh. Shri Chattoraj's wife was holding shares in the Company and I do not think that that was benami for Prabodh. Shri Chattoraj's interest therefore in the Company is clear. Then one comes to the curious facts relating to the circumstances in which the loan was granted by the Corporation. There is first the fact that the appraisal report was prepared in a hurry even though the report of the Branch Manager from Asansol was not available on February 27, 1973. Then there is the fact that the share capital was reduced from 3 lakhs to 2 lakhs on March 28, 1973 on a mere application by the Company through Prabodh without any positive request in that behalf. Finally, it is found that in spite of the direction of the Board of Directors that the "release of sanction advice to the party would be subject to IDBI's clearance to the proposal of refinance" the Company was informed of the sanction on March 28, 1973 and the first instalment of the loan was granted on June 12, 1973 even before an application was made to the Industrial Development Bank of India for refinance on June 13, 1973 and long before the Bank's clearance came on August 25, 1973. Taking all these facts and circumstances together it seems to me that Shri Chattoraj was clearly interested in the founding of the Company and used his influence in getting the loan for the Company in which his family had substantial interest. It may be noted that there is no quarrel in the family of Shri Chattoraj and there is no reason why Shri Chattoraj should not have been in the know of everything and should not have helped the Company in the circumstances. I therefore come to the conclusion that Shri Chattoraj's influence must have been used in securing the loan for the Company in which members of his family including his wife had substantial interest. The allegation therefore in the amended form in which it has emerged before the Commission must be held to have been proved.

Shri A. K. Panja's Case

The charge against Shri Panja is with respect to the promotion of his brother Dr. R. K. Panja to the post of Assistant Professor and thereafter to the post of Reader and to the appointment of his cousin Dr. Salil Kumar Panja at the Institute of Post-Graduate Medical Education and Research and thereafter his promotion to the post of Assistant Professor in the same institute. Shri Panja has been Minister-in-charge of Health in the West Bengal Ministry from March 20, 1972. The gravamen of the charge against Shri Panja is that he got appointment/promotions for his brother and his cousin though they were not qualified under the various Government orders and the appointments and promotions were made against their provisions and that this was done under the influence of Shri Panja who was himself in-charge of the Health Department which dealt with the matter of these appointments and promotions. It is necessary therefore to look first into various orders relating to such appointments and promotions.

The first order to which reference may be made is dated August 10, 1967[1]. It deals with postings and transfer and provides that all fresh recruits to the West Bengal Health Service (hereinafter referred to as the Service), should be initially posted to mofussil and peripheral institutions outside Calcutta and Howrah Corporation areas. It further provides that specialist medical officers or other officers with exceptionally brilliant academic record recruited to the Service might be exempted from serving in categories 1 to 4 mentioned in para 5 of that order. Para 5 mentions 7 categories of which the first four do not matter as both Dr. R. K. Panja and Dr. S. K. Panja are specialists in Dermatology. The remaining three categories are:

"(1) Subdivisional Headquarters;

(2) District Headquarters; and

(3) Howrah-Calcutta area, hospitals with 500 beds or teaching institutions."

Paragraph 13 provides that no medical officer should be posted in any teaching institution unless and until he has served for at least four years in the mofussil though this would not apply to postings in non-clinical departments

[1]File No. Estt. 4993/1M-180/67.

of Anatomy, Physiology, Pharmacology and Bio-Chemistry. The rest of the provisions of that order are not material for present purposes. It may be remarked that this order deals with postings and has nothing to do with qualifications necessary for appointments and promotions. It cannot be considered to have the force of law or rule and merely amounts to administrative instructions in the matter of postings and transfers. There is nothing to prevent the Government from departing from the principles mentioned in this order if it chooses to do so in individual cases. It is a guideline for the Director of Health Services in the matter of postings and transfers and was addressed by the Secretary to the Government of West Bengal to the Director of Health Services for his guidance.

Then follows the order of September 8, 1967[2]. It lays down qualifications for the purpose of teaching appointments in the State Medical Colleges and other teaching institutions. The first qualification is that the officer appointed as a Lecturer, Assistant Professor or Reader should have a post-graduate qualification in the subject concerned. Besides this, for the post of Lecturer three years' basic experience in teaching in the capacity of Registrar, Demonstrator, Clinical Tutor, Resident Surgeon, Resident Physician or Resident Medical Officer in a teaching institution is made essential. In the case of an Assistant Professor five years' total teaching experience in the capacity of Registrar, Demonstrator, Clinical Tutor, Resident Surgeon, Resident Physician, Resident Medical Officer or Lecturer in a teaching institution or three years' teaching experience as a Lecturer in the subject is essential. For the post of Reader the qualification required is seven years' total teaching experience in the subject of which two years should be as Assistant Professor. The order further lays down that experience in teaching in medical schools may count in full for the purpose of appointment as Lecturer or Assistant Professor. It also lays down that the period spent by a medical officer posted on supernumerary duty in a teaching department where there are sanctioned teaching posts shall not ordinarily be taken into account for the purpose of conferment of teaching designation on him even though the officer might have rendered teaching duties under orders of the local authorities. If, however, an officer while posted on supernumerary duty in a teaching department where there are sanctioned teaching posts is specially required by Government to perform teaching duties such period may be taken into account for purposes of assessment of his teaching status. The order further provides that 50 per cent. of the time spent in recognised research under the Indian Council of Medical Research or a University or a Medical College may be counted towards teaching experience. Finally, it provides that in order to be appointed to the academic rank of Reader, Associate Professor and above an officer must have passed through the preceding academic stage or stages and no jumping over of the intermediate stage shall be permissible. There is, however, provision in the order for relaxation in exceptional cases specially in the matter of conferment of academic status on medical officers already employed or to be employed in specialities in which there is extreme shortage of qualified specialists. The order refers to the earlier order of August 10, 1967 and further provides that before being eligible for appointment as an Assistant Professor of clinical subjects every Medical Officer must have at least three years' service as a specialist in a district, subdivision or any other State hospital in the mofussil. The Annexure to the order provides the minimum qualifications and for present purposes it is enough to refer to the qualifications for dermatology. Along with other qualifications one of the qualifications is M.R.C.P.

Then follows the order of February 18, 1971[3] which defines what are dearth subjects. It lays down that in order to assess whether there is real shortage in any discipline the number of posts sanctioned or likely to be sanctioned in that discipline, the number of available trained officers and the number of officers likely to retire in the year should be taken into account. It also provides for relaxation which is, however, immaterial for present purposes.

The next order to which reference may be made is dated May 19, 1971[4]. It provides that the service rendered by an officer on supernumerary duty in a teaching institution if it is certified by the respective Heads of Departments and the Heads of Institutions that he was assigned teaching duties and actually

carried out the responsibility of teaching during the period of his appointment as such shall be taken into account in computing the length of his teaching experience. It also provides that the period spent by an officer in a teaching post recognised by the university concerned provided that such teaching responsibilities were undertaken by him after completion of a recognised post-graduate diploma or a degree and are recognised as teaching experience under the rules of the Medical Council of India shall also be taken into account in computing the length of his teaching experience. It also provides that 50 per cent. of the period spent in whole-time research work in a recognised institution after obtaining post-graduate requisite qualifications shall also be taken into account. It also provided that relaxation may be made in the case of dearth subjects. It further goes on to declare specifically what are dearth subjects and among them is Dermatology under the discipline of Medicine. Finally it provides that mofussil service shall not be considered as an essential condition for being eligible for teaching appointments. But other things remaining equal, an officer with required period of mofussil service at his credit shall have preference over others having no or lesser period of mofussil service. This order partially modified the order of the September 8, 1967 and superseded the order of February 18, 1971.

The next order to which reference may be made is dated July 21, 1971[5]. It supersedes the orders dated September 8, 1967, February 18, 1971 and May 19, 1971. It provides that for teaching appointments as Lecturer and above the minimum qualification is possession of adequate post-graduate qualification in the subject concerned. In addition to the above the same teaching experience required in the order of September 8, 1967 has been repeated. It also provides for relaxation in exceptional cases specially in the matter of conferment of academic status on the medical officers already employed or to be employed in specialities in which there is extreme shortage of specialists. It further provides that experience in teaching in medical schools may count in full for purposes of appointment as Lecturer or Assistant Professor. It also provides that there should be no jumping over of the intermediate stage in the case of appointment of Assistant Professors and above. This order makes no mention of supernumerary duties which were mentioned in the order of September 8, 1967 and thus cancels the disadvantage under which the supernumerary duty suffered under the order of September 8, 1967.

The last order to which reference may be made is of October 31, 1972[6]. This order cancels the order of July 21, 1971 and provides that promotion to teaching posts in the State Medical Colleges and institutions shall be made in accordance with the provisions of the order of September 8, 1967 read with the order of May 19, 1971. The order further provides that in supersession of all previous orders in this respect all specialists irrespective of their academic status will have to serve in the district for at least two years if they have not already rendered such service. This will not, however, apply in the case of specialists where there is extreme dearth of qualified officers for manning the posts in the teaching institutions. Services of officers in these deficient disciplines should be utilised only in these disciplines. This order was based on the recommendations of Dr. J. C. Banerjee's Committee, dated March 4, 1972, appointed on July 28, 1971[7] which was endorsed by Dr. A. K. Basu who had been appointed to go into the entire matter relating to medical services on the December 14, 1971[8].

It has been said that the order of October 31, 1972 was passed when Shri Ajit Panja was Health Minister in order to help his brother and his cousin. A perusal of the order of July 21, 1971 which was superseded by the order of October 31, 1972 shows that it would not have stood in the way of Dr. R. K. Panja and Dr. S. K. Panja for it provided for blanket relaxation in specialities in which there was an extreme shortage of qualified specialists. It is true that the order of May 19, 1971 which specifically mentioned dermatology as a dearth subject was superseded by the order of July 21, 1971 but the question would still remain whether dermatology was a dearth subject and if it was treated as a dearth subject by the Expert Committee which was constituted on

[8]Government Resolution No. H-7/2887/3C-6/71.

November 6, 1972 consisting of Dr. K. C. Basu Mullick, Director of Health Services, Dr. A. B. Chowdhury, Director of the School of Tropical Medicines, and Dr. D. Roy Mahasaya, Principal of the Medical College, there would be nothing against their recommending the appointment of Dr. R. K. Panja and Dr. S. K. Panja who are specialists in dermatology. Besides, the order of October 31, 1972 was based on the recommendations of two Expert Committees namely, Dr. J. C. Banerjee's and Dr. A. K. Basu's. It stood to benefit not merely Dr. R. K. Panja and Dr. S. K. Panja (assuming there was any benefit at all) but a host of other doctors, whose cases for conferment of academic status were still pending and were finally referred to the Expert Committee headed by Dr. K. C. Basu Mullick which was appointed on November 6, 1972 to go into the cases of a large number of doctors and make recommendations on the question of conferment of academic status on them. I am therefore not prepared to accept that the order of October 31, 1972 was passed with any oblique motive by Shri Panja to benefit his brother and his cousin.

It is best to set out the final position as it emerges after the order of October 31, 1972, in order to determine the basic qualifications necessary for purposes of appointment as Lecturer, Assistant Professor and Reader. The minimum qualification is a post-graduate degree which includes M.R.C.P. For a Lecturer three years' basic experience in teaching is necessary; for an Assistant Professor five years' total teaching experience is necessary or three years' teaching experience as Lecturer in the subject; for a Reader seven years' total teaching experience in the subject is necessary of which two years should be as Assistant Professor. For the purpose of calculating teaching experience the service rendered by an officer on supernumerary duty in a teaching institution provided that it is certified by the heads of departments and heads of institutions that he was assigned teaching duty and actually carried out the responsibilities of teaching during the period of his appointment as such shall be taken into account. Further the period spent by a officer in a teaching post recognised by the University concerned is to be taken into account provided that such teaching responsibilities are undertaken by him after completion of a recognised post-graduate diploma or degree and are recognised as teaching experience under the rules of the Medical Council of India. Further, 50 per cent. of the period spent in whole-time research work in a recognised institution after obtaining recognised post-graduate qualification is also to be taken into account. Dearth subjects include dermatology. Mofussil experience of at least two years is necessary but this is relaxable in the case of specialities where there is real and extreme dearth of qualified officers for manning the posts in the teaching institutions. Services of officers in these deficient subjects should be utilised only in these disciplines. This last provision about mofussil service does not appear in the order of July 21, 1971 though it is made compulsory by the order of October 31, 1972 subject to relaxation in dearth subjects. This is another indication to show that the order of October 31, 1972 was not passed with an eye to help Shri Panja's brother or cousin for the order of July 21, 1971 does not appear to require any mofussil service. The order of October 31, therefore, could not help Dr. S. K. Panja who had no mofussil service unless relaxation was made in his favour. On a careful consideration therefore of the provisions as they finally emerge, I am of opinion that the argument that the order of October 31, 1972 was passed at the instance of Shri Panja in order to benefit his brother or his cousin has no force.

I shall first take the case of Dr. S. K. Panja. Dr. S. K. Panja obtained M.B.B.S. Degree from the Calcutta University in June 1957. In July 1962 he obtained the diploma of M.R.C.P. from Edinburgh University with Dermatology as special subject. He became an extra-mural teacher in the Department of Dermatology in the University College of Medicine, Calcutta. It appears from the evidence of Dr. A. B. Chowdhury that extra-mural teachers are teachers who may be asked to deliver lectures while carrying on practice outside. They are invited to deliver lectures. They are regular teachers and are required to teach according to the programme drawn up by the University and are required to abide by the rules. Such teachers deliver lectures one or twice a week. They are not holding any salaried post. It seems to me therefore that extra-mural teachers are part-time teachers who teach regularly and may be getting payment as so much per lecture or so much per month depending upon the number of lectures delivered by them in a month. They apparently carry on private practice but are asked by the University in view of their qualifications to deliver lectures. This is what appears to have happened in the case of Dr. S. K. Panja who is a qualified Dermatologist holding the diploma of M.R.C.P. He was asked by the University to deliver lectures as a part-time teacher from 1965.

It further appears that Dr. S. K. Panja was selected by the West Bengal Public Service Commission for appointment in the Service on April 21, 1969[9]. Thereafter he was offered the post of Medical Officer, Sadar Hospital, Midnapur, on June 18, 1969. He, however, did not accept the offer presumably because he had to go out of Calcutta where he was a private practitioner as well as a part-time lecturer in the University College of Medicine.

It is clear from the above that Dr. S. K. Panja being an M.R.C.P. in Dermatology had the necessary basic minimum educational qualification for appointment as Assistant Professor, and the only question that requires consideration is whether he had the requisite teaching experience of five years as a Lecturer in a teaching institution in accordance with the order of September 8, 1967 read with the order of May 19, 1971.

It is necessary to refer to certain other facts before I consider this main question. It appears that a Dermatology Unit under the Department of Medicine was established in the Institute of Post-Graduate Medical Education and Research (hereinafter referred to as the Institute) on July 29, 1970 during the President's Rule in West Bengal. This was at a time when Shri A. K. Panja was nowhere in the picture. On July 30/31, 1971[10], Dr. K. C. Basu Mallik, Director of the Institute, wrote to the then Director of Health Services proposing that Dr. S. K. Panja should be posted as a lecturer in the Dermatology Unit of the Institute under the Department of Medicine. Dr. S. K. Panja was willing to serve in a non-practising capacity and was in the opinion of Dr. Basu Mallik a very suitable candidate for the proposed Dermatology Unit. This recommendation was also made at a time when there was President's Rule. Reference was made in this letter to the earlier selection of Dr. S. K. Panja by the West Bengal Public Service Commission. Dr. Basu Mallik was of opinion that Dr. S. K. Panja's services could be best utilised in the Institute which was deficient in respect of a Dermatology Unit and he was a knowledgeable Dermatologist. He therefore requested that necessary steps be taken so that Dr. S. K. Panja could be posted in the Institute as early as possible to enable at least the Dermatology O.P.D. to be set up immediately. The Secretariat note on this letter pointed out that Dr. S. K. Panja had refused the appointment in Midnapur Sadar Hospital as a General Duty Medical Officer and had prayed for a specialist appointment in Dermatology in the Institute which had, however, been refused by Government in March, 1971. The Secretariat, however, recommended in August 1971 that considering Dr. S. K. Panja's brilliant academic career and his professional competence he may be appointed as a Dermatologist in the Institute and be declared as Lecturer in due course subject to recommendation by the Academic Advisory Committee and approval by the Government. This took place in August 1971 during President's Rule and Shri A. K. Panja could have had nothing to do with it. A question then arose whether the recommendation of the Public Service Commission was again necessary in view of Dr. Panja not having joined at Midnapur and in view of Government's refusal in March 1971 to post him as a specialist in the Institute. On November 9, 1971 it was decided to refer the case of Dr. S. K. Panja again to the Public Service Commission for approval of his appointment in the Service and so a letter was addressed on November 27, 1971[11] to the Public Service Commission for approval. Another Doctor, namely, Dr. (Smt.) Dharitri De's case also was considered at the same time and her name was also sent to the Public Service Commission at the same time for approval. In the meantime before the reply was received from the Public Service Commission another letter, dated January 14, 1972, was received from Dr. M. K. Chhetri who was then Director Professor in the Department of Medicine in the Institute for early appointment of Dr. S. K. Panja. In this letter Dr. Chhetri pointed out that on two earlier occasions, namely, September 1970 and July 1971 the previous Director had recommended the name of Dr. S. K. Panja for posting as a Dermatologist in the Institute. Dr. Chhetri had a very high opinion of Dr. S. K. Panja and said so in the letter and added that Dr. S. K. Panja was prepared to join the Institute as a Lecturer on non-practising terms. He therefore recommended the appointment of Dr. S. K. Panja at least as a Lecturer as a temporary

measure considering the dearth of suitable persons in this speciality and his qualifications and experience. Finally, he added that in case there was any bar to that, he might be posted at least as a supernumerary duty medical officer to enable the Institute to start the Dermatology Unit. On this letter the Public Service Commission was reminded to send a reply to the letter of November 27, 1971. On April 8, 1972 the Public Service Commission replied that it could not agree to the proposal of the Government on the basis of its earlier selection made as far back as 1968 and added that the Government could, if it thought fit, appoint Dr. S. K. Panja and Dr. (Smt.) Dharitri De on a temporary basis. On June 21, 1972 Dr. Chhetri wrote again recommending Dr. S. K. Panja and supporting his earlier recommendation. By this time Shri A. K. Panja had become the Minister of Health. A copy of this letter was also addressed to Shri Panja. On this Shri Panja referred the matter to the Chief Minister "for necessary orders as the doctor named is my cousin". On July 8, 1972 the Chief Minister wanted a note to be put up as to the rules and practice for his consideration. In the meantime a letter had been written to the Public Service Commission on June 30, 1972 requesting it to reconsider the matter and concur in the appointment of Dr. S. K. Panja to the Service. The letter also said that they were not insisting in the case of Dr. (Smt.) D. De. When the Secretariat note reached the Chief Minister he approved of Dr. Chhetri's proposal of June 21, 1972 and added that the Public Service Commission be again asked, if necessary, to concur. Consequently a reminder was issued to the Public Service Commission on July 22, 1972. Finally, the Public Service Commission by its letter, dated September 11, 1972, concurred in the appointment of Dr. S. K. Panja and Dr. (Smt.) D. De to temporary posts of Medical Officer, General Duty, in the Service on the basis of their earlier selection. When the letter of the Public Service Commission was brought to the notice of Shri Panja on September 20, 1972 he ordered as follows: "Please place this before H.C.M. with notes in and since his last order". The matter was then placed before the Chief Minister who approved of the appointment of Dr. S. K. Panja on October 3, 1972. This was followed by a notification, dated October 25, 1972, appointing Dr. Panja as Medical Officer (Dermatologist) in the Dermatology Unit of the Institute. Dr. S. K. Panja joined the Institute as Medical Officer (Dermatology) on November 1, 1972.

Thereafter Dr. S. K. Panja on November 8, 1972 made a representation to the Director of Health Services praying for appointment at least as a Lecturer in the Dermatology Unit of the Institute. This was recommended by Dr. D. P. Basu, Director of the Institute, and Dr. M. K. Chhetri, Director Professor, Department of Medicine, in the Institute. The letter was submitted to the Expert Committee consisting of Dr. K. C. Basu Mallik, Dr. A. R. Chaudhury and Dr. D. Roy Mahasaya which was already sitting to consider the question of academic status of various doctors numbering about 400. The Committee made its recommendation on January 18, 1973[12] recommending inter alia the appointment of Dr. S. K. Panja as Assistant Professor with effect from May 1, 1971 or the date of joining. Thereupon the Minister Shri A. K. Panja referred back some cases including that of Dr. S. K. Panja to the Expert Committee for clarification on February 19, 1973. With regard to Dr. S. K. Panja, the Minister wanted to know how he was being recommended for Assistant Professorship so soon after his joining the service. The Committee reconsidered the matter and on March 24, 1973 said that Dr. S. K. Panja's recognised teaching experience made him eligible for direct appointment as Assistant Professor. The Committee also pointed out that similar benefit in the matter of teaching experience had been given to every officer where that was applicable. Finally, by a notification, dated July 19, 1973, Dr. S. K. Panja was appointed as Assistant Professor in the Institute with effect from December 1, 1972. This notification also appointed a number of other doctors to teaching posts in various disciplines.

Two arguments have been addressed with respect to the appointment of Dr. S. K. Panja, first as Medical Officer (Dermatologist) and then a month later as Assistant Professor in the Institute. As to the appointment as Medical Officer (Dermatologist) it is urged that the Public Service Commission was pressurised after it had refused to concur with the Government's proposal with respect to Dr. Panja and Dr. (Smt.) D. De. In this connection it is well to remember that when Dr. S. K. Panja's case first came to Shri Panja, who is his cousin, the Minister marked the file to the Chief Minister and it was thereafter

[12]File No. Estt. 5 T-4/73.

dealt with by the Chief Minister who eventually approved of his appointment as Medical Officer (Dermatologist) in the Institute. It may also be mentioned that the proceedings as to the appointment of Dr. S. K. Panja in the Institute began as early as September 1970 when Shri Panja was nowhere in the picture. It also appears that the Government had been moving the Public Service Commission off and on for revalidation of the earlier selection of doctors made by it in 1968. One such letter was addressed in September 1969 with respect to six doctors, another was addressed in September 1970 with respect to one doctor and a third letter was addressed in July 1971 with respect to six doctors and the Public Service Commission had then agreed to revalidation. The Public Service Commission, however, had first refused to accept the Government's proposal with respect to Dr. S. K. Panja and Dr. (Smt.) D. De on April 8, 1972 on the ground that the selection had been made as far back as 1968 even though the approval with respect to these two doctors was sought only four months after the approval for six doctors mentioned above. At that time the Public Service Commission had agreed to revalidation. In these circumstances I cannot see anything improper in the Government writing to the Public Service Commission again to review its refusal to revalidate the selection of these two doctors. There is, in my opinion, neither evidence nor reason to hold that any pressure was brought to bear on the Public Service Commission when it finally agreed in September 1972 to revalidate the selection of Dr. S. K. Panja and Dr. (Smt.) D. De. I am not prepared to hold that this was due to any influence whatsoever exercised by Shri Panja specially as the matter was being dealt with by the Chief Minister after July 4, 1972.

Another argument that has been addressed is with respect to the posting of Dr. S. K. Panja in the Institute at Calcutta. Reference in this connection is made to the order of August 10, 1967 which lays down that all fresh recruits to the Service should be initially posted in mofussil and peripheral institutions outside the Calcutta and Howrah Corporation areas. It is said that this order was in force on October 25, 1972 when the order of appointment and posting of Dr. S. K. Panja was made. Assuming that was so, it is enough to say that this order has nothing to do with the qualifications for appointment. It is merely an administrative order giving guidance from the Government to the Director of Health Services, West Bengal, in the matter of posting. From the very beginning the Director of the Institute was asking for appointment of Dr. S. K. Panja in the Institute as a specialist in Dermatology and everything was processed on that basis. After the approval of the Public Service Commission by its letter of September 11, 1972 the matter was again placed before the Chief Minister and the Secretariat note suggested that Dr. S. K. Panja may be appointed as Medical Officer (Dermatology) in the Institute and the Chief Minister approved of it. Shri Panja had again said on September 20, 1972 that the matter may be placed before the Chief Minister and had passed no orders himself after the receipt of the Public Service Commission's approval. So when the order of October 25, 1972 was issued posting Dr. S. K. Panja as Medical Officer (Dermatology) it was done in pursuance of the Chief Minister's order. The order of August 10, 1967, therefore, even if it was in force, would not affect any posting made at the instance of the Government for it laid down principles for guidance of the Director of Health Services and could not in any way fetter the discretion of Government.

The last question that arises is whether Dr. S. K. Panja had the necessary teaching experience for appointment as Assistant Professor. It is clear from what I have said above that Dr. S. K. Panja who had obtained the diploma of M.R.C.P. from Edinburgh in July 1962 had been teaching as an extra-mural teacher in the Department of Dermatology, University College of Medicine, Calcutta, since 1965. So, by the time of his appointment as Assistant Professor on December 1, 1972 he had more than five years' experience as a Lecturer in a teaching institution. It has, however, been urged that extra-mural teaching should not be counted towards teaching experience at all. It is true that extra-mural teaching as such is not mentioned in the orders of September 8, 1967 and of May 19, 1971 which were in force at the relevant time when the Expert Committee sat to decide upon the academic status of medical officers in the Service. But there is nothing in the orders to debar the counting of extra-mural teaching in a teaching institution for the purpose of teaching experience for appointment as Assistant Professor. I may in this connection refer to the view of the Expert Committee headed by Dr. K. C. Basu Mullick which went into this matter. The Committee stated that the teaching experience acquired by Dr. S K. Panja made him eligible for direct appointment as Assistant Professor. The Government seems to have accepted this

view. I see no reason not to accept this view of the Expert Committee. I have already referred earlier to what extra-mural teaching is. I am of the view that, besides the opinion of the Expert Committee, it is plain common sense that a person who has been teaching regularly and delivering lectures in the particular subject in a College of Medicine recognised by the University should be held to have the necessary teaching experience required for appointment as an Assistant Professor. Dr. S. K. Panja had been regularly delivering lectures in the University College of Medicine on the subject of Dermatology for over five years. The teaching experience, inter alia, required for appointment as Assistant Professor according to the order of September 8, 1967 is five years' total teaching experience as a Lecturer in a teaching institution. I am satisfied that extra-mural teaching should count towards teaching experience and as in the case of Dr. S. K. Panja it was in the University College of Medicine it must be held that Dr. S. K. Panja had five years' total teaching experience as a Lecturer in a teaching institution in the subject to which he was appointed.

The next point that was urged was that Dr. S. K. Panja was directly appointed as Assistant Professor without first working as a Lecturer in Dermatology. It is true that in the order of July 21, 1971 it is stated that an Assistant Professor must have passed through the preceding stage and no jumping over shall be permissible. That order, however, was not in force having been cancelled by the order of October 31, 1972. The order in force at the time when the Expert Committee sat to consider the question of conferment of academic status was the order of September 8, 1967. That order prohibited jumping over as from the rank of Reader upwards. So long therefore as the order of September 8, 1967 is in force direct appointment as an Assistant Professor is possible provided the other requisite qualifications are there. In the case of Dr. S. K. Panja the other requisite qualifications were there inasmuch as he holds an M.R.C.P. degree and had a total teaching experience of five years as Lecturer in a teaching institution in the subject to which he was appointed.

On a careful consideration therefore of the facts and circumstances of the case I am satisfied that Dr. S. K. Panja was well qualified for appointment as a Medical Officer and promotion as an Assistant Professor. I have no reason or evidence to hold that Shri A. K. Panja had done anything to influence either the Public Service Commission or the Committee of Experts in the matter of Dr. S. K. Panja's appointment and promotion. In any case when the matter first came to him, he marked the file to the Chief Minister as it concerned his cousin and it was thereafter dealt with by the Chief Minister. I therefore absolve Shri A. K. Panja of the charges in the terms of reference relating to Dr. S. K. Panja.

Dr. R. K. Panja obtained the M.B.B.S. Degree from the Calcutta University in 1954. From 1957 to 1962 he was engaged in research work in Dermatology at the Institute of Post-Graduate Medical Education and Research. In 1962 Dr. R. K. Panja obtained the diploma in Dermatology from the Calcutta University standing first in order of merit. In the same year he obtained his doctorate in Pathology (D. Phil), now known as Ph.D., in Collagen Diseases of the Skin. In 1965 he obtained the diploma of M.R.C.P. from Edinburgh with Dermatology as his special subject. In 1974 he was elected a Fellow of the Royal College of Physicians at Edinburgh. This election took place after the disputed appointment. It is, however, an indication of the fact that Dr R. K. Panja is an eminent physician in the discipline of Dermatology. In 1966 Dr. R. K. Panja was selected by the Public Service Commission and was recommended as a specialist in General Medicine (Dermatology). He joined the Medical College at Calcutta as a Medical Officer on supernumerary duty on November 30, 1966. This post did not carry any academic status but he was engaged in teaching Dermatology ever since he joined at the Medical College, Calcutta. It appears that Dr. B. N. Banerjee, who was the Professor of Dermatology, retired in November 1966 and even though Dr. Panja was on supernumerary duty he was the de facto head of the unit of Dermatology and teaching in place of Dr. Banerjee ever since he joined the Calcutta Medical College on November 30, 1966. On December 27, 1967 Dr. Sarbadhikari, Principal, Medical College, Calcutta, wrote to the Director of Health Services recommending Dr. R. K. Panja for a teaching post. In December 1968 the Academic Advisory Committee set up by the Government for conferment of academic status had recommended that Dr. R. K. Panja should be appointed as Lecturer and be given accelerated promotion. Nothing, however, seems to

have come out of the recommendation of the Academic Advisory Committee even though Dr. R. K. Panja had made a representation, dated June 3, 1969, for conferment of academic status supported by the recommendation of Dr. S. K. Mukherjee, Professor and Head of the Department of Medicine of the Medical College, and Dr. A. K. Datta Gupta, Principal, Medical College, Calcutta. Dr. R. K. Panja's case was reconsidered by the Special Committee headed by Dr. H. L. Saha and recommended for Lecturership on March 18, 1970[13]. Dr. R. K. Panja again made a representation for academic status on May 8, 1970 which was recommended by Dr. J. N. Mondal, Professor, Department of Medicine, Medical College, Calcutta. Eventually on February 17, 1971 the recommendation of the Special Committee was accepted and a final order published on March 15, 1971 in which Dr. R. K. Panja's name was included as a Lecturer. All this happened long before Shri Panja was anywhere in the picture. Dr. R. K. Panja again made a representation on March 26, 1971 which was recommended by Dr. J. N. Mondal, Professor-Director, Department of Medicine, Medical College, and by the Principal of the Medical College. This was apparently for higher academic status than was given to him by the order of March 15, 1971. Thereafter a nine-man committee was constituted on April 19, 1971[14] to advise the Government regarding the principles to be followed in the matter of conferment of academic status on officers of the Service. This was headed by Shri Gobinda Chandra Naskar and included seven medical experts. A Ministry had by then come into power in which Shri Gobinda Chandra Naskar was Deputy Health Minister. Shri Panja was the Judicial Minister in that Ministry but naturally had nothing to do with the Health Department. This Committee recommended that teaching experience acquired as medical officer on supernumerary duty should be counted in computing the length of teaching service. This was followed by the order of May 19, 1971 already referred to above which modified the order of September 8, 1967 (also referred to above) and in particular included service rendered by an officer on supernumerary duty in a teaching institution for the purpose of teaching experience provided that it was certified by the respective heads of departments and heads of institutions that he was assigned teaching duties and actually carried out the responsibility of teaching during the period of his appointment as such. Thereupon the Academic Advisory Committee consisting of eight doctors presided over by Dr. K. C. Basu Mallick considered the cases of a large number of doctors and recommended that Dr. R. K. Panja be appointed Assistant Professor at once and Reader from November 29, 1971[15]. The recommendations of the Academic Advisory Committee appear to have been accepted by Government on June 25, 1971 under the signature of Dr. Zainal Abedin, Minister-in-charge of Health. Soon after the Ministry resigned and President's Rule was imposed in West Bengal from June 30, 1971. Then followed the order of July 21, 1971, already referred to, by which the orders of September 8, 1967 and May 19, 1971, already referred to, were superseded with the result that the recommendations of the Academic Advisory Committee, dated June 25, 1971 went by the board.

Thereafter a Review Committee headed by Dr. J. C. Banerjee was appointed on July 28, 1971, to consider the recommendations of the Academic Advisory Committee in the light of the new order, dated July 21, 1971[16]. While the Review Committee was sitting another Committee headed by Dr. A. K. Basu was appointed to consider the entire position on December 14, 1971. Dr. Banerjee's Committee maintained the recommendations of the Academic Advisory Committee with respect to Dr. R. K. Panja. Among other things, this Committee was of the view that an officer with recognised post-graduate qualifications and posted on supernumerary duty should be allowed to count towards teaching experience the period of that duty provided the head of the department as well as the head of the institution certified in writing that he was actually engaged in teaching during this period. The Review Committee then criticised the order of July 21, 1971 which was silent on the question of supernumerary duty and mofussil service. This report was put up before the Governor on March 8, 1972. As, however, a Ministry was expected to come into power soon, the Governor said that the matter should be kept pending till Dr. A. K. Basu Committee also reported. Then

on March 20, 1972 the present Ministry came into power in which Shri Panja is the Health Minister. The matter was then processed and the Minister made a note on the panel submitted by the Review Committee to the effect that the case of Dr. R. K. Panja be submitted to the Chief Minister. Then followed the order of October 31, 1972 which was based on the recommendation of the earlier committees as well as of the Review Committee with which Dr. A. K. Basu concurred. By this order, as already indicated, the orders, dated September 8, 1967, and May 19, 1971, were revived and the order of July 21, 1971, was cancelled. After this order another Committee was appointed headed by Dr. K. C. Basu Mallick on November 6, 1972, and that Committee considered the cases of a large number of dectors, including Dr. R. K. Panja in the light of the order of October 31, 1972, and finally recommended that Dr. R. K. Panja should be given academic status as Assistant Professor from May 1, 1971, and as Reader from November 30, 1971. It may be mentioned here that the promotion in status from Assistant Professor to Reader did not mean any increase in emoluments. These recommendations were finally accepted on April 25, 1973.

Dr. R. K. Panja was appointed Assistant Professor from May 1, 1971 and Reader from November 30, 1971, by two Government notifications, dated July 19, 1973[17]. The case of Dr. Panja, however, was not dealt with by Shri Panja at any stage and the file was marked to the Chief Minister again on May 22, 1973. The file was shown to the Chief Minister as noted by the Chief Secretary on August 7, 1973. As Dr. Panja was being appointed Reader within six months of his appointment as Assistant Professor instead of two years as required under the Government order of September 8, 1967, the matter was put up to the Chief Minister for relaxation under the order as recommended by the Review Committee in all dearth subjects, Dermatology being one such subject. It was also pointed out in the note that no relaxation had been given in the total teaching. As, however, formal orders had been issued on July 19, 1973, the Chief Secretary noted on August 1, 1973, that by inadvertence the order of the Minister requiring that the file should be placed before the Chief Minister with respect to Dr. R. K. Panja had been overlooked. The matter was then placed before the Chief Minister for perusal and approval. The Chief Minister on August 6 saw the file and approved of the proposal with respect to Dr. R. K. Panja.

Two arguments have been advanced to show that there was use of influence in the appointment of Dr. R. K. Panja. The first is that Dr. R. K. Panja was not qualified for appointment as Assistant Professor for want of necessary teaching experience. The second is that he was not qualified for appointment as Reader for want of total teaching experience of seven years and for not having worked as Assistant Professor for two years before his appointment as such. The first question thus arises in this connection, is whether Dr. R. K. Panja was entitled to get the benefit of 50 per cent. of his research work of five years. This depends upon the interpretation of paragraph 2(iv)(c) of the order of May 19, 1971, which lays down that "50 per cent. of the period spent in whole-time research work in a recognised institution after obtaining requisite post-graduate qualification" would be taken into account. Dr. R. K. Panja was doing wholetime research from 1957 to 1962, while he obtained the diploma of M.R.C.P. in 1965. It was, therefore, urged that in the words of paragraph 2(iv)(c) of the said order, half of this period could not be taken into account because it was spent before he acquired the requisite post-graduate qualification, namely, M.R.C.P. On the other hand it has been urged that all that paragraph 2(iv)(c) lays down is that if the necessary post-graduate qualification has been acquired 50 per cent. of the period spent in whole-time research work can be taken into account whether the period was spent before or after the acquisition of the requisite post-graduate qualification. Both the interpretations are possible on the language of paragraph 2(iv)(c). The language of paragraph 2(iv)(c) may be compared with paragraph 2(iv)(b) which says that the period spent by an officer in a teaching post provided that such teaching responsibilities are undertaken by him after completion by him of recognised post-graduate course will be taken into account. It will be seen that the language of paragraph 2(iv)(b) is quite clear, while the language of paragraph 2(iv)(c) is ambiguous. It was urged on behalf of the Minister that if the intention was that 50 per cent. of the period of whole-time research would be taken into account only if the period spent in research was after obtaining a post-graduate qualification, the words in clause 2(iv)(c) would also have been as

[17]File No. Estt./5T-4/73-I.

clear as the words in clause 2(iv)(b). In any case it seems to me that the second interpretation, namely, that 50 per cent. of the time spent in research can be taken into consideration if a post-graduate qualification was acquired whether that was before or after the period of research, is a possible interpretation. I am disposed to accept it because the Expert Committee, which has gone into this matter have held it to be so. I would, there, accept the view taken by the Experts and held that 50 per cent. of the time spent by Dr. R. K. Panja in whole-time research work in the Institute of Post-Graduate Medical Education and Research should be counted towards teaching experience.

The second question relates to supernumerary duty. According to the order of October 31, 1972 read with the order of May 19, 1971 supernumerary duty is to be counted in full. Dr. R. K. Panja while on supernumerary duty from November 30, 1966 was working in the Medical College, Calcutta, and was teaching in the subject of Dermatology and this has been certified by the respective head of the department and head of the College. Therefore on May 1, 1971 when he was appointed Assistant Professor he had more than five years' total teaching experience and was therefore qualified for appointment as Assistant Professor.

Then comes the question of his appointment as Reader from November 30, 1971. By that time he had more than seven years' total teaching experience as required by the order of September 8, 1967 for appointment as a Reader though he had not worked for two years as Assistant Professor. The order of September 8, 1967, however, provides that conditions laid down therein may be relaxed in exceptional cases in the matter of conferment of academic status on Medical Officers already employed in specialities in which there is an extreme shortage of qualified specialists. The order of May 19, 1971 lays down that Dermatology is a dearth subject. Therefore it was open to the Government to relax the condition of two years' service as Assistant Professor. This relaxation of the period of two years had been recommended by the Review Committee in all dearth subjects and applied not only to the case of Dr. R. K. Panja but also to other cases wherever it was applicable. This recommendation of the Review Committee was accepted by the Chief Minister and consequently there was relaxation in the period of two years in the case of Dr. R. K. Panja.

I cannot help adding that Dr. R. K. Panja is an eminent specialist as is now clear from his being elected Fellow of the Royal College of Physicians, Edinburgh, in 1974 though at the time of appointment as Reader this election had not taken place. It is reasonable to infer that the Expert Committees which recommended relaxation of the period of two years in the case of Dr. R. K. Panja must have been aware of his eminence as a Dermatologist.

On a careful consideration therefore of the entire facts and circumstances relating to Dr. R. K. Panja I am of opinion that there is neither reason nor evidence to hold that his promotion as Assistant Professor and later as Reader was in any way influenced by Shri Panja. It may be added that Shri Panja took the wise course of referring the case of Dr. R. K. Panja, his brother, to the Chief Minister for final orders and did not deal with it at any stage.

I therefore absolve Shri A. K. Panja of the allegations levelled against him with respect to his brother Dr. R. K. Panja and his cousin Dr. S. K. Panja.

Shri Sitaram Mahato's Case

There are two charges against Shri Sitaram Mahato, namey—(1) that he exercised undue influence to get a job on Muster Roll basis for his nephew Padma Lochan Mahato in the Soil Conservation Branch of Forest Department and (2) that he exercised undue influence to transfer him within three months to the territorial branch as a Forester on regular posting.

It appears that the West Bengal Government moved the Central Government in August 1972 for afforestation programme in connection with Drought Prone Area Programme (hereinafter referred to as DPAP)[1]. In September 1972 the Central Government approved the programme and on September 18

[1]File No. 2M-16/73-Pt. I.

the West Bengal Government sanctioned the necessary expenditure for the same. Thereafter on September 20, 1972 the Chief Conservator of Forests moved for sanction of posts including 13 posts of Deputy Rangers/Foresters and it was proposed to fill these posts by transfer of existing staff. The resultant vacancies were to be filled on daily wages. The persons to be recruited on daily wages for doing the work of Deputy Rangers/Foresters were to be designated as Forest Assistants according to the note of the Chief Conservator of Forests dated October 25, 1972[2].

On January 3, 1973 Shri Mahato asked for certain information including a list of persons appointed temporarily in connection with DPAP. The Chief Conservator of Forests forwarded a copy of this note to all Conservators with the request that the information required should be submitted by January 9, 1973[3].

On January 9, 1973 Padma Lochan was appointed as Forest Assistant on daily basis at Rs. 9 per day in the district of Purulia. It was argued that his appointment was made under the influence of the Minister and particular reference was made to the fact that Cabinet Sub-Committees had been appointed to deal with different districts and that Shri Mahato was in particular charge of the district of Purulia must be held responsible for this appointment.

It appears that on November 21, 1972[4] Special Recruitment Rules to non-technical class III and class IV services and posts were made. Thereafter it appears that Cabinet Sub-Committees were formed for special recruitment. One of the sub-committees consisted of four members of the West Bengal Cabinet, namely, Shri Gurupada Khan, Shri Sitaram Mahato, Shri Gyan Singh Sohanpal and Shri Soren and they were responsible for the districts of Bankura, Purulia and Midnapur. Even assuming that Shri Mahato was in particular concerned with the district of Purulia the question arises whether this notification about special recruitment to non-technical class III and class IV services and posts would apply to persons employed on daily wages. As the notification stands it obviously applies to appointments in services and posts of non-technical nature on a regular basis and could not possibly be meant to apply to persons employed from day to day on muster roll. It also appears that so far as employment of casual labour on daily wages is concerned the Divisional Forest Officer gives the employment without any reference to anybody else. Persons appointed on daily wages get wages for the day they appear for work and if they do not turn up on any day they do not get any wages for that day. Such employment on daily wages gives no rights to the persons employed who can be dispensed with at any time when the exigency which led to their employment comes to an end. It is clear therefore that employment on daily wages is the sole responsibility of the Divisional Forest Officer and the Cabinet Sub-Committee could not possibly be consulted in such day-to-day employment. The notification of November 21, 1972 for special recruitment followed by the constitution of sub-committees obviously must refer to regular appointments made to class III and class IV services and posts carrying monthly salaries. I am not therefore prepared to believe that Shri Mahato as member of the Sub-Committee could possibly have anything to do with employment on the basis of daily wages or any reference could have been made to him with reference to such employment.

Further, it appears that on November 18, 1972[5] the Forest Secretary put up a note for the Chief Minister for approval. In that note he stated that Deputy Rangers being technical posts the procedure laid down for recruitment to non-technical posts should not apply to them. The Chief Minister approved of this note on November 19, 1972 and this will show that at least from that date the post of Deputy Ranger/Forester has to be treated as technical post. It may be added that even before that date the Forest Department used to treat these posts as technical posts. The note seems to have been put up to clear any doubts on the point so that there may be no difficulty with the Cabinet Sub-Committees who were concerned with non-technical posts. Forest Assistant was a name coined for persons employed on daily wages so that there may be no confusion between persons employed on daily wages and the Deputy Rangers/Foresters who were in regular service.

[5]File No. 4E-120/72.

But the Forest Assistants were otherwise the same as Deputy Rangers/ Foresters and would have to be treated as technical men and their posts would also be technical posts. As I have already said, persons employed on daily wages cannot be held to be holders of posts for purposes of the notification of November 21, 1972. But even assuming they were holding posts they would be technical men and the Cabinet Sub-Committees would not have anything to do with the appointments of technical men for the notification of November 21, 1972 only applied to non-technical class III and class IV services and posts. I am therefore of opinion that the employment of Padma Lochan on daily basis on January 9, 1973 as Forest Assistant on Rs. 9 per day must have been made by the Divisional Forest Officer without any reference to the Minister.

In this connection it was urged that the Minister must have exercised influence even when Padma Lochan was employed on daily wages. It was said, for example, that Padma Lochan was the first man to be employed on daily wages on muster roll basis. This, however, is not correct for it appears that employment on daily wages of Forest Assistants began as early as October, 1972 and at least eight other persons had been employed on muster roll between October and December, 1972 at Rs. 9* per day. It was then urged that Padma Lochan was the only person to be employed on as high a wage as Rs. 9 per day but this also is not correct for there were eight others employed as Forest Assistants on Rs. 9 per day before Padma Lochan was employed and three others also employed at the same time as Padma Lochan on Rs. 9 per day.

Then it was urged that there was no sanction of the Finance Ministry for fixing of wages for daily labour and this also shows that Shri Mahato must have used influence to get employment for Padma Lochan. I see no force in this argument. No specific order of the Finance Ministry has been produced in this case but a large number of persons were appointed on muster roll basis and it is unthinkable that there should not have been an order permitting such a large expenditure of money and fixing rates for appointment to various categories of employees engaged on daily wages. In any case if there has been any financial irregularity it is for the Accountant-General to deal with it. Besides, if there was any irregularity it was not with respect to Padma Lochan alone, but with respect to so many others who were employed on muster roll basis in the district of Purulia. I attach no importance therefore to this argument.

It was next urged that favour was shown to Padma Lochan Mahato inasmuch as he remained employed for about 15 months while others were not employed for such a long time. There is no force in this argument either for it appears that muster rolls after March 1973 were not called for in the case of others while in the case of Padma Lochan all muster rolls were called for up to the end of March 1974.

Lastly, it was urged that the interest of the Minister is shown by the fact that he asked for information with respect to persons temporarily appointed on January 3, 1973. It appears, however, that the Minister required information on a number of subjects by the note of January 3, 1973, namely, (1) detailed particulars relating to crash programme in each district under DPAP mentioning each item of work and daily wage paid for each item; (2) report regarding functioning of Forest Advisory Committees in the districts and whether payment to labourers is made in the presence of a local member of the committee; (3) how many rangers have been posted in Purulia district under DPAP; (4) a list of ranges and beats in each district mentioning special importance of any particular range/beat; (5) proposed figures of new ranges and beats in important divisions for better administrative and active supervision. Clearly therefore the Minister was making inquiries about a number of matters relating to DPAP and other administrative arrangements and it cannot be said from this that the Minister had any particular interest on that day in the employment of Padma Lochan on daily wages. Actually Padma Lochan was not in employment on January 3, 1973 and it was on January 9, 1973 that he was first put on muster roll.

On a careful consideration therefore of the entire facts and circumstances relating to employment of Padma Lochan on muster roll basis I am of opinion that there is neither reason nor evidence to hold that Shri Mahato had anything to do with such employment.

*File No. 2E-53, p. 52.

The second term of reference says that Shri Mahato used undue influence to transfer his nephew Padma Lochan within three months as a Forester on regular posting. In fact, however, what happened was that Padma Lochan was appointed as a Deputy Ranger in April 1974 and he joined the post on April 13, 1974. This term of reference therefore has been treated to read that influence was exercised in the matter of appointment of Padma Lochan as a Deputy Ranger and evidence has been given on that basis.

Padma Lochan is the grandson of Shri Mahato's maternal uncle and is thus a nephew of Shri Mahato. At the same time it is clear that he is not either the brother's son or sister's son of Shri Mahato. Padma Lochan's father is the cousin of Shri Mahato. However, though the relationship is not close there is undoubtedly relationship between Shri Mahato and Padma Lochan. At the time when the selection was being made Padma Lochan had appeared for the B.Sc. (Hons.) examination. Later on he passed the B.Sc. (Hons.) examination and was placed in the First Division. This happened before his actual appointment. The fact therefore that Padma Lochan passed B.Sc. (Hons.) from the Ranchi University in the year 1973 in the First Division shows that he is a bright young man and his selection as a Deputy Ranger on merits is quite possible.

The facts relating to the appointment of Padma Lochan as Deputy Ranger as they appear from the evidence and the official records are these. On November 18, 1972 the Forest Secretary noted that there were in all 99 vacancies of Forest Rangers and Deputy Rangers and that special knowledge and/or aptitude was required of persons recruited to these posts. The Secretary further noted that as in previous years these should be treated as technical posts and the procedure for special recruitment to non-technical posts in class III and class IV services should not apply to them. He therefore sought approval of the Chief Minister to the effect that these posts be treated as technical and the procedure for appointment to non-technical posts should not apply to them (6-A). The matter was put up before the Minister who in his turn sent the file to the Chief Minister who approved of the note with the result that these posts were treated as technical and were not to be covered by the Special Recruitment Procedure through Sub-Committees of the Cabinet. Then followed a note by the Chief Conservator of Forests dated December 20, 1972, suggesting that recruitment to the rank of Deputy Ranger should be through a competitive examination. The note was endorsed by the Forest Secretary who, however, added in his own handwriting thereto that "the age may be raised to 26 years for this recruitment to help in some small way clear backlog in employment". This was approved by the Minister, Shri Mahato, on the same day (6-B). An advertisement was issued in *The Statesman* of December 29, 1972 calling for applications for the posts of Deputy Rangers by January 13, 1973. In this advertisement the age-limit was mentioned as 26 years instead of 23 according to the Government order of 1944 (6-C). The number of applications received was very large, viz., 29,766. On scrutiny it was found that 19,000 applicants were eligible. The Chief Conservator of Forests thereupon submitted a note that it would be physically impossible to hold a written test in four papers as required by the Government order of 1944 and suggested that instead a viva voce test alone be held and that even to do this some 5-6 months' time would be needed (6-D). The matter was put up before Shri Mahato who ordered that if it was impossible to hold a written examination then oral test might be done.

On May 4, 1973 the Chief Conservator of Forests addressed letters to 17 Divisional Forest Officers where these tests were to be held and laid down the procedure for marking for the purposes of the test. Then followed interviews of various candidates among whom was Padma Lochan. His application was sent from Man Bazar Post Office under Registered A.D. cover No. 133 and was received by the department through Bow Bazar Post Office on January 13, 1973. It may be mentioned here that all the applications received were entered in eight registers in the office of the Chief Conservator of Forests and the application of Shri Mahato was in Register No. VII at No. 21930.

(6-D). File No. 4E-120/72-P I

On June 16, 1973 on a reference from the Divisional Forest Officers the Chief Conservator of Forests directed that persons working on daily wages might be treated as departmental candidates and might be interviewed provided the Divisional Forest Officer was satisfied that they had submitted their applications within time in accordance with the advertisement of December 29, 1972 and a consolidated separate result sheet of interviews of all such candidates should be sent. The list of such daily-rated persons shows Padma Lochan as one such candidate along with 15 others.

An interview letter was issued to him on September 19, 1973 and the interview was held on September 29, 1973. At that interview Shri B. B. Khisa, who was the interviewing officer, satisfied himself that the application of Padma Lochan was within time and thereafter the result of the interview was submitted in due course to the Chief Conservator of Forests (6-E). On January 4, 1974 the Chief Conservator of Forests sent the list of persons to the five Conservators of Forests indicating the candidates selected from their circles. The list relating to Southern Circle contained the name of Padma Lochan. It was directed in this letter that on receipt of the police verification roll duly verified by the appropriate authority necessary appointment letters may be issued to the candidates. The letter also went on to say what conditions should be communicated in the letter or appointment, as for example, the pay-scale of the post and so on and the last condition was that the appointment was subject to satisfactory medical report. Padma Lochan's police verification was done on April 1, 1974 and was received in the office of the Conservator of Forests on April 5, 1974. The appointment letter to Padma Lochan was then issued on the same day, namely, April 5, 1974 and he joined the post on April 13, 1974. It appears that Padma Lochan was sent for medical examination on September 23, 1974 and he was examined medically on September 26, 1974 and found fit.

It has been contended that the relaxation of age and holding of viva voce test in place of a written examination were done at the instance of the Minister to favour Padma Lochan. So far as the viva voce test is concerned the reason why that had to be done has already been indicated by me above from the note of the Chief Conservator of Forests. The reason for holding viva voce test was the large number of candidates, namely, over 19,000 for 99 posts and the physical impossibility felt by the Chief Conservator of Forests about holding a written test in four papers for such a large number of candidates. Apparently the Forests Department was not equipped to deal with such a large number of candidates. As a matter of fact the note of the Chief Conservator of Forests shows that on a similar occasion when the number of candidates was only 4,000 (four thousand) it was found very difficult to hold a written test. This time when the number was 19,000 the Chief Conservator of Forests thought that it would be impossible to hold a written test. The Chief Conservator of Forests has appeared as a witness and has given evidence in this connection and I see no reason to hold that he suggested a viva voce test in order to oblige the Minister so that his nephew may get selected. I have already mentiond that Padma Lochan is a bright young man for he has obtained First Class in B.Sc. (Hons.) and there was no reason why Shri Mahato would have been afraid of a written test. I therefore accept the statement of the Chief Conservator of Forests that the viva voce test was held because of the physical impossibility of holding a written test by the department.

As to the age-limit it appears that in the Government order of 1944 the age-limit is 23. There is no doubt that if the age-limit had not been relaxed to 26, Padma Lochan would not have been eligible for appointment in 1973. It appears that by a notification dated June 15, 1971, the Governor ordered that where the upper age-limit for recruitment to West Bengal services was fixed at less than 30 years such upper age-limit shall be raised to 30 years. It seems that according to this notification the upper age-limit in the case of Deputy Rangers would be raised from 23 to 30 years. But for some reason which is not apparent this notification was probably not in the mind of the Forest Secretary when he added in his own handwriting on the note of the Chief Conservator of Forests on December 20, 1972 that the age may be raised to 26 years. The suggestion is that this addition by the then Forest Secretary was made in the note of the Chief Conservator of Forests after the appointment of the Commission. There is no reason to believe that the then Forest Secretary obliged the Minister in this way and committed this

(6-E). File No. 5M-70 of 1973.

forgery. Further the fact that the advertisement itself gave the age-limit as 26 years shows that the relaxation even if it was required after the notification of June 15, 1971 must have been made before the notification was issued and therefore this addition in the note of the Chief Conservator of Forests in the hand of the then Forest Secretary was made at the proper time and it was in consequence of this that the advertisement gave the maximum age as 26 years. It is true that this raising of the maximum age did benefit Padma Lochan but then he is not the only person who would benefit by it. There must be hundreds if not thousands who would benefit by raising the age-limit from 23 to 26. I am therefore not prepared to accept that the age-limit was raised merely to help Padma Lochan even assuming that the notification of June 15, 1971 can be overlooked. The reason given for raising the age was that it may help in some small way to clear the backlog in employment. Apparently no recruitment had been made for some time to some of these services and that is why the age-limit was ncreased for this examination. I am therefore of opinion that the holding of a viva voce test and increasing of the age-limit were done for good reasons and there is no question of the Minister having used his influence in this connection.

The next point that has been urged is that Padma Lochan never made an application, never received an interview letter, was never interviewed and all the evidence that has been produced to show that he made the application in time, that it was received by the department, that he got an interview letter and that he was interviewed is false and that the documents that have been produced in that connection are all forged and this was done after the appointment of the Commission. In short it is alleged that there was a sort of conspiracy involving officers of the Forest Directorate from the Chief Conservator of Forests downwards and that even the Postal Department was involved and all this was done at the instance of the Minister. It is to my mind impossible to believe that such a conspiracy was hatched after the announcement of the Commission involving such high officers of the Forest Department simply because Padma Lochan was the nephew of the Minister. There is no evidence to show that any such conspiracy was or could have been hatched except the statement of the complainant Shambhu Nath Bakshi to which I shall refer just now. He stated that he knew Padma Lochan for a long time. He also stated that in the winter of 1973 he met Padma Lochan and Padma Lochan then told him that he had been told by his uncle Shri Mahato that persons who were on the muster roll would get employment as Deputy Ranger even if they had not applied and even if they did not get any interview. It was from this statement of Padma Lochan to him that he concluded that in all probability Padma Lochan had not applied for the post of Deputy Ranger. I am, however, not prepared to believe this statement of Shambhu Nath Bakshi for it appears that he really did not know Padma Lochan at all. He was asked to pick out Padma Lochan. He went into the well of the Court and picked out a man as Padma Lochan. The man when questioned said that his name was Nishakar Dutt. Thus Shambhu Nath Bakshi failed to pick out Padma Lochan and this obviously shows that he did not know Padma Lochan. When the mistake was pointed out to him he said that Padma Lochan was just like Nishakar Dutt. When further questioned he said that Padma Lochan was not in the well of the Court. I then enquired if Padma Lochan was present and Padma Lochan came near the witness box. On seeing Padma Lochan the witness stated that he was Padma Lochan. It was clear from the comparison of the two persons that there was no similarity between them. Nishakar Dutt is short and dark complexioned while Padma Lochan is comparatively tall and white complexioned. It is clear therefore that Shambhu Nath Bakshi, even though he claimed that he had known Padma Lochan for about six years and had met him off and on, did not really know him at all. His story therefore that Padma Lochan had met him in the winter of 1973 and told him that people on muster roll would be appointed even though they did not make any application and did not appear for interview is a falsehood.

The available evidence shows that Padma Lochan's application was received in time and was entered in volume 7 of the eight registers opend for the purpose of entering all applications received in response to the advertisement for posts of Deputy Rangers. Evidence also shows that a registered letter addressed to the Chief Conservator of Forests, Calcutta, was sent from Man Bazar Post Office by Registered No. 133 on January 9, 1973. This letter was received in the Bow Bazar Post Office, Calcutta, on January 13, 1973 and must be presumed to have been delivered in the normal course to the office of the Chief Conservator of Forests on the same day. The

envelope shows the registration receipt No. 133 with the date January 9. 1973. The acknowledgment shows that it was received in the office of the Chief Conservator of Forests though the date is not mentioned by the receipt clerk. There is, however, no reason to suppose that these documents are forged. It must therefore be held that Padma Lochan had sent the application and it was received within time on January 13, 1973. The fact that the envelope does not bear a printed label bearing the receipt number as is done sometimes is of no consequence, for the receipt number and date is mentioned on the envelope in red ink by hand and this is sufficient. The same number 133 appears on the acknowledgment receipt. It was then pointed out that the envelope did not bear the words "Registered A.D." on top. That is correct but the very fact that postal stamps worth Rs. 1.55 are on the envelope shows that it must have been sent by registered post specially as there is a registration receipt No. 133 to show that it was sent by registered post. I therefore hold from this evidence that the application was sent by registered post and was received in time by the office of the Chief Conservator of Forests.

Then my attention was drawn to certain so-called irregularities in connection with the application and the appointment of Padma Lochan. It appears that Padma Lochan's application was unsigned. This undoubtedly is so. The argument is that the application should therefore have been rejected. It is in evidence that the application is in Padma Lochan's handwriting. It may be that the application could have been rejected on the ground that it did not bear Padma Lochan's signature; but the Chief Conservator of Forests office did not reject the application on that ground probably for the reason that the application contained all the details as required by the advertisement. In these circumstances as the Chief Conservator's office accepted the application and treated it as a proper application that in my opinion ends the matter. It may be that if the Chief Conservator's office had rejected the application for want of his signature Padma Lochan would have had no ground to complain. The argument that the signature was missed because the application was forged in a hurry has, in my opinion, no force for if a person is making a forgery he would be careful enough to see that the forgery was in every way complete. I therefore reject the contention that Shri Padma Lochan had made no application in response to the advertisement for the post of Deputy Ranger.

The interview letter issued to Padma Lochan has been produced. Padma Lochan has to be treated as a departmental candidate in view of the letter of June 16, 1973. The address given in the interview letter relating to Padma Lochan is daily labour through D.F.O., Kangsabati Soil Conservation Division No. II, Purulia. It is said that the interview letter was not sent to the home address of Padma Lochan which was village Kheriduara. The application, however, also mentioned that Padma Lochan was working in the Kangsabati Soil Conservation Division No II and I see nothing improper or suspicious in the interview letter being addressed to Padma Lochan through D.F.O., Kangsabati Soil Conservation Division II. It appears from the other interview letters produced that people already in employment on daily labour who were treated as departmental candidates under the letter of June 16, 1973 were addressed through the D.F.O.s where they were working.

The evidence as to the interview having taken place has been given by Shri Khisa who took the interview and the interview sheets of departmental candidates have been produced. In this connection my attention was drawn to the letter of the Forest Secretary dated September 16, 1974[1], in which he says that "papers relating to oral test reports in connection with interviews held in 1973 were not kept after the final list was made out". Later, however, mark sheets of departmental candidates relating to Purulia Division were produced and the argument is that they must be treated to be forged. I see no reason to believe this in the face of the statement of Shri Khisa, D.F.O. It may be that the papers were not available in the Ministry when the reply was sent and later these mark sheets relating to departmental candidates were found in the Forest Directorate. Shri Khisa had retired when he gave evidence and I see no reason why he should oblige the Minister after his retirement.

I have already stated that the police verification of Padma Lochan was done before the appointment letter was issued to him on April 5, 1974. There is no reason to suppose that this document was forged and that the Superintendent of Police who was responsible for verifying the antecedents of Padma Lochan could possibly have been influenced by the Minister. It was, however,

---

[1] File No. 8/For/1919.

argued that medical examination of Padma Lochan took place more than five months after taking over charge while others were appointed only after medical examination was over. This of course is not strictly accurate for evidence shows that at least in one other case, namely, Nityanand Gorai the medical examination took place after the date of joining. He joined on March 9, 1974 while his medical examination took place on July 15, 1974, more than four months afterwards. The extra delay in the case of Padma Lochan is explained by the fact that he had been deputed for floriculture training in June 1974 and he returned from this training in September 1974. That is why he was sent for medical examination on return from that training in September. Besides, these were temporary appointments and though the appointments were subject to medical test it does not appear necessary that the medical examination should take place before the person actually takes charge. In this connection the statement of Shri K. C. Roy Chowdhury, Chief Conservator of Forests, is that the medical report has to be obtained sooner or later and he said this in answer to the question whether charge is given without obtaining the medical report and the medical report is obtained after joining. Shri Ganguli, Conservator of Forests, stated that medical examination can take place after the candidate has joined and that medical examination is not necessarily required for temporary employees in the forest service. However, as the letter of appointment in this case said that the appointment was subject to medical report, steps were taken to get the medical report of the persons appointed though it may be after they had joined. Mr. Ganguli has further stated that sometimes it may take three to four months after joining for medical report to be obtained in such cases of temporary employees. The fact therefore the medical examination of Padma Lochan took place more than five months after his joining has been properly explained and there is no reason to suppose that the Minister had anything to do with this matter. It may be that some persons joined after the medical examination. But the letter of January 4, 1974 of the Chief Conservator of Forests making the appointments shows that police verification is a must before the appointment letter is issued. It then goes on to say what should be mentioned in the appointment letter and one of the things to be mentioned is that the appointment is subject to satisfactory medical report. This therefore does not make medical examination compulsory before the appointment letter is issued and before a person joins service. The medical examination particularly in the case of temporary service can therefore take place after a person has joined. The fact therefore that the medical examination in the case of Padma Lochan took place after he joined is of no consequence and does not show that there was any influence used by the Minister in this connection. The delay of five months has been explained by the fact that Padma Lochan had gone away for floriculture training.

The last argument that the Minister's influence must have been exercised to get the appointment of Deputy Ranger for Padma Lochan is based on what happened after the appointment of Padma Lochan in April, 1974. It appears that the Chief Conservator of Forests had asked for names of candidates for training in floriculture by his letter dated November 29, 1973[8]. The course was to begin on June 15, 1974 and Shri Ganguli, Conservator of Forests, Southern Circle, recommended two names, namely, Mahidhar Chatterji and Binay Kumar Biswas on December 18, 1973[9]. On May 29, 1974 Shri Ganguli cancelled the recommendation relating to Mahidhar and suggested the name of Padma Lochan instead[10] The letter of May 29, 1974 said that reasons for cancellation of Mahidhar's nomination were confidential and a separate report will follow. Shri N. Sen was questioned in this connection. He said that on the cancellation of Mahidhar's name he was asked to select a man for nomination from his division. He could not spare any person who was in charge of a beat. Padma Lochan had not been posted in charge of a beat. He had been working for two months and his performance was quite satisfactory and Shri Sen was impressed by his work. Consequently when he was asked by Shri Ganguli he suggested the name of Padma Lochan whom he could spare easily. Shri Ganguli was asked why the nomination of Mahidhar was cancelled and he stated that he got some complaint from local people about some irregularities by Mahidhar about supply of fuel. In that connection an inquiry was set up and departmental action was taken, and that was the reason why he cancelled the nomination

of Mahidhar. He further stated that as the course was to begin in the middle of June and there was very little time left for making another nomination he recommended Padma Lochan on the suggestion of Shri N. Sen, who happened to meet him in Calcutta while he was on leave. In the first place this took place months after the appointment of Padma Lochan and can hardly be relevant in the matter of use of influence by the Minister in the appointment of Padma Lochan. In the second place the evidence of the officers shows why Mahidhar's nomination was cancelled and why Padma Lochan was nominated. There was very little time left for the course to begin and a nomination had to be made as quickly as possible. Shri Sen happened to meet Shri Ganguli who consulted him. Shri Sen was prepared to spare Padma Lochan whose work was found satisfactory and Shri Ganguli accepted that recommendation. There is no financial gain to the person sent for training. It only adds to his qualifications which may sometime stand him in good stead. The fact therefore that Padma Lochan was recommended and sent for floriculture training has been fully explained and I see no reason not to accept the evidence of Shri Ganguli and Shri Sen in this connection. This incident therefore is of no significance so far as the use of influence in the appointment of Padma Lochan is concerned.

On a careful consideration therefore of the entire evidence relating to the appointment of Padma Lochan I have come to the conclusion that his appointment was in ordinary course and there is neither evidence nor reason to hold that the Minister had used any influence in that connection unless I assume a gigantic conspiracy from the Chief Conservator of Forests downwards and including the Postal Department which I am not prepared to do. I absolve the Minister of the allegations made against him with reference to the appointment of Padma Lochan as a Deputy Ranger. Finally therefore the Minister must be absolved of both the allegations made against him with respect to Padma Lochan.

Shri Santosh Kumar Roy's Case

The allegation against Shri S. K. Roy, Minister-in-charge of the Department of Refugee Rehabilitation, Relief and Welfare, including Scheduled Castes and Tribes Welfare and Department of Fisheries, is that he exercised undue influence for getting a job for his sister Km. Gayatri Roy, under the Social Welfare Board without any application, superseding the claims of many candidates with higher qualifications. The main allegation thus against Shri Roy is that he got his sister appointed under the West Bengal Social Welfare Advisory Board (hereinafter referred to as the Board) through his influence.

It appears that a Family and Child Welfare Project was sanctioned for Cooch Behar-I in March 1973. This project was under the Board which consisted of Smt. Protima Bose as the Chairman and eight members nominated by the Central Social Welfare Board and eight others nominated by the State Government, including the Secretary to the Government of West Bengal in the Department of Relief and Welfare. The Functional Committee for Cooch Behar-I Project was constituted, with effect from March 28, 1973 by a notification of the Government, dated March 31, 1973. The Functional Committee had five members, namely, Smt. Purabi Narayan, Smt. Kabita Roy, Smt. Renu Kana Sarkar, Smt. Sabita Devi and the Block Development Officer, Cooch Behar-I, who also acted as Treasurer. On April 28, 1973 the Board wrote to the Block Development Officer and directed the election of Chairman Vice-Chairman of the Functional Committee and the opening of a current bank account. The letter also directed that staff should be recruited as follows: Mukhyasevika 1, Peon 1, Bal Sevikas 6, Accountant 1 and Grihi Sevikas 6. It further directed that applications may be invited for these posts and that Smt. Protima Das Gupta, Zonal Member of the Board, be invited to attend the meeting of the Interviewing Committee for selection to these posts. On May 14, 1973 Smt. Sabita Devi was elected Chairman of the Functional Committee and on May 16, 1973, an advertisement was made under her signature, inviting applications for the various posts. Before this another letter had been addressed to the Block Development Officer by the Board on April 27/28, 1973 laying down the qualifications for the various posts. The qualification for Mukhyasevika, with whom we are concerned, was that she should be a graduate preferably in Social Sciences with experience of social welfare activities and other craft, music, etc., and the age should be above 25 years. In the advertisement the age-limit for Mukhyasevika was above 25 years but below 35 years. This was done on the basis of the Guide Book on Family and Child Welfare issued by the Central Social Welfare Board. The last date for receiving applications was May 26, 1973.

Eight applications were received for the post of Mukhyasevika, including that of Km. Gayatri Roy, whose application was said to have been received on May 25, 1973. There is some dispute whether this application was really received on that date and I shall refer to it later on. On June 4, 1973 the Selection Committee held a meeting and interviewed the candidates. This Selection Committee consisted of Smt. Sabita Devi, Chairman, Smt. Purabi Narayan, Vice-Chairman, Smt. Protima Das Gupta, Zonal Member and Shri S. R. Mondal, Block Development Officer. Smt. Hena Sarkar, who was a Social Welfare Officer of the Central Board, attended the meeting for assisting it, though she did not take actual part in giving marks to the candidates.

On June 7, 1973 Smt. Protima Das Gupta sent the score sheets to the Board through a messenger. These score sheets were received in the office of the Board on June 8 or 9, 1973. There is dispute about this also, which I shall consider later. Smt. Protima Bose instructed the office on June 12, 1973 to process the score sheets. On June 17, 1973 the score sheets were tabulated and the members of the Selection Committee of the Board approved the appointment of Km. Gayatri Roy. Before this, however, two things took place. On June 12, 1973 Smt. Hena Sarkar wrote down the word "selected" against persons who were eventually appointed. She did this without seeing the tabulation sheets which were apparently prepared on June 17, 1973. Smt. Hena Sarkar says that she wrote the word "selected" at the instance of the members of the Sub-Committee for selection, namely, Smt. Gita Mukherjee, Smt. Pranati Niyogi, Smt. Geeta Bose and Smt. Sarala Ghosh. Smt. Gita Mukherjee has stated in this connection that she and Smt. Sarala Ghose scrutinised the mark-sheets on the 12th and as Km. Gayatri Roy had secured the highest marks they asked Smt. Hena Sarkar to write down the word "selected" against her name on June 12 and this was formally regularised on June 17, 1973. The second thing that happened was a letter, dated June 16, 1973 from Smt. Panna Roy, who was Secretary of the Board, to Smt. Sabita Devi, saying that certain names had been received concerning the selection made recently by her. As according to the rules the Chairman of the Functional Committee has to recommend the names of the candidates to the State Board, Smt. Sabita Devi was requested to send immediately the names of the candidates to be selected. The letter went on to say that as the papers were lying with the Board she was sending the names of the persons to be recommended. This letter included four names for the post of Bal Sevikas, one name for the post of Peon and one name for the post of Accountant. It is remarkable that this letter does not contain the name of Km. Gayatri Roy for appointment as Mukhyasevika. It may be mentioned that the appointing authority is Smt. Protima Bose, Chairman of the Board, and on June 18, 1973 she approved the appointment of Km. Gayatri Roy as untrained Mukhyasevika along with the names of four Bal Sevikas, one Peon and one Accountant and directed that they be appointed, with effect from June 26, 1973. This was followed by an appointment letter addressed to Km. Gayatri Roy on June 19, 1973; on the same day another letter was addressed to the Chairman, Functional Committee, Cooch Behar-I, with respect to the appointment of four Bal Sevikas, an Accountant and a Peon. There is a significant difference between the two letters inasmuch as the appointment letter of Km. Gayatri Roy, was addressed to her with copy to the Chairman, Functional Committee, and others, the letter for other appointments was addressed to the Chairman, Functional Committee, with copy to the persons appointed and others. It was on June 22, 1973, however, that the Chairman of the Functional Committee made the recommendation for appointment of six Bal Sevikas, one Peon and one Accountant. This recommendation was received in the Board on June 27, 1973. It is remarkable that the name of Km. Gayatri Roy does not appear in this letter of recommendation from the Chairman of the Functional Committee. The statement of Smt. Sabita Devi, Chairman of the Functional Committee, is that she sent all the papers including the score sheets on June 22, 1973 along with this letter of recommendation (under registered cover). Km. Gayatri Roy ultimately joined service on June 25, 1973. On July 4, 1973 Smt. Sabita Devi wrote to the Board about two other Bal Sevikas whose appointments had not been approved. On July 10, 1973 the appointment of the fifth Bal Sevika was approved and the sixth appointment was approved on August 8, 1973. On September 10, 1973 the Board decided to send Km. Gayatri Roy for training to Jamia School of Social Work at Delhi. She joined the School on September 24, 1973 and completed her training on June 23, 1974.

A further fact of great significance has transpired after the setting up of the Commission. In her application Km. Gayatri Roy stated that she was a graduate. Along with her application she sent a copy of her mark-sheet which showed in the 'Remarks' column that she had passed Part I and Part II examinations of the three-year degree course of the University of North Bengal. The result of the Part III examination on passing which she would have become a graduate was not submitted. In the affidavit of Shri Roy submitted before the Commission on August 23, 1974 he implied that Km. Gayatri Roy was qualified for appointment to the post of Mukhyasevika as she was a graduate. On September 20, 1974 an application was filed on behalf of the complainant enclosing a copy of the letter from the University of North Bengal which showed that Km. Gayatri Roy had been enrolled for the B.A. Part III examination in 1970 but did not appear in that year or even later. As she had not passed Part III examination she could not be treated as a graduate of the University. Before this on September 19, 1974 Shri Roy filed a supplementary affidavit to the effect that he had made various statements in his first affidavit on the basis that his sister Km. Gayatri Roy was academically qualified. These statements were made on the information received by him from his sister and believed by him to be true. On September 18, however, he came to know from his sister that she was required to appear at Part III examination and was not a graduate. As there had been a change in regulations of the University about that time there was confusion in the mind of his sister that she was a graduate. Consequently the earlier affidavit was not correct when it implied that she was a graduate. Shri Roy therefore prayed that his earlier affidavit should be read as corrected or amended in accordance with his supplementary affidavit. It may be added that on September 14, 1974 Km. Gayatri Roy submitted her resignation to the Chairman of the Board from the post of Mukhyasevika on the ground that she had come to know to her dismay that she was expected to appear in the Part III examination and had not therefore become a graduate of the North Bengal University. In the letter of resignation she apologised for misleading the Board about her qualification and was prepared to compensate the Board in full for the financial loss sustained by it on account of inadvertence and ignorance on her part. It is remarkable that this letter of resignation is dated September 14, 1974, just after the letter of the University dated September 13, 1974, saying that she was not a graduate. It is further remarkable that Km. Gayatri Roy did not submit her resignation to the Chairman of the Functional Committee at Cooch Behar under whom she was serving but made it direct to the Board in Calcutta and the Chairman of the Board promptly accepted the resignation on September 19, 1974 and sent information thereof to the Chairman of the Functional Committee at Cooch Behar. All this happened just before the hearing of the case was to begin before the Commission on September 20, 1974.

The first question that arises is whether Km. Gayatri Roy made her application in time. It is true that her application is there and there is a stamp of the Block Development Office on it to show that it was received on May 25, 1973. But the evidence of Smt. Sabita Devi is that when the interview for Mukhyasevika was taking place there was a commotion outside. At that stage Smt. Protima Das Gupta said that Km. Gayatri Roy was one of the candidates and had to be interviewed. Smt. Sabita Debi replied that there was no application from her and she had posted no interview letter to her address and that it would not be possible to interview her. Smt. Protima Das Gupta suggested that she should be interviewed in order to appease the commotion outside. Smt. Sabita Devi therefore allowed Km. Gayatri Roy to appear at the interview. It may be mentioned here that Smt. Protima Das Gupta denies that any such talk took place.

It appears from the examination of the score sheets that the name of Km. Gayatri Roy appears last and is not in the same handwriting in which the other seven names appear in the sheets relating to Smt. Sabita Devi, Smt. Protima Das Gupta and Smt. Purabi Narayan. So far as the score sheet of Shri Mondal, Block Development Officer, is concerned, he has stated that he might have changed the original score sheet as it might have become defaced in some way. But he insisted that even if this happened it was done at the same time as the interview was taking place though he did not exactly remember what he had done. It is also remarkable that one of the score sheets signed by Smt. Protima Das Gupta has the word "outsider" just above the name of Km. Gayatri Roy. It is, however, said that the word "outsider" appears in the column relating to Bandana De. It is no one's case that Bandana De had not applied. Further, the word "outsider" appears in the same hand writing as the name Km. Gayatri Roy

and this seems to suggest that the statement of Smt. Sabita Devi that Km. Gayatri Roy had not applied is correct. I therefore prefer that statement of Smt. Sabita Devi to that of Smt. Protima Das Gupta who knows the Minister Shri Roy for the last 20 years or so. In any case it appears doubtful from these circumstances whether Km. Gayatri Roy applied in time though her application bears the stamp with the date May 25, 1973.

The next question is about the date on which the score sheets were sent to the Board. Smt. Sabita Devi's recollection is that they were sent along with her recommendations on June 22, 1973. But the evidence of Smt. Protima Das Gupta is that they were sent by her through a special messenger on June 7, 1973 along with a letter to Smt. Protima Bose. The person who took the letter is Shri Prasanjit Burman, an Advocate of Cooch Behar and General Secretary of the District Congress Committee there. He states that as Smt. Protima Das Gupta knew that he was going to Calcutta for some work she gave the score sheets to him on June 7, 1973 along with a letter to hand over at the Board's office in Calcutta. He had occasion to look at these score sheets because Smt. Protima Das Gupta had taken an envelope from him and put them inside it. She also handed over the letter which was already in an envelope. He reached Calcutta on June 8 and handed over the two envelopes at the office of the Board, as Smt. Protima Bose was out on that day. It is curious, however, that though he handed over the two envelopes at the office of the Board he did not know the person to whom they were handed over. Nor did he take care to get a receipt from the Board's office though he verified two or three days later that the envelopes had been delivered to Smt. Protima Bose. Another curious fact in this connection is that though the letter of Smt. Protima Das Gupta bears the stamp of having been received at the Board's office on June 8, 1973 bearing receipt No. 1715, the receipt stamp on the score sheets bears 1741A and is dated June 9, 1973. No explanation is available as to how this happened. Obviously the score sheets should also have borne the receipt stamp of June 8, 1973 and a serial number just before or after 1715. However, there is the evidence of Smt. Gita Mukerjee, Smt. Pronati Niyogi, Smt. Gita Bose and Smt. Sarala Ghosh as also Smt. Protima Bose to the effect that they saw the score sheets between June 11, 1973 and June 17, 1973 and tabulation was done on June 17, 1973. The tabulated mark-sheets bear the signature of Smt. Gita Mukherjee, Smt. Pronati Niyogi and Smt. Gita Bose and Smt. Sarala Ghosh under the date June 17, 1973. On the whole therefore in spite of the curious features referred to above, it seems to me that the mark-sheets were received in the office of the Board on June 8 or 9, 1973 and that the recollection of Smt. Sabita Devi must be incorrect. It is, however, remarkable that even if the score sheets were available at the Board's office on June 9, 1973 or soon after, her recommendation certainly did not reach the Board till June 27, 1973. It seems rather strange that the appointments should have been made before the recommendation was received, even though Smt. Panna Roy in her letter of June 16, 1973 had specifically asked for the recommendation. The only explanation forthcoming for this curious fact from Smt. Protima Bose is that three months had gone by and the Central Board had repeatedly told the State Board that the project must function as quickly as possible and so the appointments were made before the recommendation was received. It seems to me therefore that Smt. Sabita Devi's recollection is incorrect and the score sheets reached the Board's office on June 8 or 9, 1973. Even so the fact remains that the appointments were made without the recommendation of the Functional Committee though the letter of Sm. Panna Roy dated June 16, 1973, says that according to the rules the Chairman of the Functional Committee should recommend the names of the candidates to the State Board. It is also remarkable that even when the recommendation came on June 27, 1973 the name of Km. Gayatri Roy for the post of Mukhyasevika was not there. In spite of that the letter of appointment of Km. Gayatri Roy issued on June 19, 1973 was allowed to stand and she took over charge on June 25, 1973.

There is no doubt that Shri Santosh Kumar Roy denies having used any influence on anybody in connection with the appointment of his sister. It is equally true that the other ladies concerned with the selection and appointment except Smt. Sabita Devi have said that Shri Santosh Roy had not spoken to them about the matter. But as I have said in the opening part of this report, this is what one would expect in a case of this kind and the question whether influence was used will have to be judged on the basis of the facts and circumstances proved in the case, as no direct evidence would

possibly be available. There are, however, two statements of Smt. Sabita Devi in this connection which are worth consideration. I may say that I have on the whole come to the conclusion that Smt. Sabita Devi is a witness of truth. Her first statement was that Shri Santosh Roy had come to Cooch Behar a few days after the advertisement was published on May 16, 1973. Shri Santosh Roy was staying in the Circuit House and Smt. Sabita Devi had met him there. Shri Santosh Roy was angry with her about the publication of the advertisement. She had replied that she did so on the order of the Board. Shri Santosh Roy has denied that he ever said any such thing to her but I prefer to accept the statement of Smt. Sabita Devi in this connection. This shows that Shri Santosh Roy did not want any advertisement being issued in connection with these appointments and that could only mean that he wanted these appointments to be made particularly that of Km. Gayatri Roy quietly according to his wishes. The other statement of Smt. Sabita Devi is that Smt. Protima Bose had told her that she was assigning Km. Gayatri Roy to that centre. Smt. Sabita Devi had suggested that an experienced Mukhyasevika would be better but Smt. Protima Bose told her that Km. Gayatri Roy would be appointed in the project and that was also the wish of Shri Santosh Roy. This happened on June 2, 1973 when Smt. Protima Bose was visiting Cooch Behar. Smt. Protima Bose has admitted that she was in Cooch Behar on June 2, 1973 but she denies that she said any such thing to Smt. Sabita Devi. Considering, however, the curious things that have happened in connection with the appointment of Km. Gayatri Roy I prefer the statement of Smt. Sabita Devi to that of Smt. Protima Bose. It is well to remember in this connection that Smt. Protima Bose has been knowing Shri Santosh Roy since 1957 and also knew his sister Km. Gayatri Roy. These two statements of Smt. Sabita Devi therefore suggest that Shri Santosh Roy was certainly interested in the appointment of his sister and seems to have spoken to Smt. Protima Bose who is the appointing authority. Further, it is well to remember that Smt. Sabita Devi also belongs to the Congress like Shri Santosh Roy and prima facie there is no reason why she should tell lies against Shri Santosh Roy. The only suggestion as to why she should do so has come in the evidence of Shri Santosh Roy that Smt. Sabita Devi had requested him to exercise his influence as a Minister to get her son admitted to the I.I.T., Kharagpur, and he had refused to do so and told her that such appointments were made on merit. He also said that Smt. Sabita Devi was very much dissatisfied when he expressed his inability to help her in the matter. Smt. Sabita Devi has admitted that she asked Shri Santosh Roy to get her son admitted into the I.I.T., Kharagpur. Eventually, however, the boy was admitted in M.S. University, Baroda, and is studying Textile Technology there. She also said that Shri Santosh Roy advised her to meet Shri Nurul Hussan at New Delhi and she did so and Shri Nurul Hussan helped her in getting her son admitted in the Baroda University, though it was on account of the boy's merit. Her son had passed his examination in the First Division and there was thus no doubt about his merit. On the whole therefore it is difficult to believe that Smt. Sabita Devi turned against Shri Santosh Roy simply because he was unable to help her in the admission of her son to I.I.T., Kharagpur. A perusal of the entire evidence of Smt. Sabita Devi shows that she has frankly admitted that many irregularities were committed in connection with these appointments and she was a party to them at the time. She, however, said that after the appointment of the Commission she decided to narrate the facts as they were. Her whole evidence taken together in the light of the attending circumstances does bear the ring of truth and I am not prepared to believe that the two vital statements she made connecting Shri Santosh Roy with the appointment of Km. Gayatri Roy were merely out of her dissatisfaction over the non-admission of her son in the I.I.T., Kharagpur.

Finally I come to the most important circumstance in the case, namely, that Km. Gayatri Roy was not a graduate and was therefore not qualified at all for appointment as Mukhyasevika. She appeared as witness and had to admit that she had deposited fees for appearing in Part III examination, but eventually did not do so. She, however, said that she was under the impression because of the change in regulations of the University in 1969 that she had become a graduate after passing the Part II examination and it was only when she was asked to produce the certificate of Part III examination by the Commission that she made further inquiries and learnt that as she had not passed the Part III examination she was not a graduate at all. She further said that some persons told her that she had completed the course and she had obtained her graduation while others said that she had not and that she might have to appear in Part III examination. Because of this

confusion she deposited her fees for appearing in Part III examination though she was under the impression that she had become a graduate. I see no reason to believe that she could be under any confusion in her mind because of the change in the regulations. In any case when she deposited the fees for appearing in Part III examination, no doubt should have been left in her mind that she was not a graduate. She further said that she did not get the Admit Card for the examination because she failed to establish contact with the college on account of disturbances in the town. It is also difficult to believe that her only brother did not know whether his sister had passed the B.A. examination and that the confusion which was in the mind of the sister also affected Shri Santosh Roy with whom she lives and who looks after her as she is unmarried. In the circumstances I find it impossible to believe that there could have been any confusion in the mind of Km. Gayatri Roy or even her brother on the point whether she was a graduate or not. In any case if there was any confusion in her mind, as she says that some people told her that she had completed the course while others said that she had not, it was her duty to make inquiries before applying for the post of Mukhyasevika and claiming that she was a graduate. Further, she was asked to produce the interview letter which according to her had been sent to her for the interview on June 4, 1973. She replied first that she had not got it with her and later said that the interview letter had been taken away from her when she went for the interview and was not returned to her. She had handed over the interview letter at the office of the Block Development Officer at the time of the interview but did not remember to whom she had given it. This statement of hers also does not appear worthy of belief for there is no reason why the interview letter should have been taken away from her. Even if she had been asked to show it that would be at the time of the interview and not by the office of the Block Development Officer and the letter would have been returned to her. This is clear from the circumstances that another candidate who had appeared at the interview, namely, Anima Chakravarty, and who was summoned as a witness before the Commission, produced certain documents including the interview letter which she had received. Clearly therefore even if the candidates were asked to show the interview letter, they must have got it back. The inability of Km. Gayatri Roy to produce the letter is another circumstance to show that Smt. Sabita Devi's statement that she had not applied and no interview letter had been sent to her is correct. Further the fact that Km. Gayatri Roy was not a graduate though she was pretending to be one goes to show that the statement of Smt. Sabita Devi that Shri Santosh Kumar Roy was angry with her for having advertised the post is correct for he would have liked Km. Gayatri Roy to be appointed on the quiet. It is remarkable that no verification was done whether Km. Gayatri Roy was a graduate. The usual procedure is for the candidates to submit copies of certificates and bring the originals with them. But it seems that at no stage Km. Gayatri Roy was asked to produce the originals. Smt. Protima Bose is the appointing authority and it is worth mentioning that she is known to Shri Santosh Kumar Roy since 1957 onwards. It stands to reason that before the appointment letter was issued to Km. Gayatri Roy on June 19, 1973 someone (and certainly the appointing authority) should have satisfied itself that the person to be appointed was a graduate and had the minimum educational qualifications for the post of Mukhyasevika. But it seems that that was not done and the appointment letter was issued to Km. Gayatri Roy even before any recommendation was received from the Chairman of the Functional Committee. This shows Smt. Protima Bose's interest in Km. Gayatri Roy's appointment and goes to support the statement of Smt. Sabita Devi that Smt. Protima Bose had told her on June 2, 1973 that Shri Santosh Roy, the Minister, wanted his sister to be appointed. Further as Km. Gayatri Roy was not a graduate her appointment must be held to have been made superseding the claims of better and qualified candidates.

On a careful consideration therefore of the entire facts and circumstances of the case narrated above I have no hesitation in coming to the conclusion that Shri Santosh Roy exercised influence to secure a job for his sister Km. Gayatri Roy under the Social Welfare Board without any application superseding the claims of many candidates with higher qualifications.

Shri Gobinda Chandra Naskar's Case

The charge against Shri Naskar is that he took a bribe of Rs. 20,000 (twenty thousand) from four persons, namely, Shri Sushil Kumar Banerjee, Shri Tapan Ganguli, Shri Naren Pramanick and Shri Mahadeb Bag to make orders of detention issued under the Maintenance of Internal Security Act against them ineffective. As already indicated Shri Samar Sardar who made the complaint did not appear to file an affidavit. There is thus no evidence of any payment of money to Shri Naskar. Shri Naskar is a Minister of State in the Department of Health and Family Planning while orders of detention under the Maintenance of Internal Security Act (hereinafter referred to as MISA) are issued by the Home Department with which Shri Naskar has nothing to do. He has so stated in his affidavit. He has also denied that he took any money at any time in connection with the detention orders passed under the MISA from any person. On a scrutiny of the records received from the Home Department in connection with detention orders I find that no detention orders were ever issued against Naren Pramanick and Mahadeb Bag. The statement in the complaint therefore that Shri Naskar took money from these two persons is obviously false as there was no occasion for these two persons to pay any money to anybody when no detention orders were ever issued against them.

It further appears from the official records[1] that Sushil Kumar Banerjee and Tapan Ganguli made a joint representation on January 29, 1974 against the orders of detention passed against them on January 9, 1974[2]. Their application was recommended for consideration by six members of the West Bengal Legislative Assembly and the Secretary of the South 24-Parganas District Congress Committee. Shri Naskar in turn recommended on January 30, 1974 their cases for favourable consideration for withdrawal of detention orders under MISA. The Chief Minister, however, rejected the representation on March 26, 1974. It appears that another application was made by the two detainees again asking for cancellation of the orders of detention. On that application Shri Naskar made an endorsement on February 2, 1974 to the effect that the two detainees were known to him personally and were honest, sincere and bore good moral character. He recommended that their prayer might be considered sympathetically. The matter was again put up before the Chief Minister with a note that the earlier petition had already been rejected on March 26, 1974 and no further action appeared necessary. The Chief Minister agreed with that on April 9, 1974.

Finally it appears that in April 1974 the father of Tapan Ganguli made another representation against the order of detention of his son. Shri Naskar again recommended this application with the remark that Tapan Ganguli was a victim of conspiracy of Jotedars and police officials and that he knew Tapan Ganguli to be a sincere and active Congress worker. He also said that the prayer of Tapan Ganguli's father may kindly be considered sympathetically. This representation does not appear to have been disposed of so far.

Shri Naskar's explanation for making these recommendations is that he knew the detainees who were recommended to be honest persons bearing good moral character and were good social workers and supportrs of the programmes and policies of the Indian National Congress by the local Congress officials and well-known public men of the district. As the earlier representation had been recommended by six members of the Legislative Assembly as also the Secretary of the South 24-Parganas District Congress Committee he recommended their case for favourable consideration as he in good faith believed the endorsement made by these members of the Legislative Assembly. He has also stated that he had no reason to disbelieve the recommendation made by members of Legislature and public men of the district. He further stated that he had no authority to make any order for cancellation or withdrawal of any order made under MISA and his recommendation for favourable consideration of the representations made by the

two detainees was based on the recommendation of members of the West Bengal Legislative Assembly and some public men. He has further said that he knew these people who belonged to the area from which he was returned to the West Bengal Legislative Assembly and it was in these circumstances that he came to make the recommendation three times as already indicated above.

I have considered the reply of Shri Naskar. I have already said that there is no evidence of any payment whatsoever to Shri Naskar; nor is there any reason to believe that any payment was made to Shri Naskar in this connection. It is true that on three occasions he recommended the case of these two detainees for favourable consideration. But that in my opinion is explained by the fact that he knew these persons who belonged to the area from which he was returned to the Legislature and as such could have made these recommendations without any bribe being given to him. Further the representations were supported by as many as six members of the Legislative Assembly and some public men. In these circumstances it is not possible at all to come to the conclusion that the recommendations were made because of some money having been paid to Shri Naskar. Besides, it appears that the allegations in the complaint were in part false for the two other persons mentioned therein, namely, Naren Pramanick and Mahadeb Bag were never ordered to be detained. It appears to me that if the Minister had not gone out of his way to recommend the cases of the two detainees, namely, Tapan Ganguli and Sushil Kumar Banerjee, there would have been no chance of any complaint being made against him at all. On a careful consideration, therefore, of the materials available I am of opinion that there is no case whatsoever of taking a bribe against Shri Naskar and I absolve him of the charge that he took a bribe of Rs. 20,000 (twenty thousand) to make orders of detention issued under MISA against Tapan Ganguli and Sushil Kumar Banerjee ineffective.

I shall be failing in my duty if I do not acknowledge the assistance received from various quarters. I am indebted to the Government of West Bengal which did its best to make the records available, to secure the attendance of witnesses, to arrange for the subordinate secretariat staff of the Commission and to appoint a Liaison Officer, namely, Shri S. B. Majumdar to look after the Commission.

I am also indebted to learned Counsel who appeared before the Commission and gave invaluable assistance in elucidating facts and clarifying with their lucid arguments various issues that arose during the hearing.

Finally I express my gratitude to the Government of India for placing the services of Shri N. D. Garg, Secretary, Board of Arbitration, to act as Secretary to the Commission. He has shouldered the responsibilities with care and efficiency and has all along given me utmost assistance during the hearings and the preparation of the report. I am grateful to him for his devoted services in connection with the work of the Commission.

K. N. WANCHOO,

Chairman,

Commission of Inquiry.

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDER

No. 1566-IR/IR/10L-136/75.—23rd April 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 5401-IR/IR/10L-270/68, dated the 23rd July 1970, the industrial dispute between Messrs Port Engineering Works, Nazirgunge, Botanic Garden, Howrah-3, and their workmen represented by (i) Port Engineering Works Employees' Union, Nazirgunge, Howrah-3, and (ii) Port Engineering Sramik Union, 9/1 Satghora Lane, Buxara, Howrah, regarding the issue mentioned in the said order being a matter specified in the Third Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Eighth Industrial Tribunal;

And whereas the said Eighth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs Port Engineering Works, Nazirgunge, Botanic Garden, Howrah-3, and their workmen represented by (i) Port Engineering Works Employees' Union, Nazirgunge, Howrah-3, and (ii) Port Engineering Sramik Union, 9/1 Satghora Lane, Buxara, Howrah, referred to this Tribunal under Government order No. 5401-IR/IR/10L-270/68, dated 23rd July 1970 (Case No. VIII-302/70)

BEFORE THE EIGHTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

Shri A. K. DATTA, LL.M. (London), Barrister-at-law, Judge, Eighth Industrial Tribunal

Appearances:

Present for the Company: Shri P. M. Dutta, Advocate, assisted by Shri Sailen Sen, Advocate.

Present for the Unions: Shri Madan Mohan Saha, Advocate, and Shri Kali Banerjee, Advocate.

AWARD

The above industrial dispute over the issues given in the order of reference and reproduced below was referred to this Tribunal for adjudication by the Government of West Bengal in its Labour Department order No. 5401-IR/IR/10L-270/68 dated the 23rd July 1970.

Issues

(1) What should be the quantum of bonus for the year ending 31st December 1967?

(2) In case the Company have paid more than what the workmen were entitled to for the year in question, the manner and mode of recovery of the excess amount.

Notices of the case having been issued from this Tribunal to the parties concerned, both parties put up appearance and filed their respective written statements. For the Company one Shri P. M. Dutta, Advocate, assisted by Shri Sailen Sen, Advocate, appeared before the Tribunal and for the

Union opposite party one Shri Madan Mohan Saha, Advocate and Shri Kali Banerjee, Advocate, appeared. As two Unions were concerned with the dispute, viz., Port Engineering Employees' Union and Port Engineering Sramik Union, there was a joint written statement filed, signed by the Secretaries of the said Unions. It appears however from the record that in the later stage of the proceedings of this case none appeared for the Unions to contest the case against the Company. On 14th February 1975 the Union lawyers were called but they submitted before the Tribunal that the Unions concerned were not appearing to the Advocates who had no contact with the Unions and that these lawyers had no instructions to proceed to contest. The Company, therefore, prayed that under the rules the Tribunal should make a 'No-dispute' award. Indeed, under rule 21 of the West Bengal Industrial Disputes Rules, 1958, where one of the parties to the dispute failed to appear, the Tribunal could make a 'No-dispute' award by ex parte disposal of the case. As the dispute had arisen owing to claims made by the Unions on behalf of the workmen against the Company, the non-appearance of the workmen's representatives to press their claim must result in passing a 'No-dispute' award in favour of the Company. Accordingly a 'No-dispute' award is hereby made ex parte.

This is my award.

Dictated and corrected by me.

The 2nd April 1975.

By order of the Governor,

N. R. SIRCAR,
Asst. Secy. to the Govt. of West Bengal.

No. 1569-IR/IR/7L-24/70(Pt.). — 23rd April 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 134-IR/IR/7L-24/70, dated the 9th January 1971, the industrial dispute between Messrs Sree Ambika Jute Mills Ltd., Belurmath, Howrah, and their workman Shri Hari Bhagwan Joshi, Block 'B', Room No. 20, Ghusuri Housing Estate, Ghusuri Project, Belurmath, Howrah, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs Shree Ambica Jute Mills Ltd., Belurmath, Howrah, and their workman Shri Hari Bhagwan Joshi, Block 'B', Room No. 20, Ghusuri Housing Estate, Ghusuri Project, Belurmath, Howrah (Case No. VIII-29/71).

For the Company: Shri J. Datta Gupta, Advocate, assisted by Mrs. Mridula Bhattacharjee, Advocate.

For the workman: Shri Basudev Banerjee, Advocate.

AWARD

By Labour Department order No. 134-IR/IR/7L-24/70, dated 9th January 1971, the Governor was pleased to refer the instant dispute between Messrs Shree Ambica Jute Mills Ltd., Belurmath, Howrah, and their workman Shri Hari Bhagwan Joshi, Block 'B', Room No. 20, Ghusuri Housing Estate, Ghusuri Project, Belurmath, Howrah, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808/IR/IR/3A-2/57, dated the 11th March 1957, for adjudication on the following issue:

Issue

Whether the Management is justified in terminating the service of Shri Hari Bhagwan Joshi from 24th April 1969? To what relief, if any, is the workman entitled?

On receipt of the abovementioned reference, notices were issued on the parties and they appeared and filed written statements stating their respective cases.

The case of the petitioner Shri Hari Bhagwan Joshi is that he was a permanent employee of the Opposite Party Company Shree Ambica Jute Mills Ltd. for about 20 years. Some time in April 1969 a new Manager was appointed by the Company, who bore some personal grudge against the petitioner. The petitioner was suspended on 2nd April 1969 by the said Manager till 10th April 1969, though no charge-sheet was issued against him. The petitioner protested against the same and when he went to join his duties on 11th April 1969 he was prevented forcibly from doing so. Then again on 24th April 1969 the petitioner went to join his duties when he was informed by the Assistant Manager that he had been dismissed from service This dismissal of the petitioner by the management is alleged to be wrongful, illegal and not maintainable in law. The petitioner made a representation to the Labour Commissioner and conciliation efforts having failed, the present reference has been made. In short, the prayer of the petitioner is reinstatement in service with back wages.

The case of the Opposite Party—Company, in short, is that the petitioner Shri Joshi, who was Line Babu of the workmen, was not at all dismissed from the service as alleged by him, but that he was cautioned many times for unauthorised absence in doing his duties and his work was found not satisfactory. It has been alleged that the story of suspension of the petitioner is entirely false and that on 24th April 1969 the production-in-charge of the Company having drawn the attention of the petitioner to the irregularities done by him, the said petitioner lost his temper and left the Mill of his own accord for reasons best known to him. The Company has denied that their Manager bore any personal grudge against the petitioner. It has been asserted by the Company further that the petitioner absented himself without permission from 2nd April to 10th April 1969 excepting on 7th and that he did his duties from 11th April till 23rd April and left his job from 24th as stated earlier. The only representation of the petitioner to the Company on alleged dismissal is false as it was not a case of dismissal and/or termination of his service and as the petitioner immediately sought for the intervention of the Labour Department.

Both parties have adduced oral and documentary evidence in support of their respective contentions. The petitioner has examined himself in support of his case while the Opposite Party-Company have examined two witness including the Manager, Shri Hakim, OPW 2.

It has been urged on behalf of the Company that the reference in the present form, i.e., regarding justification in terminating the service of Shri Joshi as made under section 10 read with section 2A of the Industrial Dispute Act is not maintainable as there is no question of dismissal, retrenchment or termination of the petitioner in this case and that he left his services voluntarily.

Undisputedly, the petitioner Shri Hari Bhagwan Joshi was a permanent employee of the Company. The contention of the petitioner that the newly appointed Manager of the Company bore a personal grudge against him is not substantiated either by convincing oral or documentary evidence on record. Save and except the uncorroborated oral testimony of PW 1, there is no evidence on this point as to why and what for the Manager bore a grudge, of all persons, against this petitioner. This evidence of PW 1 has been denied on oath by OPW 2, the Manager, and there is no reason to disbelieve the evidence of Manager on this point. Not a single case of any incident which might give any cause for the personal grudge of the Manager against the petitioner has been cited by petitioner in his evidence or in his written statement. The fact that the petitioner has distorted the truth and has made out a fanciful case of his own in the written statement has been borne out both by oral and documentary evidence on record. According to the case made out in paragraphs 4 and 5 of the written statement of the petitioner, he was suspended from service on and from 2nd April to 10th April 1969, and that he was turned out forcibly when he went to resume his duties on 11th April 1969. Even paragraph 5 of the written statement tends to show that he did not work from 11th April 1969 to 23rd April 1969. There is nothing in writing to show that really the petitioner was suspended as alleged by him. The Attendance Register maintained by the Company, Ext. A, shows, on the other hand, that the petitioner absented himself from duties without permission from 2nd to 10th April with the lone exception on 7th April. The said Register also shows that he attended his duties from 11th April till 23rd April. This has also been admitted by PW 1 in his evidence. PW 1 admits the genuineness of the Attendance Register and his attendance in the factory from 11th April till 24th April. So, the entire case made out in the written statement has been falsified by the documentary evidence on record, i.e., the Attendance Register, the genuineness of which has been admitted by the petitioner himself. The said Register does not show that the petitioner was placed under suspension from 2nd to 10th April. Even in Ext. 1 the petitioner did allege that he was turned out from the gate on 11th April as stated in paragraph 5 of his written statement. The petitioner worked on 24th April 1969 as admitted by him in evidence and as shown in Ext. A, the Attendance Register, but he stated otherwise in paragraph 6 of his written statement and in Ext. 1, i.e., his representation to the Manager dated 26th April 1969. PW 1 admitted that no letter of discharge or dismissal from service has been issued to him by the Company. The petitioner has further stated in his cross-examination that he went to do his duties on the dates from 2nd to 10th April except on 7th, but he was not allowed to do so. This is a related case which was not made out in the written statement. He admitted the case of the Company when in his answer to the Court he has stated that he was taken to the Manager by Shri Chaturbedi on 24th April. The petitioner thereby admits the case of cautioning him by the Management for his irregularities. He further admitted at the fag end of his cross-examination that neither the Manager nor the production-in-charge informed him anything about his dismissal. This unqualified and unequivocal admission by the petitioner gives a death blow to his whole case that he was dismissed from service by the Management. Exts. B, C and D, the letters from the Company of the Labour Department, Assistant Labour Commissioner and to the Housing Directorate further show that the Company never treated the petitioner as dismissed from the service at any point of time. Ext. B, the earliest letter dated 3rd June 1969, with reference to the letter to the Assistant Labour Commissioner, dated 14th May 1969, leaves no manner of doubt about the working of the mind of the Company. At that time also they denied about the alleged dismissal of the petitioner by the Company and the said letter contains a positive statement that the petitioner left his job when he was asked only to be more careful in doing his duties. Exts. C and D show that the rent was paid by the Company on behalf of the petitioner for the room he occupied in the Housing Estate allotted to him, even after he left the service. This was done obviously by the Company treating the petitioner to be still in service and that he had not left the service. Exts. 1 and 2, the representations of the petitioner to the Management and to the Labour Commissioner, seem to contain the vague allegations against the Company. As against this, both OPW 1 and OPW 2 have denied

all the allegations made by the petitioner and have supported the case of the Company in their sworn testimony before this Tribunal. It appears from their evidences that PW 1 is a man of bad temper and that he was irregular in doing his duties and that he left the services of his own accord. Even during the conciliation proceeding the Company made its stand known to the Labour Commissioner that the petitioner did not turn up before the Company to allow him to resume his duties. This he did not do. He simply chose the forum of the Labour Directorate to ventilate his alleged airy grievances against the Company without taking the concrete step of presenting himself before the Company to resume his duties. We can well understand that if he had been turned out by the Company at that time, the mala fide of the Company, if any, would have been obvious. But such mala fide motive of the Company has not transpired in this case, that it had any intention to victimise the petitioner. So on the face of it, and from the facts and circumstances of the case it appears clearly, without any doubt, that the petitioner was not dismissed from service by the Company as alleged by him. In fact, it so appears that the petitioner left his job voluntarily without any rhyme or, reason or for reasons best known to him. Such intention of the petitioner can be inferred from the evidence and the surrounding circumstances of the case. Reliance has been placed in this connection by the Advocate on behalf of the petitioner on the ruling reported in 1963 LLJ, Vol. II, p. 638, to show that onus is upon the Company to prove that really the petitioner had any such intention to abandon his service. Whether or not there is a standing order governing the conditions of service of the workman and his relationship with the Management, the common law doctrine of adequate proof of abandonment by an employee and the burden of proof, in this regard, has been duly discharged by the Company. However, much the petitioner might have his grievance against the Management, he should have sought for the remedy in a proper forum. Personal quarrel cannot be a substitute for industrial dispute. Industrial Disputes Act is not concerned with any personal quarrel by any workman against the Management. But there must be a dispute of industrial nature, to attract the provisions of this Act. In this case it seemes to be wanting. Reference may be made in this connection to the erudite discussion made by the author Malhotra in his book Industrial Disputes Act, at page 157. In view of my findings above, I hold accordingly that the petitioner in question was not discharged, dismissed or retrenched and or terminated from service and further that there having been no industrial dispute, sections 10 and 2A of the Industrial Disputes Act are not at all attracted to the reference in question. The reference is also not maintainable for this infirmity.

On a careful consideration of the entire evidence on record and the facts and circumstances of the case, I am inclined to hold that the petitioner Shri Hari Bhagwan Joshi is not entitled to any relief as prayed for.

This is my award.

First Industrial Tribunal.

The 19th March 1975.

By order of the Governor,

N. R. SIRCAR,
Asst. Secy. to the Govt. of West Bengal.

No. 1765-IR/IR/11L-10/67(Pt.). — 8th May 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 1681-IR/IR/11L-10/67, dated the 25th April 1967, the industrial dispute between Messrs Britannia Biscuit Co. Ltd., 15 Taratalla Road, Calcutta-53, and their workmen regarding the issues mentioned in the said order was referred to the Third Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Nibaran Chandra Ghosh, 157 S. N. Roy Road, Calcutta-38, workman of the said Company, made a complaint in writing to the said Industrial Tribunal aginst the said Company alleging that the said Company had discharged the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by Shri Nibaran Chandra Ghosh against his employer Messrs Britannia Biscuit Co. Ltd. in connection with Government order No. 1681-IR/IR/11L-10/67, dated 25th April 1967 (Case No. 6 of 1974)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

Shri S. K. Mitra, Judge, Third Industrial Tribunal

Appearance:

For the Company. Shri D. Basuthakur, Legal Adviser of Messrs Bengal Chamber of Commerce and Industry.

For the Workman: Shri P. Dasgupta, Advocate.

Award

This is an application or complaint under section 33A of the Industrial Disputes Act filed by the workman Shri Nibaran Chandra Ghosh, Ticket No. 678, 107 S. N. Roy Road, Calcutta-38, against Messrs Britannia Biscuit Co. Ltd., 15 Taratalla Road, Calcutta-53, during the pendency of a reference before this Tribunal under Government order No. 1681-IR, dated 25th April 1967.

The workman says that the Opposite Party-Company has contravened the provision of section 33 of the Industrial Disputes Act. There was an application under section 33(2)(b) of the Act for according approval to the action of dismissal taken against him by the Management for committing a certain act of alleged misconduct. That case ended in a compromise into which the petitioner had to enter under coercion, duress, intimidation and undue influence, as he was in a most helpless situation. The said compromise was, therefore, illegal, bad in law and not binding on the petitioner. The Tribunal, however, accorded approval to the action of dismissal on the basis of the said illegal compromise. So, the said order of the Tribunal is illegal and without jurisdiction. The Tribunal's judgment or order cannot stand also in view of the fact that it has not come to an independent finding on any material before him. The Company has contravened the provisions of section 33(2)(b) of the Act, inasmuch as they have failed and/or neglected to have the approval of their action in accordance with law. Hence, this application under section 33A of the Act.

The Company in their written statement contends that the application under section 33A of the Act is not maintainable in view of the fact that the Tribunal has given approval to the action of dismissal against the workman in terms of a settlement. They also denied that the compromise or the settlement is illegal, bad in law and not binding on the complaint. They denied also the workman's contention that it was brought about under coercion, duress, intimidation and undue influence.

The Company prayed for hearing of the question of maintainability of the application as a preliminary point first, to which the learned advocate for the workman did not object ultimately. Heard both sides on the preliminary point.

It is an admitted case that the Tribunal has given approval to the action of dismissal taken against the workman by the Company on the basis of a joint petition of compromise. It is found from the joint petition of compromise that the workman accepted the termination of his service as lawful and binding on receipt of Rs. 3,568.96p. The Tribunal approved the action of dismissal on a consideration of the said petition of compromise, after making the same as annexure to the order. So, the petition of compromise and the order of the Tribunal passed thereon go to show that section 33 was not violated. The learned representative of the Company referred me to a case law reported in 1955(II)LA Tribunal, p-428, in support of his contention that this application is not maintainable. It is laid down in that case that an application under section 33A of the Act is maintainable only in cases where express permission in writing of the Tribunal is not obtained and that section 33A comes into operation when something is done which is prohibited under section 33 and when no necessary permission in writing is obtained. Thereafter, it states that where such permission was granted pursuant to a compromise between the parties it could not be challenged by an application under section 33A of the Act on the ground that the applicants were not properly represented in the proceeding under section 33 and hence the order granting permission is not binding on them. The award in which the permission is given and which was based on an agreement could have been challenged in proper proceedings by way of appeal or revision. The fact that the permission was actually given with regard to the application must be held to be sufficient to take the case out of the operation of section 33A. If there was any defect for want of any compliance with any rule, procedure or matter of representation, that ground must be raised in proper proceeding under section 33. The order passed under section 33 is a binding order as between the parties concerned and the Tribunal dealing with an application under section 33A cannot sit on appeal on an authority or order of a Tribunal made under section 33. The Tribunal passing the order under section 33 might in an appropriate case reconsider that order if it has an authority to reconsider the matter in review, which power this Tribunal does not possess, or in any case that order could be challenged by an appeal. But so long as there is an order permitting the employer to act under it a complaint or a petition under section 33A in respect of such permission must be held to be incompetent. Last of all, it has been laid down that even a bad and invalid order would become final between the parties and bind them if it is not set aside in appropriate proceedings.

Therefore, the complainant-workman cannot avoid the compromise order collaterally in this proceeding by saying that the compromise was obtained by undue influence, coercion, duress, etc. and that the order under section 33(2)(b) is invalid and not binding on that ground.

It cannot also be avoided by saying that it was not a proper order under section 33(2)(b) of the Act because the Tribunal did not address itself to the questions as to the propriety of the domestic enquiry etc. before granting approval to the action of dismissal.

The learned advocate for the workman referred me to case laws and also to the definition of 'award' as given in the Act in support of his contention that this compromise order was not a proper order

under the provision of section 33(2)(b) of the Act. It should at once be noted that an order under section 33(2)(b) bears no analogy with an award as defined in clause (b) of section 2 of the Act. It is not an industrial dispute which is the subject matter of an application under section 33(2)(b) or even any question relating thereto. Neither can it be said that the order was an improper order because the Tribunal did not address itself to the questions, namely, the propriety or fairness of the domestic enquiry, perversity or otherwise of the findings, the compliance with the proviso of the said clause of the said section. The Tribunal was absolved from the duty of addressing itself to these questions by the compromise petition because therein the workman himself accepted the termination of service as lawful and binding on receipt of a certain payment as stated before. The acceptance of the termination of service as lawful and binding only means that the workman himself admitted that there was no impropriety in the domestic enquiry, no perversity in the findings made and that there was due compliance with the proviso to the said clause. The case law reported in AIR 1970 (SC), p.795, does not help the workman because that was a case where the court was required to be satisfied before passing the decree even on compromise that the tenant without obtaining consent of the landlord in writing in violation of the terms of the lease sublet the premises. The other case reported in AIR 1960, Bombay, p.29, a case dealing with industrial dispute, does not also help the workman because that was a case relating to passing of an award. An award means an adjudication of an industrial dispute or of any question relating thereto, be it interim or final. As already said before, the order under section 33(2)(b) of the Act bears no analogy with an award. So, also the case reported in AIR 1961, Madras, p.213.

In view of the above, I am constrained to come to the conclusion that the application or complaint under section 33A is indeed not maintainable, as rightly contended by the Company, because section 33 of the Act was admittedly not violated, the employer having taken permission of this Tribunal of the action of dismissal taken against the opposite party workman on compromise, the workman admitting the lawful character and binding nature of the termination order and therefore also of the propriety of the enquiry, correctness and absence of perversity of the findings and complaince of the proviso, dispensing thereby with the necessity for the Tribunal to come to an independent finding as to the same and also because the compromise cannot be collaterally challenged as having been obtained by undue influence, duress etc.

I find, therefore, this application or complaint to be not at all maintainable. The application or complaint is disposed of accordingly. The finding on this preliminary point disposes of the complaint.

This is my award.

No. 10224-J.—3rd December 1975.—In exercise of the power conferred by sub-section (1), in particular, by clause (bb) of sub-section (2) of section 84 of the Bengal Wakf Act, 1934 (Ben. Act XIII of 1934), the Governor is pleased hereby to make the following rules regarding the procedure referred to in sub-section (5) of section 53A of the said Act to be followed in enquiries under sub-section (1) of section 53A thereof namely:

RULES

Rules under clause (bb) of sub-section (2) of section 84 of the Bengal Wakf Act, 1934, regarding the procedure to be followed in enquiries under sub-section (1) of section 53A of the said Act

1. In these rules, unless there is anything repugnant in the subject or context,—

(a) "the Act" means the Bengal Wakf Act, 1934 (Ben. Act XIII of 1934);

(b) "the Board" means the Board of Wakfs constituted under the Act;

(c) "enquiry" means an enquiry which the Board may make under sub-section (1) of section 53A of the Act;

(d) "transfer" means the transfer in respect of which the Board may make an enquiry under sub-section (1) of section 53A of the Act; and

(e) "transferor" and "transferee" mean the transferor and transferee, respectively, in respect of the transfer referred to in sub-clause (d) above.

2. Where it appears to the Board that there are prima facie reasons for believing that the transfer was not bona fide, the Board shall record a formal order to that effect.

3. Thereafter the Board shall cause to be served on the transferor and the transferee and also on such other party or parties as may be found, in the opinion of the Board, to be interested in or affected by the transfer, a copy of such order referred to in rule 2 together with a notice requiring them to produce either in person or through a pleader necessary documents and other evidence for proving whether or not the transfer was bona fide, and shall specify in such notice the date, time and place for the production of such documents and other evidence for hearing of the case.

4. Upon hearing the transferor, the transferee and the other party or parties, if any, or their respective pleaders, referred to in rule (3), as appear at the hearing of the case, and after considering such documents as may be produced and the evidence adduced, if any, and after making such enquiry, if any, as the Board thinks fit, the Board shall make an appropriate order. If the transferor or the transferee or the other party or parties, or their respective pleaders, referred to in rule (3), do not appear on sufficient grounds to the satisfaction of the Board on the date and at the time and place fixed in the notice under rule (3) for the production of the documents and evidence and for the hearing of the case on any subsequent date to which the hearing may be adjourned, the Board shall be entitled to proceed to hear the case without allowing further adjournment and to make such order ex parte against the defaulting transferor, transferee or the other party or parties, as the case may be.

By order of the Governor,

D. C. CHAKRAVORTI, Secy.

Requisition

NOTIFICATION

No. 27964-Reqn.(D.I)/DI-2A-5/75.—15th November 1975.—Whereas the properties specified in the schedule below were requisitioned under section 29 of the Defence of India Act, 1962 (51 of 1962), by an officer of the State Government on behalf of the Central Government;

And whereas the Defence of India Act, 1962 (51 of 1962), ceased to operate with effect from 10th July 1968;

And whereas the said properties continued under requisition immediately before the 10th July 1968 and, as such, by virtue of the provision of sub-section (1) of section 25 of the Requisitioning and Acquisition of Immovable Property Act, 1952 (30 of 1952), were deemed to have been requisitioned as from that date under section 3 of the said Act;

And whereas the said properties were released from requisition after the 10th July 1968 under section 6 of the Requisitioning and Acquisition of Immovable Property Act, 1952 (30 of 1952);

And whereas no agreement fixing the amount of compensation payable for such requisition can be reached;

And whereas Shri D. P. De, W.B.H.J.S., was appointed Arbitrator for determination of such compensation;

And whereas the said Arbitrator by an order dated the 27th July 1967 in Arbitration Case No. 69/67(V) upheld the offer made by the Land Acquisition Collector, Calcutta, for payment of the compensation of the said properties at the rate as assessed by him;

And whereas the owner of the said properties filed an application in the High Court under article 227 of the Constitution praying for setting aside the said order of the Arbitrator;

And whereas the High Court by an order dated the 26th March 1968 in Civil Rule No. 3941/67 set aside the said order of the Arbitrator and sent back the case to the Arbitrator for proper assessment of compensation payable to the petitioner in accordance with law in the light of observations made in the judgment delivered in the said Civil Rule;

And whereas Shri D. P. De has ceased to function as an Arbitrator on account of his transfer;

Now, therefore, in exercise of the power conferred by clause (b) of sub-section (1) of section 8 of the Requisitioning and Acquisition of Immovable Property Act, 1952 (30 of 1952), read with section 25 of the said Act and with the Government of India, Ministry of Works, Housing and Supply notification No. 1608-EII/53(S.R.O. 904), dated the 9th May 1953, the Governor is pleased hereby to appoint Shri B. K. Sengupta of W.B.H.J.S., who is qualified for appointment as a Judge of a High Court, an Arbitrator for determining the amount of compensation payable in respect of such requisition of the said properties and the person or persons who are entitled to the compensation, and if the Arbitrator finds that more persons than one are entitled to such compensation, also for appointment of such compensation.

PART IC—Awards by Industrial Tribunal and Consumer Price Index

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDERS

No. 1469-IR|IR|11L-514|73.—12th April 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 6823-IR|IR|11L-514|73, dated 19th October 1973, the industrial dispute between Messrs Hooghly Spray Painting Works, 117 Dharmatalla Street, Calcutta-13, and their workmen represented by Calcutta Byawasayee Karmachari Union, 13 Amratalla Lane, Calcutta-1 (Regd. No. 9211), regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Insdustrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs Hooghly Spray Painting Works, 117 Dharmatalla Street, Calcutta-13, and their workmen represented by the Calcutta Byawasayee Karmachari Union, 13 Amratalla Lane, Calcutta-1, as referred to this Tribunal under Government Order No. 6823-IR, IR/11L-514 73. dated 19th October 1973 (Case No. VIII-261/73)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

Shri S. K. MITRA, Judge, Third Industrial Tribunal

AWARD

The Labour Department, Government of West Bengal, referred an Industrial dispute existing between Messrs Hooghly Spray Painting Works, 117 Dharmatalla Street, Calcutta-13, and their workmen represented by the Calcutta Byawasayee Karmachari Union, 13 Amratalla Lane, Calcutta-1, to this Tribunal by its order No. 6823-IR, dated 19th October 1973, for adjudication upon the matter under section 10 read with section 2A of the Industrial Disputes Act on the following issue:

Issue

Whether refusal of employment to Shri Hasim from 7th October 1971 is justified? To what relitf, if any, is tht above workman entitled?

This is a reference daated 19th October 1973 under section 10 with section 2A of the Industrial Dispute Act of an existing industrial dispute between one Messrs Hooghly Spray Painting Works and their workmen represented by the Calcutta Byawasayee Karmachari Union. The reference relates to the issue as to whether refusal of employment to Shri Hasim from 7th October 1971 is justified.

The reference was received in this office on 28th November 1973. Notice on the Company came back with the postal endorsement "refused and left". Therefore there was a presumption of due service of

the notice. Notice upon the Union was sent by post but the acknowledgement did not came back. So, the Labour Department was asked to supply the current address of the Union. In the meantime, the Union appeared. So also the proprietor of the Company. Shri S. K. Majumdar was appointed advocate on behalf of the Company. Both parties filed written statements, but no lists of documents. A joint petition of compromise was ultimately filed.

Heard both sides and perused the terms of compromise. The petition of compromise is signed on behalf of the Union by Shri G. S. Sharma, General Secretary of the Union as well as by the workman himself. From the side of the Company the petition was signed by the proprietor himself as well as by his advocate. So, there is no doubt that it is a genuine petition of compromise. The terms are also found to be lawful, just, fair, reasonable and proper. I find, therefore, nothing which can stand in the way of accepting this compromise and passing as award on the basis thereof as prayed for. So, accepting the terms of compromise I pass an award in terms thereof. Let the same be made Annexure A to the award.

This is my award and this disposes of the reference.

Dictated and corrected by me.

S. K. MITRA,
Judge.

The humble joint petition of compromise of both the parties abovenamed

Most Respectfully Sheweth:

1. That the above matter is pending before Your Honour for adjudication.

2. That both the parties have come to an amicable settlement of the dispute in the following terms:

(a) That the Company agrees to pay a sum of Rs. 475 (Rupees four hundred and seventy-five only) to Shri Hasim in full and final settlement of all his claims including the claim of reinstatement.

(b) That Shri Hasim accepts the same and he will have no other further claim against the Company of whatever nature.

(c) That the above payment of Rs. 475 will be made by the Company on 24th March 1975 before the learned Third Industrial Tribunal, West Bengal, at New Secretariat Buildings, Calcutta.

(d) That this settles the dispute fully and finally.

In the circumstances it is humbly prayed that Your Honour may be graciously pleased to pass an award in terms of the settlement.

And for this act of kindness, your petitioner, as in duty bound, shall ever pray.

No. 1499-IR|IR|11L-155|75.—18th April 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 1368-IR|IR|11L-123|71, dated the 1st April 1971, the industrial dispute between Messrs Calcutta General Stores, 137 Canning Street, Calcutta-1, and their workman Shri Chandreswar Mandal, represented by Commercial Employees' Union (Calcutta), 12A Netaji Subhas Road, Calcutta-1, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs Calcutta General Stores, 137 Canning Street, Calcutta-1, and their workman Shri Chandreswar Mandal represented by Commercial Employees' Union (Calcutta), 12A Netaji Subhas Road, Calcutta-1, referred under Government Order No. 1368-IR/IR/11L-123/71, dated 1st April 1971 (Case No. VIII-C-60/71).

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

Shri S. S. PANDEY, Judge

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs Calcutta General Stores, 137 Canning Street, Calcutta-1, and their workman Shri Chandreswar Mondal, represented by Commercial Employees' Union (Calcutta), 12A Netaji Subhas Road, Calcutta-1, to this Court by its order No. 1368-IR|IR|11L-123|71, dated 1st April 1971, under section 10 read with section 2A of the Industrial Disputes Act, 1947, for adjudication on the following issue:

Issue

Whether the termination of service of Shri Chandreswar Mandal by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

On receiving the reference from the Labour Department, Government of West Bengal, notices were sent on the parties directing them to appear on 27th May 1971. Notices were served on the parties and the parties appeared on 27th May 1971. The workman filed written statement on 9th November 1971 and the Company filed its written statement on 24th March 1972. Thereafter by order dated 11th August 1972 the case was stayed till the decision in an appeal pending before the Hon'ble High Court. On 11th September 1974 the record was again put up and notices were sent on the parties directing them to file list of documents on 11th October 1974. Notices were served on the parties but they did not appear and by order dated 16th January 1975 the case was adjourned to 5th February 1975 for orders. On 5th February 1975 the parties were again absent and therefore the case was adjourned to 26th February 1975 for hearing. On 26th February 1975 the parties were absent and the case was adjourned to 7th March 1975 for hearing. On 7th March 1975 the parties were again absent and therefore the case was adjourned to 21st March 1975 for hearing. On 21st March 1975 the parties are again found absent.

The foregoing discussion shows that both parties, without sufficient cause being shown by them, have remained absent on several dates and, therefore, I hold that the industrial dispute under reference is no longer in existence.

This is my award.

No. 1512-IR|IR|7L-45(A)|70.—19th April 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 1272-IR/IR/7L-45(A)|70, dated the 25th March 1971, the industrial dispute between Messrs The Empire Jute Mills Company Ltd., 3 Netaji Subhas Road, Calcutta, and their workman Shri Uma Sankar Dangaich, 95 Lower Chitpur Road, 1st Floor, Calcutta-7, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudicatioin to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Dispute Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs The Empire Jute Mills Company Ltd., 3 Netaji Subhas Road, Calcutta-1, and their workman Shri Uma Sankar Dangaich, 95 Lower Chitpur Road, 1st Floor, Calcutta-7 (Case No. VIII-C-45/71).

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

Shri A. CHATTERJEE, Judge

AWARD

By the Government of West Bengal, Labour Department, order No. 1272-IR|IR|7L-45(A)|70, dated the 25th March 1971, an industrial dispute existing between Messrs The Empire Jute Mills Company Ltd., 3 Netaji Subhas Road, Cacutta-1, and their

workman Shri Uma Sankar Dangaich, 95 Lower Chitpur Road, 1st Floor, Calcutta-7, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication in respect of the following issue:

Issue

Whether the termination of service of Shri Uma Sankar Dangaich is justified? To what relief, if any, is he entitled?

Pursuance to service of notices, both parties appeared and filed their respective written statements. Thereafter hearing date was fixed for adjudication. On the application dated 18th December 1974 filed by the Company, 10th January 1975 was fixed for effecting compromise and the date was extended to this day, i.e. 3rd April 1975.

Today a joint petition of compromise is filed by the parties signed by the workman Uma Sankar Dangaich and the Secretary of the Company Badri Nath Gosain. Examined both of them and it appears that the terms and conditions of the settlement are just and legal. They may be recorded. A compromise award is passed in terms of the settlement making the petition of compromise a part of the award. This disposes of the order of reference.

AWARD

The Government of West Bengal, Labour Department, by order No. 7076-IR|IR|7L-36|72, dated the 28th November 1972, referred an industrial dispute between Messrs Ganesh Trading Co., represented by Raiganj Merchants' Association, P.O. Raiganj, district West Dinajpur, and their workmen represented by West Dinajpur Jute Baling & Processing Workers' Union, P.O. Raiganj, district West Dinajpur, under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below:

Issue

Is the refusal of employment to Shri Sahadev Jadav, Sardar, justified? To what relief, if any, is he entitled?

On receipt of the reference, usual notices were issued to the parties. The Union made its appearance and filed written statement in triplicate. The notice on the Company came back undelivered with the postal endorsement "Not known, return to the sender". The Tribunal next issued a notice on the Raiganj Merchants' Association, Raiganj, West Dinajpur which, as stated in the order of reference, represented the Company. The said Association appeared before the Tribunal and submitted that Messrs Ganesh Trading Co. ceased to be a member of their Association and, as such, they have nothing to say in respect of Messrs Ganesh Trading Co. The Tribunal then wrote to the Labour Department, West Bengal, for the correct address of the Company which in its turn asked the Labour Commissioner, West Bengal, to furnish the correct address to the Tribunal, by letter No. 1935-IR, dated 24th February 1973, and a copy thereof was sent to the Tribunal for information. The Labour Commissioner failed to furnish the Tribunal with the correct address of the Company in spite of subsequent reminders, and in this process awaiting reply from the Labour Commissioner over six months' time was spent, but to no use. As a last measure, the Tribunal asked the Union for correct address of the Company. The Union submitted two addresses of the Company, and fresh notices were issued at the said addresses. That attempt also proved abortive as the notices sent under registered post came back with the postal endorsements "Abolished" and "Not known". In the circumstances the Union was again asked to furnish correct address, but in spite of several opportunities given to it, the Union has not furnished any further address, but has absented itself without taking any steps or showing any cause. In the circumstances it is of no use to drag the reference further uselessly. Without service of notice on all concerned parties the Tribunal cannot sit on adjudicating the issues of dispute under the reference. Having failed to obtain the correct address of the Company in spite of best efforts, there is no other alternative before the Tribunal but to reject the reference.

In the circumstances stated above, I dispose of the reference by rejecting the same.

No. 1766-IR|IR|11L-10|67(Pt.).—8th May 1975.—Whereas under the Government of West Bengal, Labour Department, order No. 1681-IR|IR|11L-10|67, dated the 25th April 1967, the industrial dispute between Messrs Britannia Biscuit Co. Ltd., 15 Taratalla Road, Calcutta-53 and their workmen regarding the issues mentioned in the said order was referred to the Third Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Pratap Chandra Bose, 1 Sahapur Refugee Camp, Calcutta-53, workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had discharged the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of Industrial Disputes Act filed by Shri Pratap Chandra Bose against his employer Messrs Britannia Biscuit Co. Ltd. in connection with Government order No. 1681-IR|IR|11L-10|76, dated 25th April 1967 (Case No. 7 of 1974)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. MITRA, Judge, Third Industrial Tribunal

Appearance:

For the Company: Shri D. Bosethakur, Legal Adviser of Messrs Bengal Chamber of Commerce and Industry.

For the workman: Shri P. Dasgupta, Advocate.

AWARD

This is an application or complaint under section 33A of the Industrial Disputes Act, filed by the workman Shri Pratap Chandra Bose, Ticket No. 404, 1 Sahapur Refugee Camp, Calcutta-53, against Messrs Britannia Biscuit Co. Ltd., 15 Taratalla Road, Calcutta-53, during the pendency of a reference before this Tribunal under Government order No. 1681-IR, dated 25th April 1967.

The workman says that the Opposite Party-Company has contravened the provision of section 33 of the Industrial Disputes Act. There was an application under section 33(2)(b) of the Act for according approval to the action of dismissal taken against him by the Management for committing a certain act of alleged misconduct. That case ended in a compromise into which the petitioner had to enter under coercion, duress, intimidation and undue influence, as he was in a most helpless situation. The said compromise was, therefore, illegal, bad in law and not binding on the petitioner. The Tribunal, however, accorded approval to the action of dismissal on the basis of the said illegal compromise. So, the said order of the Tribunal is illegal and without jurisdiction. The Tribunal's judgement or order cannot stand also in view of the fact that it has not come to an independent finding on any material before him. The Company has contravened the provisions of section 33(2)(b) of the Act, inasmuch as they have failed and/or neglected to have the approval of their action in accordance with law. Hence this application under section 33A of the Act.

The Company in their written statement contends that the application under section 33A of the Act is not maintainable in view of the fact that the Tribunal has given approval to the action of dismissal against the workman in terms of a settlement. They also denied that the compromise or the settlement is illegal, bad in law and not binding on the complainant. They denied also the workman's contention that it was brought about under coercion, duress, intimidation and undue influence.

The Company prayed for hearing of the question of maintainability of the application as a preliminary point first, to which the learned advocate for the workman did not object ultimately. Heard both sides on the preliminary point.

It is an admitted case that the tribunal has given approval to the action of dismissal taken against the workman by the Company on the basis of a joint petition of compromise. It is found from the joint petition of compromise that the workman accepted the termination of his service as lawful and binding on receipt of Rs. 2,465.63 p. The Tribunal approved the action of dismissal on a consideration of the said petition of compromise, after making the same as annexure to the order. So, the petition of compromise and the order of the Tribunal passed thereon go to show that section 33 was not violated. The learned representative of the Company referred me to a case law reported in 1955(II) L A Tribunal, p. 428, in support of his contention that this application is not maintainable. It is laid down in that case that an application under section 33A of the Act is maintainable only in cases where express permission in writing of the Tribunal is not obtained and that section 33A comes into operation when something is done which is prohibited under section 33 and when no necessary permission in writing is obtained. Thereafter, it states that where such permission was granted pursuant to a compromise between the parties it could not be challenged by an application under section 33A of the Act on the ground that the applicants were not properly represented in the proceeding under section 33 and hence the order granting permission is not binding on them. The award in which the permission is given and which was based on an agreement could have been challenged in proper proceedings by way of appeal or revision. The fact that the permission was actually with regard to the application must be held to be sufficient to take the case out of the operation of section 33A. If there was any defect for want of any compliance with any rule, procedure or matter of representation, that ground must be raised in proper proceeding under section 33. The order passed under section 33 is a binding order as between the parties concerned and the Tribunal dealing with an application under section 33A cannot sit on appeal on an authority or order of a Tribunal made under section 33. The Tribunal passing the order under section 33 might in an appropriate case reconsider that order if it has an authority to reconsider the matter in review, which power this Tribunal does not possess or in any case that order could be challenged by an appeal. But so long as there is an order permitting the employer to act under it a complaint or a petition under section 33A in respect of such permission must be held to be incompetent. Last of all, it has been laid down that even a bad and invalid order would become final between the parties and bind them if it is not set aside in appropriate proceedings.

Therefore, the complainant-workman cannot avoid the compromise order collaterally in this proceeding by saying that the compromise was obtained by undue influence, coercion, duress, etc., and that the order under section 33(2)(b) is invalid and not binding on that ground.

It cannot also be avoided by saying that it was not a proper order under section 33(2)(b) of the Act because the Tribunal did not address itself to the questions as to the propriety of the domestic enquiry etc., before granting approval to the action of dismissal.

The learned advocate for the workman referred me to case laws and also to the defination of 'award' as given in the Act in support of his contention that this

compromise order was not a proper order under the provision of section 33(2)(b) of the Act. It should at once be noted that an order under section 33(2)(b) bears no analogy with an award as defined in clause (b) of section 2 of the Act. It is not an industrial dispute which is the subject matter of an application under section 33(2)(b) or even any question relating thereto. Neither can it be said that the order was an improper order because the Tribunal did not address itself to the questions namely, the propriety or fairness of the domestic enquiry, perversity or otherwise of the findings, the compliance with the proviso of the said clause of the said section. The Tribunal was absolved from the duty of addressing itself to these questions by the compromise petition because therein the workman himself accepted the termination of service as lawful and binding on receipt of certain payment as stated before. The acceptance of the termination of service as lawful and binding only means that the workman himself admitted that there was no inmpropriety in the domestic enquiry, no perversity in the findings made and that there was due compliance with the proviso to the said clause. The case law reported in AIR 1970 (SC), p. 795, does not help the workman because that was a case where the court was required to be satisfied before passing the decree even on compromise that the tenant without obtaining consent of the landlord in writing in violation of the terms of the lease sublet the premises. The other case reported in AIR 1960, Bombay, p. 29, a case dealing with industrial dispute, does not also help the workman because that was a case relating to passing of an award. An award means an adjudication of an industrial dispute or of any question relating thereto, be it interim or final. As already said before, the order under section 33(2)(b) of the Act bears no analogy with an award. So also the case reported in AIR 1961, Madras, p. 213.

In view of the above, I am constrained to come to the conclusion that the application or complaint under section 33A is indeed not maintainable, as rightly contended by the Company because section 33 of the Act was admittedly not violated, the employer having taken permission of this Tribunal of the action of dismissal against the opposite party workman on compromise, the workman admitting the lawful character and binding nature of the termination order and therefore also of the propriety of the enquiry, correctneess and absence of perversity of the findings and compliance of the proviso, dispensing thereby with the necessity for the Tribunal to come to an independent finding as to the same and also because the compromise cannot be collaterelly challenged as having been obtained by undue influence, duress etc.

I find, therefore, this application or complaint to be not at all maintainable. The application or complaint is disposed of accordingly. The finding on this preliminary point disposes of the complaint.

This is my award.

SCHEDULE

THIS Agreement made this 31st day of December one thousand nine hundred and seventy-three between the Governor of Bihar of the One Part, the Governor of Haryana of the Second Part, the Governor of Himachal Pradesh of the Third Part, the Governor of Jammu and Kashmir of the Fourth Part, the Governor of Punjab of the Fifth Part, the Governor of Rajasthan of the Sixth Part, the Governor of Uttar Pradesh of the Seventh Part, the Governor of West Bengal of the Eighth Part, the President of India for and on behalf of the Union Territory of Chandigarh of the Ninth Part, the President of India for and on behalf of the Union Territory of Delhi of the Tenth Part.

WHEREAS it is expedient in view of the rapid economic development of the country to encourage the long distance and inter-State transport of goods by road and whereas it is necessary for this purpose to provide for adequate inter-State services for the transport of goods by road and to regulate, co-ordinate and control their operation, it is necessary in the interests of the public in general to enter into special reciprocal agreements between the States of (1) Bihar, (2) Haryana, (3) Himachal Pradesh, (4) Jammu and Kashmir, (5) Punjab, (6) Rajasthan, (7) Uttar Pradesh. (8) West Bengal, (9) Chandigarh and (10) Delhi.

IT IS NOW AGREED BY AND BETWEEN THE ABOVE PARTIES AS FOLLOWS :

I. That this Reciprocal Agreement shall come into force from the 1st January 1974 and shall be valid up to 31st December 1975. It may be renewed for such further period as may be mutually agreed to by all the signatories to this Agreement. For reasons to be given in writing by any of the signatory States, this reciprocal agreement may be revoked on three months' notice. Such revocation shall, however, abridge and modify the operation of this agreement only in so far as it relates to the withdrawing State subject to the condition that permits already issued under this agreement will continue to be valid till the expiry of those permits irrespective of withdrawal by the State or States from this agreement.

II. The total number of vehicles for which composite permits shall be issued shall not exceed 200 for each of the State of Bihar, Haryana, Himachal Pradesh, Jammu and Kashmir, Punjab, Rajasthan, Uttar Pradesh, West Bengal, Chandigarh and Delhi. While the States of Jammu and Kashmir and Himachal Pradesh shall issue 200 Permits, the number of outside vehicles from each State entering Jammu and Kashmir and Himachal Pradesh shall be limited to 100. The composite permits issued by the competent Transport Authority of each signatory State shall be valid on all National and State Highways chosen for operation. A list of the National and State Highways in each signatory State is appended hereto as Annexure VI. The competent Transport Authority shall also issue to each of such permit holders an authorisation in the form annexed to this agreement (Annexure I) and such authorisation shall correspond to the period for which the advance payment has been received provided that the authorisation at one time shall not exceed a period of one year.

It shall, however, be open to any public carriers plying under such authorisation, to deviate from the specified routes to the extent not exceeding 30 kms. on either side of the specified routes.

III. (*i*) Each applicant for a composite permit shall have to choose a minimum of four States, *i.e.*, the Home State and any three other States out of the remaining nine for operation with effect from the date of this Agreement.

(*ii*) If a composite permit holder chooses to exclude a contiguous State for operation through which his vehicle must have to pass to reach any other State chosen for operation within the Scheme, the holder of the permit shall have to pay full taxes to the 'transit State'.

(*iii*) A composite permit holder of a State shall be allowed to operate in any other State, separately covered under a bilateral agreement, but the same vehicle will not be allowed to be used both for the composite permit scheme as also the bilateral agreement scheme in the same State.

(*iv*) An option once exercised by a composite permit holder will not be allowed to be changed before a period of one year.

IV. A public carrier operating under this agreement shall be free to operate without restriction of routes in the Home State whereas while operating in any area outside the Home State such a public carrier shall not pick up or set down goods between any two points lying wholly within the jurisdiction of the reciprocating States, *i.e.*, in such cases vehicles shall be prohibited from carrying any Inter-State business.

V. A public carrier operating under this agreement shall be subject to the following limitations and restrictions :

(1) No vehicle may be authorised under this agreement which—

(a) has an RLW less than 10,000 kgs. in the case of rigid chassis vehicle or a tractor-trailer combination ;

(b) is more than two years old on the date of grant of the authorisation and which is more than 7 years old at any time;

(c) does not carry the prescribed markings and distinguishing particulars and is not painted in the prescribed colour scheme as provided in the Schedule annexed hereto (Annexure V);

(d) is not fitted with a body in conformity with the pattern as specified in the Schedule annexed hereto (Annexure VI).

(2) A public carrier plying under this agreement shall at all times carry a bill of Lading in the form prescribed in the Schedule annexed (Annexure III). Carriage of goods not in conformity with the declaration in the Bill of Lading shall be construed as infringement of the condition of the permit making the permit holder liable under section 60 of the Motor Vehicles Act.

(3) Such vehicles shall conform to and comply with all provisions of the Motor Vehicles Act, as well as the provisions of the Motor Vehicles Rules framed by the Home State subject to such restrictions as may be imposed by the State Governments from time to time under the provisions of the Motor Vehicles Act, 1939.

(3A) A public carrier plying under this agreement shall be allowed to ply his vehicles on all National and State Highways in the signatory States chosen for operation. In particular in the case of vehicles in hilly areas of Himachal Pradesh, Jammu and Kashmir, Uttar Pradesh, West Bengal, etc., the operation will be subject to the load and other restrictions as may be imposed by the State Government concerned for any particular route, area. The (Home) State may make a suitable endorsement on the permit particularly in regard to the hilly State of Himachal Pradesh, Jammu and Kashmir and Uttar Pradesh, etc., as necessary, that the heavier vehicles will not be allowed in the hilly regions of these States.

(4) The certificate of fitness of such a vehicle shall be liable to be suspended or cancelled by the competent authority of the Home State if it is found to be not in conformity with the provisions relating to fittings, colour and body specification as detailed in the schedule annexed hereto (Annexure V).

(5) Such a vehicle shall at all times carry a valid authorisation in the form as detailed in the schedule annexed (Annexure I) hereto granted under this agreement and issued under the signature and seal of the competent Transport Authority of the Home State.

(6) Any authorisation holder plying under this agreement shall file quarterly return in regard to such a vehicle in the form prescribed as detailed in the schedule annexed (Annexure IV) hereto in quintruplicate to the Secretary of the State Transport Authority of the Home State who, in turn, shall furnish copies thereof to the Secretaries, State Transport Authorities of the other signatory States.

(7) Such a vehicle shall at all times carry—

(a) a valid certificate of fitness ;

(b) a certificate of registration ; and

(c) Bill/Bills of Lading covering goods actually carried in the vehicle at the moment.

A vehicle plying under authorisation issued under this special agreement may be stopped and inspected for the purpose of enforcement of the provisions of this agreement by an officer of the rank of Assistant Inspector of Motor Vehicles or Sub-Inspector of Police or any other officer whose rank is mutually agreed upon by the signatory States. Such an Inspecting Officer shall issue a check report in triplicate, one copy of which shall be served on the person in charge of the vehicle, the second copy shall be sent to the competent Transport Authority of the Home State and third copy sent to the competent Transport Authority of the State concerned. The competent Transport Authority of the Home State, on receipt of the copy of the check report, may take such action as he may deem fit.

VI. (1) A composite permit holder plying under authorisation shall be liable to pay as under :—

(a) Motor Vehicles Tax and the Goods Tax obtaining in the Home State.

(b) A sum of Rs. 200 per annum in lieu of taxes mentioned in clause (a) above to Chandigarh Administration in case it is opted for operation and a sum of Rs. 700 per annum in lieu of taxes mentioned in clause (a) above to each of the remaining States of his option other than the Home State :

Provided no such sum of Rs. 700 will be payable by outside vehicles in respect of Delhi, so long as Goods Tax is not levied in the Union Territory of Delhi. This sum shall be paid in advance by a crossed Bank Draft before the 15th of March every year (irrespective of the RLW and PLW of the vehicle). For this purpose, all the signatory States shall make suitable provisions in their taxation laws. Each signatory State shall designate a competent Authority for the purpose of receiving the amount mentioned above on behalf of other States, which shall thereafter be transferred to the respective States. Such competent Authority shall stamp and endorse the authorisation to that effect. Any vehicle plying under such an authorisation in the absence of such a valid endorsement shall be deemed to be plying in contravention of the condition of the permit and shall be liable to suspension and cancellation of the permit under section 60 of the Motor Vehicles Act.

The sum mentioned above will not be inclusive of municipal levies such as Octroi, etc. and composite permit holder will be liable to pay them separately.

(2) Notwithstanding that the amount is required to be paid for the whole year in advance as per sub-clause (1) above, the owner of the vehicle may, at his option, pay it in two equal instalments, the first before the 15th March every year for the period April-September and the second instalment before the 15th September (of the current financial year) for the period October-March and obtain endorsement of having paid this tax from the competent Authority of the Home State in certificate specified in Annexure II.

(3) If the vehicle covered by the authorisation is kept under non-use for a period/periods during the validity of the authorisation no refund of amount paid for that period/periods will be allowed.

(4) If the initial authorisation is granted at any time after the first quarter of the financial year, the tax shall be assessed on pro rata basis for the remaining quarters of the financial year including the quarter in which the authorisation is granted. For this purpose, a quarter shall be taken as a unit and not months and days ; provided that this relief shall not be admissible for subsequent authorisation.

(5) If the vehicle covered by the authorisation is sought to be replaced by another suitable vehicle after prior permission of the authority which originally granted the permit, the registration mark of the replaced vehicles may be noted by the Home State Transport Authority in the authorisation and the tax already paid shall be deemed to have been paid for the replaced vehicle for the period following the date on which the vehicle is replaced.

VII. The competent Authority of the Home State shall receive the amount on behalf of the other State, as the case may be, in the form of crossed Bank Drafts. These Drafts shall be made payable in the name of the designated authority of the State concerned and shall be sent by the Home State to the State concerned as and when received along with a statement showing the details of the vehicle number, Bank Draft number and date and amount, period for which paid, etc.

VIII. (A) For the implementation of this agreement, the State Transport Authority or Regional Transport Authority, as the case may be, of the Home State shall issue composite permits for the inter-State or routes of areas, as the case may be, covered by this reciprocal agreement for any four or more of the signatory States, such a composite permit holder shall have the benefit of rule framed under section 68(2) (hh) read with section 63(1) of the Motor Vehicles Act, 1939, referred to in paragraph below ; and the competent Authority shall furnish copies of these composite permits (Part B only) to other signatory States within 30 days of issue.

(B) Further, all the signatory States shall frame a suitable rule under section 68(2)(hh), read with section 63(1) to provide that the composite permits so granted by any of the signatory States other than the Home State shall be valid without countersignatures in the areas of the Home State and the Secretary of the State Transport Authority or the competent Authority, as the case may be, of the Home State shall issue an authorisation in the form prescribed in the schedule (Annexure I).

(C) Such composite permits shall be valid in all the signatory States other than the Home State on all the National and State Highways of each State as specified in the permit. A list of these Highways is annexed in the schedule hereto. The composite permit shall also be valid on such other National Highways and the State Highways as may be notified from time to time by the Union Government or the State Governments concerned and which are endorsed on the permit.

IX. In this agreement, the term 'Home State' means the State in the territory of which the composite permit under section 56 has been granted and authorisation therefor is issued under this agreement.

X. For the purpose of this agreement, the term 'year' shall be deemed to be a financial year.

XI. For the purpose of this agreement, each of the ten parties hereto shall be deemed to be 'State'.

Abstract of conditions of composite permit

1. This authorises the operation of the vehicle on all the National and State Highways in the signatory State chosen for operation other than the Home State. A list of National and State Highways is annexed hereto. The vehicle shall also be valid on such other National Highways and State Highways as may be notified from time to time by the Union Government or the State Governments concerned and which are endorsed on the permit.

The vehicle shall also be authorised to deviate up to 30 Kms. on either side of the specified routes.

2. While operating in any area outside the Home State such a public carrier shall not pick or set down goods between any two points lying wholly within the jurisdiction of the reciprocating State, i.e., in such cases vehicles shall be prohibited from carrying any intra-State business.

3. The vehicle shall be painted in chocolate colour with broad white borders and a board showing the following inscription in white letters in black background shall be carried prominently above the "Public Carrier" board:

Inscription

Permit under Special Reciprocal Agreement valid in Bihar, Haryana, Himachal Pradesh, Jammu and Kashmir, Punjab, Rajasthan, Uttar Pradesh, West Bengal, Chandigarh and Delhi.
(States not applicable to be cut out)

The vehicle shall be provided with a seat across the full width of the vehicle behind the driver's seat providing for a spare driver to stretch himself and sleep.

4. The vehicle shall at all times carry the Bill/Bills of Lading (in the manner directed by the State Transport Authority, Home State), covering the goods in the vehicle.

5. The vehicle shall conform and comply with all the provisions of the Motor Vehicles Act as well the provisions of the Motor Vehicles Rules framed by the Home State, subject to such restrictions as may be imposed by the State Governments from time to time under the provisions of the Motor Vehicles Act, 1939.

6. The vehicle shall at all times carry the original permit, documents and the authorisation issued under this Agreement.

7. A composite permit-holder plying under such an authorisation shall be liable to pay an annual tax of a sum of Rs. 200 per vehicle to the Chandigarh Administration and Rs. 700 per vehicle to such of the States of Bihar, Haryana, Himachal Pradesh, Jammu and Kashmir, Punjab, Rajasthan, Uttar Pradesh and West Bengal, for which he has opted in addition to the Motor Vehicles Tax and Goods Tax, if any, of the Home State. This will be irrespective of the R. L. W. of the vehicle and shall be paid in advance before the 15th of March every year. No annual tax will be payable by outside vehicles in respect of Delhi.

8. (i) Each applicant for a composite permit shall have to choose a minimum of four States, that is the Home State and any three other States out of the remaining nine, for operation, with effect from the date of this Agreement.

(ii) If a composite permit-holder chooses to exclude a contiguous State for operation through which his vehicle must have to pass to reach any other State chosen for operation within the Scheme, the holder of the permit shall have to pay full taxes to the "transit State" unless otherwise exempted.

(iii) An option once exercised by a composite permit-holder will not be allowed to be changed before a period of one year.

CHAPTER II

General Provision

3. *Conduct of elections.*—(*1*) Elections and all matters relating thereto for which provisions are made in these rules shall be conducted by the Returning Officer, and the Returning Officer may appoint such person or persons to assist him as he may consider necessary.

(*2*) Any person or persons referred to in sub-rule (*1*) shall be entitled to such allowances as the State Government may determine.

4. *Date for preparation of electoral roll.* An electoral roll for election under these rules shall be prepared with reference to a date to be fixed by the State Government in this behalf and shall contain the names of such persons only as are, on that date, eligible for inclusion in the said roll and different dates may be fixed for different electoral rolls.

5. *Fixing of date for election.*—The Returning Officer shall fix a date for holding an election under these rules within such time as may be specified by the State Government.

6. *Fixing of dates for nominations, etc.*—(*1*) The Returning Officer shall fix,—

(*i*) a date on or before which nominations for an election under these rules are to be made;

(*ii*) a further date not later than the seventh day after the first mentioned date, for the scrutiny of nominations; and

(*iii*) a further date not later than the date next following the date fixed for the scrutiny of nominations, on or before which candidature may be withdrawn.

(*2*) The dates so fixed under rule 5 and sub-rule (*1*) shall be announced by the Returning Officer by publication of notices thereof in his office and in the offices of the District Inspector of Schools, Primary Education or Sub-Inspector of Schools or Deputy Assistant Inspector of Schools, where there is such an office in the circle.

7. *Nomination of candidates for election.*—An elector who is not disqualified under section 47 read with section 12 to be elected as a member of the Primary School Council may be nominated as a candidate for election in respect of the electoral body to which he belongs.

8. *Presentation of nomination papers and requirements for a valid nomination.* —(*1*) On or before the date fixed under clause (*a*) of sub-rule (*1*) of rule 6 in respect of an election, a candidate for the election shall deliver or cause to be delivered to the Returning Officer concerned a nomination paper in Form I (*a*) or Form I (*b*), as the case may be, between 11 a.m. and 5 p.m.:

Provided that no nomination paper shall be delivered to the Retruning Officer on a day which is a public holiday.

(*2*) Every nomination paper shall be signed by an elector as a proposer and another elector as a seconder both of whom must belong to the same electoral body to which the person nominated belongs, and shall contain a statement by the person nominated that he is willing to contest the election and that he does not suffer from any of the disqualifications specified in section 12.

(*3*) An elector may sign as a proposer or a seconder only one nomination paper in respect of the election for which he is an elector and if he signs as proposer or seconder more nominations than one, all the nomination papers so signed by him shall be deemed to be invalid.

9. *Scrutiny of nomination papers.*—On the date fixed under clause (*ii*) of sub-rule (*1*) of rule 6 in respect of an election, the Returning Officer concerned shall scrutinise the nomination papers in the presence of the candidates or their authorised agents, if they appear, and publish in his office a list of candidates whose nominations are found to be valid.

The Returning Officer shall not reject any nomination paper on the ground of minor errors or spelling mistakes or any defect which is not of a substantial character. The decision of the Returning Officer as to the validity of a nomination paper shall be final.

10. *Withdrawal of candidature.*—(*1*) Any candidate whose name appears in the list published under rule 9, may withdraw his candidature by a notice in writing in Form II signed by him and delivered to the Returning Officer concerned between 11 a.m. and 5 p.m. on a day within the date fixed under clause (*iii*) of sub-rule (*1*) of rule 6.

(*2*) On the day next following the date for withdrawal of candidature specified in clause (*iii*) of sub-rule (*1*) of rule 6, the Returning Officer concerned shall publish a list of the contesting candidates in alphabetical order, if a poll has to be taken.

CHAPTER IV

Postal Ballot

36. *Persons entitled to vote by post.*—An elector subjected to preventive detention shall be entitled to vote by post.

Explanation.- In these rules "preventive detention" means detention of any person under any law providing for detention without trial.

37. *Electors under Preventive Detention.*—The Returning Officer shall send a copy of the electoral roll to the State Government as soon as it is ready. The State Government shall then ascertain and intimate to the Returning Officer the names of the electors, if any, subjected to preventive detention together with the particulars about their places of detention and their electoral roll numbers.

38. *Issue of ballot paper by post.*—The Returning Officer shall upon receipt of such intimation, send to the elector referred to in rule 36, under certificate of posting, through the Superintendent of the Jail in which he is under detention, a ballot paper in Form III containing the names of the contesting candidates in alphabetical order together with—

(*1*) a declaration in Form III A,

(*2*) a cover in Form III B,

(*3*) a large cover addressed to the Returning Officer in Form III C, and

(*4*) a letter of intimation in Form IV.

39. *Record of postal ballot paper issued.*—The Returning Officer shall—

(*i*) keep a record of each postal ballot paper so issued; and

(*ii*) ensure that an elector to whom a ballot paper is so issued is not allowed to vote at a polling station.

40. *Recording of vote.*—An elector who has received a ballot paper by post and desires to vote shall—

(*i*) record his vote on the ballot paper in accordance with the instructions contained therein and then enclose it in Form III B,

(*ii*) sign the declaration in Form III A in the presence of, and have the signature attested by, the Superintendent of the Jail in which he is under detention.

41. *Re-issue of ballot paper.* -(*1*) When a ballot paper and other papers sent under rule 38 are for any reason returned undelivered, the Returning Officer may re-issue them by post under certificate of posting or deliver them or cause them to be delivered to the elector in such manner as the Returning Officer thinks fit.

(*2*) If an elector has inadvertently dealt with the ballot paper or any of the other papers sent to him under rule 38 in such manner that they cannot conveniently be used, a second set of papers shall be issued to him after he has returned the spoilt papers and satisfied the Returning Officer of the inadvertence.

(*3*) The Returning Officer shall cancel the spoilt papers so returned and keep them in a separate packet after noting thereon the particulars of the election and the serial number of the cancelled ballot papers.

42. *Return of Ballot Paper.*—(*1*) After an elector has recorded his declaration under rule 40, he shall return the ballot paper and the declaration in Form III A to the Returning Officer in the large cover in Form III C, so as to reach the Returning Officer before 10 a.m. on the date fixed for the poll.

(2) If any cover containing a postal ballot paper is received by the Returning Officer after the expiry of the time specified in sub-rule (1), he shall note thereon the date and time of its receipt and shall keep all such covers together in a separate packet.

(3) The Returning Officer shall keep in safe custody until the commencement of the counting of votes all covers containing postal ballot papers received by him.

CHAPTER V

Voting

Part A

[Election by the electoral body constituted of the members of Anchal Panchayats under clause (*d*) of sub-section (2) of section 37/of the commissioners of non-specified municipalities under clause (*e*) of sub-section (2) of section 37/of the members of Zilla Parishads under clause (*f*) of sub-section (2) of section 37/of the teachers of Junior Basic Training Institutions under clause (g) of sub-section (2) of section 37 / of the teachers of Primary schools under clause (*h*) of sub-section (2) of section 37/of the Head teachers of Primary schools under clause (*e*) of sub-section (2) of section 38/of the teachers of secondary schools under clause (*f*) of sub-section (2) of section 38.]

43. *Selection and Notification of Polling Station.*—The Returning Officer shall select polling stations at the district headquarters and at the subdivisional headquarters and where necessary at the Block headquarters of the district and publish in his office and also at the offices of the District Inspectors of Schools, a list showing the polling stations so selected and the polling areas to which they relate:

Provided that in case of elections of the Calcutta Primary School Council under clauses (*e*) and (*f*) of sub-section (2) of section 38, the Returning Officer shall select polling stations at Calcutta and publish in his office and also at the office of the District Inspector of Schools, the list showing the polling stations so selected and the polling areas to which they relate.

44. *Voting by ballot.*—(*1*) When a poll is required to be taken, it shall be by ballot.

(2) For voting by electors under preventive detention, the procedure laid down in rules 36 to 42 in Chapter IV shall apply.

45. *Arrangements at polling station.*—(*1*) The Returning Officer shall provide at the polling station a sufficient number of ballot boxes, copies of the relevant part of the electoral roll, ballot papers and materials necessary for electors to mark the ballot papers.

(2) The Presiding Officer shall display prominently at his Polling Station—

(*i*) a list of contesting candidates, arranged in alphabetical order; and

(*ii*) a notice specifying the polling area the electors of which are entitled to vote at the Polling Station.

46. *Voting to be in person.*—No person other than the elector himself shall be entitled to vote at any election.

47. *Issue of ballot paper.*—After an elector has entered the polling station the Presiding Officer or the polling officer shall ask the name of the elector and locate it in the electoral roll and issue a ballot paper to him after the elector has put his signature against his name in the marked copy of the electoral roll in token of the receipt of the ballot paper. The serial number of the ballot paper so issued shall then be recorded in the marked copy of the electoral roll.

48. *Dispute regarding identity.*—In the case of any dispute regarding the identity of an elector, the Presiding Officer shall hold a summary enquiry on the spot and decide the dispute immediately and the decision of the Presiding Officer shall be final.

49. *Arrangement of ballot boxes.*—A common ballot box for all the contesting candidates shall be placed at the polling station in front of the Presiding Officer and the polling officer and in presence of the candidates if any of them is present, to receive the ballot paper in Form III. There shall be a screened compartment within the polling station so that the elector can secretly mark his vote on the ballot paper. After recording a mark (×) on the ballot paper against the name of the candidate or candidates where more than one candidate are to be elected for whom the elector desires to vote, the elector shall fold the ballot paper and come out of the screened compartment. He shall show the Presiding Officer the latter's signature, affixed on the reverse of the ballot paper, before inserting the folded ballot paper into the ballot box.

50. *Persons not entitled to vote.*—No person whose name is not included in the electoral roll or who is in prison or in the lawful custody of the police shall be entitled to vote:

Provided that nothing in this rule shall apply to a person subjected to preventive detention under any law for the time being in force.

51. *An Elector to have one vote for each candidate.*—An elector shall have as many votes as there are seats to be filled but shall not have the right to record more than one vote in favour of one candidate.

52. *Presiding Officer to sign on the reverse side of Ballot Papers.*—Every ballot paper shall be signed on the reverse by the Presiding Officer at the Polling Station before the same is handed over to an elector. On receipt of the ballot paper, every elector shall, if he desires to vote, record his vote thereon.

53 *Prohibition of canvassing.*—Canvassing on the date of poll within one hundred fifty meters of the polling station shall not be allowed. If the use of a megaphone or a loudspeaker interferes with the work of the polling station, the Presiding Officer shall take steps to stop such use. If any person misconducts himself or fails to obey lawful direction of the Presiding Officer during the poll, that person may be removed from the polling station by the Presiding Officer.

54. *Admission to Polling Station.*—No person other than the following shall have access into the Polling Station, namely:—

(1) Presiding Officer and the polling officer;

(2) all candidates;

(3) one polling agent of each candidate at a time;

(4) public servants on duty in connection with the election;

(5) a child in arm accompanying an elector;

(6) a person accompanying an elector who cannot move without help;

(7) persons authorised by the Subdivisional Officer or the District Magistrate in case of a district and by the Police Commissioner in case of Calcutta; and

(8) such other person as the Presiding Officer may, from time to time, admit for the purpose of identifying electors or otherwise assisting him in taking the poll:

Provided that when a poll is required to be taken under clause (*c*) of sub-section (*2*) of section 38, the provisions under clause (*7*) shall not apply.

55. *Absence of Presiding Officer.*—If the Presiding Officer be absent from the polling station when the poll is to commence, the polling officer shall act as the Presiding Officer and exercise all the powers and perform all the duties of the Presiding Officer in conducting the poll.

56. *Absence of Polling Officer.*—If the polling officer be absent from the polling station, the Presiding Officer shall appoint a person who is not an active supporter or active opponent of any of the candidates, to be a polling officer in his place.

57. *Hours of the Poll.*—The hours of the poll shall be from 10 a.m. to 3 p.m. The Presiding Officer shall allow the ballot box to be inspected by the candidates, and the polling agents, if any present before it is put into use.

58. *Adjournment of poll in emergencies.*—(*1*) If at an election the proceedings at the polling station are interrupted or obstructed by any riot or open violence, or if at an election it is not possible to take the poll at any polling station on account of any natural calamity, or any other sufficient cause, the Presiding Officer shall announce an adjournment of the poll to a date to be notified later on.

(*2*) When the poll is so adjourned by a Presiding Officer, he shall forthwith inform the District Inspector of Schools concerned and the Returning Officer of such adjournment:

Provided that when a poll is required to be taken under clause (*c*) of sub-section (*2*) of section 38, the provisions under sub-rule (*2*) shall not apply.

59. *Appointment of another date for poll.*—Whenever a poll is adjourned under rule 58, the Presiding Officer shall, as soon as possible, with the previous approval of the Returning Officer, appoint a date on which the poll shall re-commence and fix the polling station at which the poll shall be taken and the Returning Officer shall not count the votes cast at such election until such adjourned poll has been completed and the ballot boxes reach him:

Provided that when a poll is required to be taken under clause (*c*) of sub-section (*2*) of section 38 and the poll is adjourned under rule 58, the Returning Officer shall, as soon as possible, appoint a date on which the poll shall re-commence and shall not count votes until the adjourned poll has been completed.

60. *Provisions to apply to fresh poll.*—The provisions of this chapter shall apply to every such fresh poll as they apply to the original poll subject to any direction issued by the State Government in this behalf.

61. *Spoilt and Returned ballot papers.*—(*1*) An elector who has inadvertently dealt with his ballot paper in such manner that it cannot be conveniently used as a ballot paper may on returning it to the Presiding Officer and on satisfying him of the inadvertence, be given another ballot paper and the ballot paper so returned shall be marked "Spoilt; Cancelled" by the Presiding Officer.

(*2*) If an elector after obtaining a ballot paper decides not to use it, he shall return it to the Presiding Officer and the ballot paper so returned shall be marked "Returned; Cancelled" by the Presiding Officer.

(*3*) All ballot papers cancelled under sub-rule (*1*)) and sub-rule (*2*) shall be kept in a separate packet.

62. *Preparation of ballot boxes for poll.*—Every ballot box used at a polling station shall be sealed in such manner that after the box has been closed it is not possible to open it without breaking the seal or seals.

The ballot box shall bear labels, both inside and outside, marked with the names of the polling area and the Polling Station for and at which it is used and also the date of the poll.

63. *Sealing of ballot boxes after poll.*—The Presiding Officer shall, as soon as practicable after the closing of the poll, close the slit of the ballot box and where the box does not contain any mechanical device for closing the slit, he shall seal up the slit and also allow, if so desired by any candidate or his polling agent present, to affix his seal.

64. *Ballot Paper Account.*—The Presiding Officer, shall at the close of the poll, prepare a ballot paper account in Form V and enclose it in a separate cover with the words "Ballot Paper Account" superscribed thereon.

65. *Sealing of other packets.*—(*1*) The Presiding Officer shall then make into separate packets:—

(*a*) the marked copy of the electoral roll;

(*b*) the unused ballot papers;

(*c*) the cancelled ballot papers; and

(*d*) any other papers directed by the State Government or the Returning Officer to be kept in a sealed packet.

(2) Each such packet shall be sealed with the seals of the Presiding Officer and of those of the candidates or their polling agents present who may desire to affix their seals thereon.

66. *Transmission of ballot boxes, etc. to the District Inspector of Schools.*—(*1*) The Presiding Officer shall then deliver or cause to be delivered to the District Inspector of Schools at such places as the Returning Officer may direct—

(*i*) the used and unused ballot boxes;

(*ii*) the ballot paper account;

(*iii*) the sealed packets referred to in rule 65; and

(*iv*) all other papers used at the poll.

(2) The Returning Officer shall make adequate arrangements for the safe transport of all ballot boxes, packets and other papers and for their safe custody until the commencement of counting of votes and shall issue necessary instructions to the District Inspector of Schools for collection of the ballot boxes and the election papers and their transmission to him:

Provided that when a poll is required to be taken under clause (*c*) of sub-section (2) of section 38, the Returning Officer shall make adequate arrangements for the safe custody of—

(*i*) the used and unused ballot boxes,

(*ii*) the ballot paper account,

(*iii*) the sealed packets referred to in rule 65, and

(*iv*) all other papers used at the poll, until the commencement of counting of votes.

67. *Time and Place for counting of votes.*—The Returning Officer shall at least one week before the date fixed for the poll, appoint a place where the counting of votes shall be done and the date and time at which counting shall commence and shall give notice of the same in writing to each candidate or his election agent. He shall also publish the notice in his office.

Part B

[Election by the electoral body constituted of the Councillors of the Calcutta Corporation under clause (*c*) of sub-section (2) of section 38/of the Primary teachers under clause (*d*) of sub-section (2) of section 38/of the Commissioners of the specified municipality under clause (*e*) of sub-section (2) of section 39/of the teachers of Primary schools under clause (*f*) of sub-section (2) of section 39.]

68. *Selection of polling station.*—(*1*) When a poll is required to be taken for the purpose of election under clause (*c*) of sub-section (2) of section 38, the Returning Officer shall select a room or rooms within the premises of the Calcutta Corporation as the Polling Station and publish a notice informing electors about the location of the polling station.

(2) When a poll is required to be taken for the purpose of election under clause (*d*) of sub-section (2) of section 38, the Returning Officer shall select polling stations at Calcutta and publish in his office and also at the office of the District Inspector of Schools, Calcutta, the list showing the polling stations so selected and the polling area to which they relate.

(*3*) When a poll is required to be taken for the purpose of election under clause (*e*) of sub-section (2) of section 39, the Returning Officer shall select a room or rooms within the premises of the specified Municipality as the polling station and publish a notice informing electors about the location of the polling station.

(*4*) When a poll is required to be taken for the purpose of election under clause (*f*) of sub-section (2) of section 39, the Returning Officer shall select the polling stations within the specified municipality and publish in his office and also in the offices of the District Inspector of Schools and of the specified municipality concerned a list showing the polling stations so selected and the polling areas to which they relate.

69. *Method of voting.*—(*1*) Every elector has only one vote at an election irrespective of the number of seats to be filled.

(*2*) An elector in giving his vote—

(*a*) shall place on his ballot paper the figure 1 in the space opposite the name of the candidate for whom he wishes to vote in the first instance; and

(*b*) may, in addition, place on his ballot paper the figure 2, or the figures 2 and 3, or the figures 2, 3 and 4 and so on in the space opposite the names of the other candidates in the order of his preference.

Explanation:—The figures referred to in clauses (*a*) and (*b*) of this sub-rule may be marked in the international form of Indian numerals or in the Roman form or in the form used in any Indian language but shall not be indicated in words.

70. *Arrangement of Ballot Boxes.*—(*1*) A common ballot box for all the contesting candidates shall be placed at the polling station in front of the Presiding Officer and the Polling Officer and in full view of the polling agents of the candidates to receive the ballot paper in Form III. As the voting of two separate elections under each of rule 24 and rule 33 for women and general categories will be taken simultaneously, the elector should be given two ballot papers at a time to record his vote. There shall be a screened compartment within the polling station so that an elector can secretly mark his vote on the ballot paper or papers. After recording his vote as per sub-rule (2) of rule 69, the elector shall fold the ballot paper or papers and come out of the screened compartment. He shall show the Presiding Officer the latter's signature affixed on the reverse of the ballot paper or papers, before inserting the folded ballot paper or papers into the ballot box.

(*2*) The ballot papers for women and general categories shall be of two different colours—the pink for women category and white for general category.

71. *Certain Provisions of Part A of this Chapter to apply to polling under this Part.*—When a poll is required to be taken for the purpose of an election under this Part, all the provisions of Part A of this Chapter except those contained in rules 43, 49 and 51 shall apply.

CHAPTER VI

Part A

Counting of votes and declaration of results

[*Relating to elections under clauses* (*d*), (*e*), (*f*), (*g*) *and* (*h*) *of sub-section* (2) *of section 37, clauses* (*e*) *and* (*f*) *of sub-section* (2) *of section 38*]

72. *Right of candidates and authorised agents to be present at the counting.*—Each candidate or his authorised agent shall have the right to be present at the counting.

73. *Opening of ballot boxes and scrutiny of ballot papers.*—(*1*) On the date and at the time and place referred to in rule 67, the Returning Officer shall open before the contesting candidates, if they are present, the used and sealed ballot boxes and all envelopes containing ballot papers received by post from electors under preventive detention and after scrutiny separate the ballot papers which he considers valid from those he considers invalid.

(*2*) No cover in Form IIIC received by the Returning Officer after the expiry of the time fixed in that behalf shall be opened and no vote contained in such cover shall be counted.

(*3*) The Returning Officer shall count or cause to be counted the valid votes given to each candidate and shall record the total thereof.

74. *Rejection of Ballot Papers.*—(*1*) A ballot paper shall be invalid and shall be rejected if—

(*a*) it is not duly marked;

(*b*) it contains no record of voting;

(*c*) more than one mark is placed on it against any candidate's name;

(*d*) the number of votes recorded thereon exceeds the number of seats to be filled;

(*e*) the mark is so placed as to render it doubtful as to which candidate the vote has been given; or

(*f*) any mark is made by which the elector's identity may afterwards be disclosed:

Provided that when an elector has more than one vote, only the vote concerned but not the whole ballot paper shall be invalid for the defects referred to in clause (*a*), clause (*c*) or clause (*e*).

(2) The decision of Returning Officer as to the validity of a vote or a ballot paper shall be final subject to any decision to the contrary under clause (*ii*) of sub-section (2) of section 91.

(*3*) The Returning Officer shall endorse the ballot paper or the vote, as the case may be, which he considers invalid as "rejected" and note the grounds of rejection thereon.

75. *Declaration of Result of election.*—(*1*) When the counting of votes under this part has been completed, the respective Returning Officer shall forthwith declare the results of the elections. When two or more candidates receive an equal number of votes and they cannot all be declared elected, the final selection shall be made by the Returning Officer by drawing of lots in such manner as he may think fit.

(2) The Returning Officer shall then seal up in separate packets the valid and the invalid ballot papers, as well as the unopened covers rejected on grounds of not being received before the time referred to in sub-rule (*1*) of rule 42 and mark each packet with the description of its content, the name of the electoral body and the date of the election.

76.—*Grant of certificate of election to returned candidate.*—Upon completion of the counting the Returning Officer shall—

(*i*) prepare and certify a return in Form VI or Form VIII, as the case may be, and

(*ii*) permit any candidate to take a copy of or extract from the return.

77. *Report of result of election.*—The Returning Officer shall without delay report the result of the election to the Secretary to the Government of West Bengal in the Education Department or to such other Officer as the State Government may direct.

78. *Transmission of return in Form VI or Form VIII and other papers relating to election.*—The Returning Officer shall after reporting the result of the election under rule 77 forward the return referred to in clause (*i*) of rule 76 and all other papers relating to the election referred to in rules 64, 65 and sub-rule (2) of rule 75 to the Secretary to the Government of West Bengal in the Education Department for custody.

79. *Preservation of papers relating to election.*—(*1*) The papers referred to in rule 78 shall be preserved for a period of two years.

(2) While in the custody of the Secretary to the Government of West Bengal in the Education Department, ballot papers whether counted of rejected, shall not be opened and their contents shall not be inspected or produced for inspection except under the orders of a Tribunal under clause (*ii*) of sub-section (2) of section 91.

Part B

Counting of votes at elections in accordance with the system of proportional representation by means of single transferable vote

[Relating to elections under clauses (*c*) and (*d*) of sub-section (*2*) of section 38 and clauses (*e*) and (*f*) of sub-section (2) of section 39]

80. *Definitions.*—In this part—

(*1*) "Continuing candidate" means any candidate not elected and not excluded from the poll at any given time.

(2) "count" means—(*a*) all the operations involved in the counting of the first preferences recorded for candidates or

(*b*) all the operations involved in the transfer of the surplus of an elected candidate; or (*c*) all the operations involved in the transfer of the total value of votes of an excluded candidate;

(3) "exhausted paper" means a ballot paper on which no further preference is recorded for a continuing candidate, provided that a paper shall also be deemed to have become exhausted whenever—

(*a*) the names of two or more candidates, whether continuing or not, are marked with the same figure and are not in order of preference; or

(*b*) the name of the candidate next in order of preference, whether continuing or not, is marked by a figure not following consecutively after some other figure on the ballot paper or by two or more figures;

(4) "first preference" means the figure 1 set opposite the name of a candidate; "second preference" means the figure 2 set opposite the name of a candidate; "third preference" means the figure 3 set opposite the name of a candidate, and so on;

(5) "original vote", in relation to any candidate, means a vote derived from a ballot paper on which a first preference is recorded, for such candidate;

(6) "surplus" means the number by which the value of the votes, original and transferred, of any candidate exceeds the quota;

(7) "transferred vote", in relation to any candidate, means a vote the value or the part of the value of which is credited to such candidate and which is derived from a ballot paper on which a second or a subsequent preference is recorded for such candidate; and

(8) "unexhausted paper" means a ballot paper on which a further preference is recorded for a continuing candidate.

81. *Opening of ballot boxes, scrutiny of ballot papers and rejection of ballot papers.*—(1) On the date and at the time and place referred to in rule 67, the Returning Officer shall open before the contesting candidates, if they are present, the used and sealed ballot boxes and all envelopes containing ballot papers received by post from electors under preventive detention and separate the ballot papers for women candidates from those of the general candidates. The Returning Officer shall count the votes for women categories first and shall keep the polled ballot papers for general category under safe custody in a manner he thinks fit till the counting of votes for the women category is finished. The votes for the general category candidates should next be taken up for counting.

After scrutiny the Returning Officer shall separate the ballot papers which he considers valid from those he considers invalid.

(2) A ballot paper shall be invalid on which—

(*a*) the figure 1 is not marked; or

(*b*) the figure 1 is set opposite the name of more than one candidate or is so placed as to render it doubtful to which candidate it is intended to apply; or

(*c*) the figure 1 and some other figures are set opposite the name of the same candidate; or

(*d*) there is any mark or writing by which the elector can be identified.

82. *Arrangement of valid ballot papers in parcels.*—After rejecting the ballot papers which are invalid, the Returning Officer shall—

(*a*) arrange the remaining ballot papers in parcels according to the first preference recorded for each candidate;

(*b*) count and record the number of papers in each parcel and the total number; and

(*c*) credit to each candidate the value of the papers in his parcel.

83. *Ascertainment of quota.*—At any election where more than one seat is to be filled, every valid ballot paper shall be deemed to be of the value of 100, and the quota sufficient to secure the return of a candidate at the election shall be determined as follows:—

(*a*) add the values credited to all the candidates under clause (*c*) of rule 82;

(b) divide the total by a number which exceeds by 1 the number of vacancies to be filled, and

(*c*) add 1 to the quotient ignoring the remainder, if any, and the resulting number is the quota.

84. *General instructions.*—In carrying out the provisions of rules 85 to 89, the Returning Officer shall disregard all fractions and ignore all preferences recorded for candidates already elected or excluded from the poll.

85. *Candidates with quota elected.*—If at the end of any count or at the end of the transfer of any parcel or sub-parcel of an excluded candidate the value of ballot papers credited to a candidate is equal to, or greater than, the quota, that candidate shall be declared elected.

86. *Transfer of surplus.*—(*1*) If at the end of any count the value of the ballot papers credited to a candidate is greater than the quota, the surplus shall be transferred, in accordance with the provisions of this rule, to the continuing candidates indicated on the ballot papers of that candidate as being next in order of the elector's preference.

(*2*) If more than one candidate have a surplus, the largest surplus shall be dealt with first and the others in order of magnitude:

Provided that every surplus arising on the first count shall be dealt with before those arising on the second count and so on.

(*3*) Where there are more surpluses than one to distribute and two or more surpluses are equal, regard shall be had to the original votes of each candidate and the candidate for whom most original votes are recorded shall have his surplus first distributed, and if the values of their original votes are equal, the returning officer shall decide by lot which candidate shall have his surplus first distributed.

(*4*) (*a*) If the surplus of any candidate to be transferred arises from original votes only, the Returning Officer shall examine all the papers in the parcel belonging to that candidate, divide the unexhausted papers into sub-parcels according to the next preferences recorded thereon and make a separate sub-parcel of the exhausted papers.

(*b*) He shall ascertain the value of the papers in each sub-parcel and of all the unexhausted papers.

(*c*) If the value of the unexhausted papers is equal to or less than the surplus, he shall transfer all the unexhausted papers at the value at which they were received by the candidate whose surplus is being transferred.

(*d*) If the value of the unexhausted papers is greater than the surplus, he shall transfer the sub-parcels of unexhausted papers and the value at which each paper shall be transferred shall be ascertained by dividing the surplus by the total number of unexhausted papers.

(*5*) If the surplus of any candidate to be transferred arises from transferred as well as original votes, the Returning Officer shall re-examine all the papers in the sub-parcel last transferred to the candidate, divide the unexhausted papers into sub-parcels according to the next preferences recorded thereon, and then deal with the sub-parcels in the same manner as is provided in the case of sub-parcels referred to in sub-rule (*4*).

(*6*) The papers transferred to each candidate shall be added in the form of a sub-parcel to the papers already belonging to such candidate.

(*7*) All papers in the parcel or sub-parcel of an elected candidate not transferred under this rule shall be set apart as finally dealt with.

87. *Exclusion of candidates lowest on the poll.*—(*1*) If after all surpluses have been transferred as hereinbefore provided, the number of candidates elected is less than the required number, the Returning Officer shall exclude from the poll the candidate lowest on the poll and shall distribute his un-exhausted papers among the continuing candidates according to the next

preferences recorded thereon; and any exhausted papers shall be set apart as finally dealt with.

(2) The papers containing original votes of an excluded candidates shall first be transferred, the transfer value of each paper being one hundred.

(3) The papers containing transferred votes of an excluded candidate shall then be transferred in the order of the transfers in which, and at the value at which, he obtained them.

(4) Each of such transfers shall be deemed to be a separate transfer but not a separate count.

(5) If, as a result of the transfer of papers, the value of votes obtained by a candidate is equal to or greater than the quota, the count then proceeding shall be completed but no further papers shall be transferred to him.

(6) The process directed by this rule shall be repeated on the successive exclusions one after another of the candidates lowest on the poll until each vacancy is filled either by the election of a candidate with the quota or as hereinafter provided.

(7) If at any time it becomes necessary to exclude a candidate and two or more candidates have the same value of votes and are the lowest on the poll, regard shall be had to the original votes of each candidate and the candidate for whom fewest original votes are recorded shall be excluded; and if the values of their original votes are equal the candidate with the smallest value at the earliest count at which these candidates had unequal values shall be excluded.

(8) If two or more candidates are lowest on the poll and each has the same value of votes at all counts the Returning Officer shall decide by lot which candidate shall be excluded.

88. **Filling the last vacancies.**—(1) When at the end of any count the number of continuing candidates is reduced to the number of vacancies remaining unfilled, the continuing candidates shall be declared elected.

(2) When at the end of any count only one vacancy remains unfilled and the value of the papers of some one candidate exceeds the total value of the papers of all the other continuing candidates together with any surplus not transferred, that candidate shall be declared elected.

(3) When at the end of any count only one vacancy remains unfilled and there are only two continuing candidates and each of them has the same value of votes and no surplus remains capable of transfer, the Returning Officer shall decide by lot which of them shall be excluded; and after excluding him in the manner aforesaid, declare the other candidate to be elected.

89. **Provision for recounts.**—(1) Any candidate or, in his absence, his election agent or counting agent may, at any time during the counting of the votes, either before the commencement or after the completion of any transfer of votes (whether surplus or otherwise), request the Returning Officer to re-examine and re-count the papers of all or any candidates (not being papers set aside at any previous transfer as finally dealt with), and the Returning Officer shall forthwith re-examine and re-count the same accordingly.

(2) The Returning Officer may in his discretion re-count the votes either once or more than once in any case in which he is not satisfied as to the accuracy of any previous count:

Provided that nothing in this sub-rule shall make it obligatory on the Returning Officer to recount the same votes more than once.

90. **Illustration of the procedure as to the counting of votes under rules 83 to 88.**—An illustration of the procedure as to the counting of votes in accordance with the provisions of rules 83 to 88 is given in the Schedule to these rules.

91. **Declaration of result.**—Upon the completion of counting under this part, the respective Returning Officer shall, subject to the provision of sub-rule (3) of rule 88, declare the results of the elections in Form VII.

92. **Certain provisions of Part A to apply to counting votes under this part.**—For the purpose of counting of votes under this part of this chapter, all the provisions of Part A, except those contained in sub-rule (1) of rule 73, sub-rule (1) of rule 74 and sub-rule (1) of rule 75 shall apply.

Schedule

(*See* rule 90)

(Illustration of the procedure as to the counting of votes at an election on the single transferable vote system when more than one seat is to be filled)

Assume that there are seven members to be elected, sixteen candidates, and one hundred and forty electors.

The valid ballot papers are arranged in separate parcels according to the first preference recorded for each candidate, and the papers in each parcel counted.

Let it be assumed that the result is as follows:

A	..	12
B	..	8
C	..	6
D	..	9
E	..	10
F	..	7
G	..	4
H	..	19
I	..	13
J	..	5
K	..	14
L	..	8
M	..	10
N	..	6
O	..	4
P	..	5
Total	..	140

Each valid ballot paper is deemed to be of the value of one hundred and the values of the votes obtained by the respective candidates are as shown in the first column of the result sheet.

The values of all the papers are added together and the total 14,000 is divided by eight (i.e. the number which exceeds by one the number of vacancies to be filled) and 1,751 (i.e., the quotient 1,750 increased by one) is the number sufficient to secure the return of a member and is called the quota.

The operation may be shown thus:—

Quota = [14000/8] + 1 1,750 + 1 1,751.

The candidate H, the value of whose votes exceeds the quota, is declared elected.

As the value of the papers in H's parcel exceeds the quota, his surplus must be transferred. His surplus is 149, i.e., 1,900 less 1,751.

The surplus arises from original votes, and therefore, the whole of H's papers are divided into sub-parcels according to the next preferences recorded

thereon, a separate parcel of the exhausted papers being also made. Let it be assumed that the result is as follows:

	Papers
B is marked as next available preference on	7
D is marked as next available preference on	4
E is marked as next available preference on	4
F is marked as next available preference on	3
Total of unexhausted papers	18
No. of exhausted papers	1
Total of papers	19

The values of the papers in the sub-parcels are as follows:—

B	700
D	400
E	400
F	300
Total value of unexhausted papers	1,800
Value of exhausted papers	100
Total value ..	1,900

The value of the unexhausted papers is 1,800 and is greater than the surplus. This surplus, is, therefore, transferred as follows:—

All the unexhausted papers are transferred, but at a reduced value, which is ascertained by dividing the surplus by the number of unexhausted papers.

The reduced value of all the papers, when added together, with the addition of any value lost as the result of the neglect of fractions, equals the surplus. In this case the new value of each paper transferred is

$$\frac{\text{149 (the surplus)}}{\text{18 (the number of unexhausted papers)}}$$

the residue of the value of each paper (100—8=92) being required by H for the purpose of constituting his quota, i.e., one exhausted paper value (100) plus the value (1,656) of 18 unexhausted papers.

These values of the sub-parcels transferred are:

B=56 (i.e., seven papers at the value of 8);

D=32 (i.e., four papers at the value of 8);

E=32 (i.e., four papers at the value of 8);

F=24 (i.e., three papers at the value of 8).

These operations can be shown on a transfer sheet as follows:—

Transfer Sheet

Value of surplus (H's) to be transferred	149
Number of papers in H's parcel	19
Value of each paper in parcel	100
Number of unexhausted papers	18
Value of unexhausted papers	1,800

New value of each paper transferred—

$$\frac{\text{Surplus} \quad .. \quad .. \quad .. \quad ..}{\text{Number of unexhausted papers} \quad .. \quad ..} = \frac{149}{18} = 8$$

Names of Candidates marked as the next available preference.	Number of papers to be transferred	Value of sub-parcels to be transferred

D	4	32
E	4	32
F	3	24
Total	18	144
Number of exhausted papers	1	..
Loss of value owing to neglect of fractions ..	..	5
Total	19	149

The values of the sub-parcels are added to the values of the votes already credited to the candidates, B, D, E and F. This operation is shown on the result sheet.

There being no further surplus, the candidate lowest on the poll has now to be excluded. G and O both have 400.

The Returning Officer casts lots and G is chosen to be excluded.

Being original votes, G's papers are transferred at the value of 100 each. A who was marked as next preference on two papers receives 200, while D and E were each next preference on one paper and receiving 100 each. O now being lowest is next excluded and his 400 is similarly transferred to I, B and K, I receiving 200 and B and K 100 each.

This leaves J and P lowest with 500 each and J is chosen by lot for exclusion first. His papers are transferred at the value of 100 each to A, B, D and I, the three first named receiving 100 each, and I who had the next preference on two papers receiving 200. P is then excluded and his papers are transferred to E, L and K, the two first named receiving 100 each, and K, who had the next preference on three papers, receiving 300.

K now exceeds the quota and is declared elected.

Prior to further exclusion, K's surplus of 49 has to be distributed.

The sub-parcel last transferred to K consisted of 3 votes transferred at the value of 100 each. This sub-parcel is examined; there are no exhausted papers and B, F and I are each next preference on one paper and one paper is transferred to each of them at a reduced value determined by dividing the surplus (49) by the number of unexhausted papers (3). B, F and I accordingly receive 16 each.

The process of exclusion is now proceeded with.
C and N have 600 each, and C is chosen by lot for exclusion first. He has 6 original votes; B, D and E are each next preference on two papers, and each receives 200. N is then excluded; A is next preference on 3 of his papers, and receives 300; F, I and L are each next preference on one paper and receive 100 each.

This brings A and I above the quota and they are declared elected. Their surpluses have now to be distributed and I's surplus which is the larger, 65, is dealt with first.

The last sub-parcel transferred to I consisted of one paper transferred at the value of 100, D is next preference on this paper, and receives the whole surplus of 65.

A's surplus of 49 is then dealt with. The last sub-parcel transferred to him consisted of 3 papers transferred at the value of 100 each. B was next preference on two of these papers and E on one, and the papers are transferred accordingly. The value to be transferred is 16 per paper, i.e., the surplus (49), divided by the number of unexhausted (3). B accordingly receives 32 and E 16.

No other candidate having reached the quota, the process of exclusions is proceeded with, and F, who is now lowest with 840, is excluded.

His seven original votes are transferred first. B, D and E are next preference on three, two and two papers, respectively, and receive respectively 300, 200 and 200.

The transferred votes are next transferred in the order of their transfers to F. The 3 votes received at the value of eight each at the distribution of H's surplus are transferred at the same value to L who was next preference on all 3 papers. The vote valued at sixteen received by F at the distribution of K's surplus, goes at the same value to M, who was next preference on that paper. The vote transferred at the value of 100 on the exclusion of N is then transferred at the same value to D, who thus receives a total of 300.

No continuing candidate having yet reached the surplus, M, who is now lowest with 1016 is excluded.

His ten original votes are transferred first. B and D are first preference on three papers each, and E and L on two each. B and D accordingly receive 300 each and E and L 200 each. This brings, B, D and E above the quota, and they are declared elected. The requisite number of candidates having now been elected, the election is at an end and it is unnecessary to proceed to the transfer of M's transferred votes.

Full details are shown in the result sheet.

By order of the Governor,

B N CHATTERJEE,

Jt Secy. to the Govt. of West Bengal

No. 55-Edn(P).—9th January 1976. —In exercise of the power conferred by sub-section (*1*), and in particular, by clause (*b*) of sub-section (2), of section 106 of the West Bengal Primary Education Act, 1973 (The West Bengal Act XLIII of 1973) read with sub-section (*2*) of section 9 of the said Act, the Governor is pleased hereby to make, after previous publication as required under sub-section (*1*) of section 106 of the Act, the following rules, namely:—

Rules

CHAPTER I

Preliminary

1. **Short Title.**—These rules may be called the West Bengal Primary Education (Conduct of Election of the President and the Vice-President of the Board) Rules, 1975

2. **Definitions.**—In these rules, unless the context otherwise requires,—

(*1*) 'The Act' means the West Bengal Primary Education Act, 1973;

(*2*) 'the Board' means the West Bengal Board of Primary Education established under the Act;

(*3*) 'election' means (*i*) an election under sub-section (2) of section 9, (*ii*) an election under sub-section (*1*) of section 11, and (*iii*) an election under sub-section (2) of section 11;

(*4*) 'meeting' means a meeting of the Board for the purpose of an election at which a quorum is present;

(5) 'member' means a member of the Board;

(6) 'President' means the President of the Board;

(7) 'Vice-President' means the Vice-President of the Board;

(8) 'section' means a section of the Act.

CHAPTER II

General Provisions

3. Person to preside over the meeting for the election of the President.—(1) when a meeting is held for the purpose of election of the President under sub-section (2) of section 9, at which a quorum is present, the members whose names have been published in the official Gazette under section 6, shall elect in the manner laid down in rules 4 and 5 one of them to preside over the meeting. The proceedings of the meeting relating to election of the president of the meeting shall be conductd by a person appointed by the State Government for the purpose and the person so appointed shall not be a member:

Provided that at the meeting for the election of the President for the first time, the proceedings of the meeting shall be conducted by the person appointed by the State Government as the President of the Board, if there be any such appointed President under proviso to sub-section (2) of section 9.

Explanation.—Fifty per cent. of the members shall form a quorum.

4. Conduct of election of the president of the meeting.—(1) The name of the president of the meeting shall be duly proposed and seconded and he must not be a candidate for the office of the President.

(2) If only one name is proposed and seconded as president of the meeting, he shall be deemed to be duly elected as such. If more than one member is proposed and seconded, the election shall be held by vote which shall be by a show of hands.

5. Selection by lot.—If the votes of two or more members proposed as president of the meeting are equal, the selection of one of them shall be decided by lot to be arranged by the person appointed under rule 3.

6. The person appointed by the State Government not to vote.—The person appointed by the State Government referred to in rule 3 shall not be entitled to cast any vote for the election of the president of the meeting or to take part in the subsequent proceedings of the meeting relating to the election of the President.

7. Conduct of election of the President of the Board.—(1) Any member present may propose a candidate by name for the office of the President.

(2) No candidate shall be taken into consideration unless it has been seconded by a member other than the proposer.

(3) If there is only one candidate duly proposed and seconded for election, the person presiding over the meeting shall forthwith declare such candidate to be elected.

(4) If there be more than one such candidate for election as President, the president of the meeting shall hand over to each member present a ballot paper in the form annexed hereto in which the names of the contesting candidates who have been duly proposed and seconded shall be entered, and shall ask each member present, in turn, to record his vote, at a table so placed that no other person can overlook him, by placing the mark × in the space provided for the purpose in the ballot paper, opposite the name of the candidate for whom the member intends to vote. But no ballot paper shall be handed over to the member unless he has put his signature on the counterfoil of the ballot paper. The ballot paper will then be detached from the counterfoil for handing over to the member. The member shall not put his signature or any other mark on the ballot paper or its reverse, by which his identity can be disclosed.

(5) Each member after placing the mark × on the ballot paper shall fold the same so as to conceal the vote recorded and then hand over the paper to the president of the meeting.

8. The president has right to vote.—The president of the meeting for election of the President of the Board shall have the right of participating in the election of the President and shall similarly record his vote.

9. Rejection of ballot papers.—The ballot paper shall be invalid if the mark × is placed opposite the name of more than one candidate, or if it is so placed as to render it doubtful to which candidate such mark is intended to apply.

(2) The ballot paper shall be invalid if any member puts his signature or any other mark on the ballot paper or its reverse by which his identity can be disclosed.

10. Duties of the president of the meeting towards declaration of the results of election.—As soon as all the ballot papers have been delivered to the president of the meeting, he shall in the order hereinafter specified—

(*i*) reject any ballot paper on which or reverse of which there is any signature or other mark by which the identity of a member can be disclosed;

(*ii*) reject any ballot paper which is irregularly marked;

(*iii*) count the valid votes; and

(*iv*) declare the candidate to whom the largest number of valid votes has been given to be elected as President.

11. President of the meeting has a casting vote.—In the case of equality of valid votes recorded for the election of the President, the president of the meeting shall have a casting vote.

12. Election of the Vice-President.—(*1*) When a meeting is held for the purpose of election of Vice-President under sub-section (2) of section 9, at which a quorum is present, the President shall preside over the meeting. In the matter of conducting election of the Vice-President, the same procedure prescribed under rules 7, 8, 9, 10 and 11 shall apply *mutatis mutandis*.

(2) In absence of the President, a person who is not a candidate for the office of the Vice-President and is elected by the members from among themselves in accordance with the procedure laid down in rule 4 shall preside over the meeting. The proceedings of the meeting for the purpose of election of the president of the meeting shall be conducted by a person appointed by the State Government who shall not be a member and who shall not cast any vote or take part in subsequent proceedings.

13. Filling up the vacancy of the office of the President.—In the event of occurrence of any vacancy in the office of the President under clause (*a*) of sub-section (*1*) of section 11, the vacancy shall be filled by an election to be held within 30 days from the date of occurrence of the vacancy.

14. Election of new President due to vacancy in the office of the President.—(*1*) In the event of occurrence of any vacancy in the office of the President under clause (*a*) of sub-section (*1*) of section 11, when a meeting is held for the purpose of election of President, the Vice-President shall preside over such a meeting unless he is a candidate for the office of the President.

(2) If the Vice-President is absent or is a candidate for such office, the members shall elect one of them, who is not a candidate for the office of the President in accordance with the procedure laid down in rule 4 to preside over such a meeting. The proceedings of the meeting for the purpose of election of the president of the meeting shall be conducted by a person appointed by the State Government who shall not be a member and who shall not cast any vote or take part in subsequent proceedings.

(*3*) For the purpose of election of the President the same procedure prescribed under rules 7, 8, 9, 10 and 11 shall apply.

15. Filling up of the vacancy of the office of the Vice-President.—In the event of occurrence of any vacancy in the office of the Vice-President, under sub-section (*5*) of section 9 or section 10, or in the event of his death, the vacancy shall be filled by election within 30 days from the date of the occurrence of the vacancy.

16. Election of Vice-President due to vacancy in the office of the Vice-President.—(*1*) When a meeting is held for the purpose of election of Vice-President under the circumstances mentioned in the rule 15, the President shall preside over the meeting.

(2) If the President is absent, the members shall elect one of them who is not a candidate for the office of the Vice-President in accordance with the procedure laid down in rule 4 and such member shall preside over such a meeting. The proceeding of the meeting for the purpose of election of the president of the meeting shall be conducted by a person appointed by the State Government who shall not be a member and who shall not cast any vote or take part in the subsequent proceedings.

(3) For the purpose of election of Vice-President, same procedure prescribed under rules 7, 8, 9, 10 and 11 shall apply *mutatis-mutandis.*

17. Election under sub-section (2) of section 11.—(1) In the event of occurrence of vacancies in the offices of both President and Vice-President, when a meeting is held for the purpose of election of President and/or Vice-President the member appointed by the State Government to perform the duties of the President shall preside over the meeting if he is not a candidate for the office of the President or Vice-President, as the case may be.

(2) If the member so appointed by the State Government to perform the duties of the President, is absent or is a candidate for the office of the President or the Vice-President, the sub-rule (2) of rule 12 shall apply.
